(Common Council met pursuant to adjournment.

Present his Honor Mayor Brackenridge, Clerk Humphrey, Harrington, Kimball, Smith, Sinclair & Scott.

Minutes of Council read & approved.

The following Petition signed by Keith & others was read - viz.

To the Hon. the Mayor & Common Council of the City of Fort Wayne Indiana, Your petitioners humbly represent that the Foot Bridge across the Canal on Calhoun Street in said City, is now in bad repair and that it would be of great advantage to the citizens thereof to have a substantial swing bridge over the same, and your petitioners having subscribed liberally towards the same, ask your honorable body to make an allowance of One Hundred Dollars towards the same. Your petitioners further say that if said Council, make the said appropriation of One Hundred Dollars they will guarantee said bridge shall be built in a good, substantial & workmanlike manner, & equal to any in said City

(Signed) On the presentation of the Petitions it was granted and the Committee on Streets was authorized to draw the same when completed to their satisfaction by the following vote Yeas Buck, Casey, Humphrey, Harrington, Kimball, Beattie Republicans, Sinclair - Yeas (7) Nays (0)

The petition of Keith & others praying for a bridge over the Canal on Calhoun Street was presented & read

To the Hon. the Mayor & Common Council of the City of Fort Wayne

As in your Petitioners would ask to have Market Street graded so as to let the Water run off from Jefferson Street North into Main Street and also from Market Street east on Jefferson Street so as to let the Water run into Webster Street. At the present time the water runs from Griffith's Store back on to Market Street and floods the Property in that vicinity and renders it almost impassable and some places the lots are two feet under water. We would also ask if you have no objection that a Walk across Market Street on West Street be ordered made.

On Motion the above petition was referred to Street Committee

C. W. Smith City Street Commissioner made the following report

To the Honorable Mayor & Common Council of the City of Fort Wayne - The undersigned Street Commr. has the Honor to report, that he entered on his duties upon the 1st day of the present Month since which time he has made it his business to repair & protect the Canal Bridges Sewers, & Streets in the several wards of the City.

The Canal Bridges are in good condition except the two

March 28 1862

[illegible] Bridges which are not repair. N. most one is about being replaced by a swing Bridge just in its place -

The sewers generally are in good condition except the one in Lewis addition which needs extension repairs, & the south end of the Griffith Street Sewer needs some alterations which you will please give me the privilege of making -

I beg leave to call attention to the situation of the planting of Chestnut & Cathcart Streets - hope that you will give me special instructions in regard to the same - As Arbor is needed among the trees in Lewis addition

Signed - C. H. Lindley Sec'y

On Motion the above report was referred to Street Committee -

In relation to planking Bow Street at the East Market as suggested by the Market Master your Committee recommend the planking a strip sixteen feet on Bow eighteen feet wide and the same sixty feet by Wayne over when the Old Market Shed and that the Street Commissioner be authorized to plank the same.

In regard to the petition of Perkins and others in relation to curbstones and walks in front of Lewis Addition on the north side of Lewis Street and on the east side of Lafayette Street that the Clerk be instructed to notify the Abutters on said Streets to have the same.

In relation of C. W. Morgan and others in relation to Grading Alley East of his and Partners premises between Clinton and Penn Streets, your Committee recommend that they have the privilege of draining the water from said alley by digging a small gutter on the north side next to their lines, said gutter shall be so graded that the water flow into Clinton and not into Penn Street.

In regard to the Clerk ... repair the Street in Lewellis Addition your Committee recommend that the Street Commissioner be instructed to make a new Culvert across the street about one Hundred feet north of the Old one to be constructed about six feet wide sufficient to carry the water off, and when the water comes down ... Water the Street from Lewellis Addition that the same be planked to prevent the water from washing the Mud.

On the Petition of Wm. Hood and others to have Main and Jefferson Streets graded so as to drain off the water your Committee recommend that the Street Commissioner be authorized to have Broadway from Jefferson Street to Main Street shed one foot and rode so as to let the water pass off and the gutters on Jefferson Street to be well cleaned out.

Your Committee also report that they have seen and all parties Hanna and the superintendent of the Telegraph Line Wayne & Chicago Road in regard to the crossing on Lewis Street and they agree to take measures immediately to remove those obstructions so that passing may be made safe. Signed by M. Cody, John Bush, & B. H. Kimball. Committee

Letter, and plan, were produced & handed to me. I will enter such as it was intended to operation afs. And further, another year will show a true statement of the effects & Liabilities of the City.

At the present time the Balance sheets only shows the assets of the City to be $8007.63 including Real Estate which is correct as the Books make it appear but is undoubtedly much less than it really should show.

I would further report that when I took the Books, there was a discrepancy in the sums of $194.50 which I had to enter as "suspense afs" in order to make the Books Balance (so as to ask off a Balance sheet) and which error should be looked up and same corrected. Respectfully submitted. L. T. Bonnie Clerk

Common Council met pursuant to adjournment.

Present Hon. Jno. Morris Mayor & Commissioners Bond, Eddy, Humphrey, Harrington, Rudisill, Stotts, Depuy, Brink & Lowry.

Minutes of May 1st & 17 Read and Approved.

The following petition signed by 21 Citizens was presented & read

Your petitioners respectfully represent that the plank side walks of the City are in many places in a dilapidated and dangerous condition that to their knowledge many persons have been injured by the projecting ends of boards or displaced or loose planking and that some of these causes & from the projection of the spikes with which the planks were originally fastened great injury & damage has been and is being done to the dresses of the ladies who are so unfortunate as to be compelled to use these worse than worthless walks. The Ladies therefore appeal to your honor the Mayor for relief knowing that a just city pride & a proper regard for the comfort and convenience of the Citizens will apply an early remedy to an evil so unsightly & so discreditable to our beautiful City.

On Motion above petition received & ordered placed on file.

To the Common Council

The Committee on the Fire Department beg leave to submit the following Report

We with the assistance of the Chief Engineer have made a thorough examination of the Department & taken an Inventory of all the effects pertaining thereto which you will find hereto attached.

The Wide Awake Engine is in ordinary Working order. the Steam Engine in good order and the Old Engine (Sweat) in bad order and of no value except the Hose, Brass & in her. The Hose & Hose Carriage in good order except a lot of Old Leather Hose of no value only the couplings.

We have made a careful examination of all the Cisterns & Wells in the City and find them in good order except one near Howe Connors of no use not service in case of fire & the other located near the Free School House in the West end. Could be made as good as any in the City by repairing & bricking the Water from the School House with a little expense. During our examination we found a Cistern located near the Attleborough Shops which has an ample supply of Water for all purposes in case of fire it needs some repairs which they say will agree to do.

On Examination of the West Market House we find by enlargening the door at north end and Partitioning off the second door, it would make a good location for an engine, the expense of the same will not exceed Sixty dollars, and make a good Engine House.

We find a great deficiency in the supply of Water, Engines, Hose Carriages Hose & Engine Houses for a City of 12000 Inhabitants and would Say we have the smallest Department in that respect of any place even near the size of this City.

We therefore recommend to make the necessary allowances to place our Fire Department in good Condition for the proper protection of our City Property and further recommend the purchase of two Engines Eight Weight (either steam or Hand) Hand preferable owing to the strict adhering to the Fire; also the building of two engine Houses, one to be located south of Wabash Said Road near the Wide Awake Engine in that part of the City. There is a vacant Street, which never has been opened, and which is of no benefit if opened, and is a good location for said Engine House & Engine Wide Awake. The other to be located in the vicinity of the corner of Lafayette & Locust Streets. Also the purchase of two Hose Carriages & sufficient Hose to supply all the engines in case of fire; and further the building of five more Cisterns located as follows, Corner Berry & Oakham Street, corner Madison & Hanover Streets, one in the vicinity of Wabash Shops and two in west end of Town most convenient in case of fire.

We have also examined the last assessment of Real & Personal Property of our City and find over $4,500,000, returned by assessors of which amount nearly one half is Railroad property and the amount expended for the benefit of Fire Department thus far does not exceed $6000, and is

June 16 1902

comparatively a small amount for the protection of so much property. A Fire Bell is much needed in the City and we recommend one to be purchased immediately.

And we would respectfully recommend and advise the Council to levy a special Tax of Two mills on the dollar for the purpose of making our fire Department original & any in the State and a Pride of the City. Respectfully Submitted. Ed Skeen.

Present his Honor the Mayor Councilmen. Cody, Humphrey, Hamilton, Kimball, Smith, Hedekin, Pepenbrink & Foote.

Minutes of June 10, 11 & 14th Read and Approved.

The following petition was presented & read

The undersigned built a sewer drain four years ago from our premises ending at B. H. Towns house on Wayne Street. We ask your honorable body to allow said drain to remain, where it now is, as we have no other means of draining our premises & believing that no land indeed is damaged thereby.

Signed by Jacob Klein, Saml Klein, J. C. Evans, Chas Hamm & other names not readable.

On Motion the petition was referred to Street Committee.

The following remonstrance was presented & read signed by Wm Flemming, Jno M. Wells, Lin R. Vanturn, Chas G. Fruchte & P. McGill

We the owners of Lots Nos 517, 518 & the W/p of 539 in Hamers Addition to the said City, would remonstrate against changing the course of the creek near said property as prayed for by J. J. Anderson and others for the following reasons, We deem it arbitrary, and wrong in the Common Council to make the change contemplated, against the wishes of one half of the property owning most directly interested, when the change as in this case, will be of no general benefit to the City.

We think as citizens and Tax payers that your honors have not the power to make the change contemplated at our expense, unless two-thirds of the property Holders petition you for that purpose, for the reason that the change is local & specific and does not look to a general improvement of the streets, the only case in which a two-thirds vote was ever contemplated. If it is contended that the creek in its present condition is a nuisance, the power you are asked to exercise will build the sewer along the present course of the creek as readily as change the nuisance from where it belongs & place it in front of our property. Lastly we remonstrate against the effort to make your body an instrument of oppression to us, in making us pay to improve the property of others when the same will not be a benefit, but a manifest and serious injury to our property. And if your Honors against this our remonstrance, order said so called improvement to be made, we ask that the damages and benefits resulting therefrom may be appraised, adjusted, and paid before the work commences.

On Motion the above was Laid on the Table.

June 2nd 1862.

The Civil Engineer submitted the following report

To pursuance of an order I was directed by the committee on streets to examine and make a report of the fall necessary to construct a sewer commencing at the intersection of the alley south and west of the Hamilton House running thence north to the center of Berry Street, thence east along the center of said Street to the west line of Harrison St thence turning by a curve to the north line of Berry St thence along the center of Harrison St to the intersection of the stone Culvert which crosses said St diagonally.

After having taken a level of the ground designated in the foregoing order I hereby submit the following report, to wit.

The entire fall between the commencing and terminating points is three feet and three tenths (3/10) feet, from the alley to the West a distance of One Thousand & fifty ft, there is two inches fall from the intersection of the alley & St to the intersection of Harrison St, a distance of two hundred & eighteen ft, there is 4 in fall, and from this to the terminating point there is 2ft & 9/10 fall, a distance of four hundred & fifty three feet. The whole distance being eight hundred and twenty-one feet.

The depth of the Culvert at the terminating point from grade is 5 feet, and as the body of water which must necessarily pass through the proposed sewer is sometimes great. A sewer of at least four feet a diameter would be requisite to receive the water thus allowing only 2 ft from the top of the sewer to the grade, and also to make a drainage from the cellars of those opposite it would be necessary that one ft of filling the bottom of the Culvert at the terminating point will be necessary.

All of which is respectfully submitted. D. Bird C.E. of the W. Ashton

On Motion report received and ordered placed on file.

On Motion the Civil Engineer was ordered to make a survey for sewer from Ann on Washington Street, thence to Harrison St & down Harrison St to Columbia Street.

Your Committee to whom was referred the propriety of purchasing Fire Apparatus generally & would submit the following report & recommend that the Council have a Cistern built immediately in the vicinity of the Wabash Ship Yard & some where near the Engine House to be erected in that locality. That the West Market House be arranged for an engine as heretofore reported & that an Engine House be erected in the street in front of it pursuant of report of Mr Slocum & one in the east end of town corner of Lafayette & Lewis Street. also recommend the purchase of two good Hand Engines & Hose sufficient for the same. The above should be attended to as soon as possible & contracted for. Noted also that we have written in relation to prices of engines but as yet are not ready to report on the same.

The following Petition was presented and read

To the Petitioners the following Fort Wayne & Chicago Rail Way Company respectfully represent. That said Company is the owners in fee of all the property south of, and adjoining Hough Street, between Clay Street and Lafayette Street, in the Lewis addition to Fort Wayne, and that they are about proceeding with the Lot being the entire Block, between said Clay & Lafayette Streets, and between Holman & Hough Streets in said addition, to wit, Lots Nos 286. 287. & 294 now owned by Saml Lewis, Lots Nos. 276. 277. 278. 279. 280. 281. 282. 283. 288. 289. 290. 291. 292 & 293 now owned by John Hough and Lot No 295. 284. 285 now owned by Samuel L Hough, for the purpose of erecting thereon large and extensive Work Shops - That it will be absolutely necessary in order to carry out the plans of said Company that said Block should be connected with their property on the South side of Hough Street, by the vacation of so much of said street as divides said properties, to wit, that part between Clay and Lafayette Streets, and also to vacate the two Alleys now running North & South and the other East and West through said Block - That said Company has obtained the consent of all the present owners of the property immediately adjoining that portion of said Street and Alleys which said company desires vacated, which consent in writing duly acknowledged will be presented upon the hearing of this petition - Your petitioners therefore prays that order may be made vacating so much of Hough Street as lies between Clay & Lafayette Streets and the Alleys running North & South, and East & West through said Block bounded by Clay, Lafayette, Holman & Hough streets in said Addition -

Signed The Pittsburgh, Fort Wayne & Chgo Rail Way Company by W.H. Lewis, Atty

On Motion the petition was referred to the Street Committee

The following Remonstrance was presented & Read

To the Mayor and Common Council of the City of Fort Wayne and to D. G. Gibbons Esq -

Gentlemen,

You are hereby notified that we the undersigned, owners of property on Columbia and Calhoun Streets in said City, near the line of the Sewer you propose to construct on said Streets, Will resist any attempt to assess our said property or any part thereof to pay for the construction of said Sewer or any portion of the cost thereof - Dated June 25/02 - Filed July 16/02.

On Motion the St Commissioner was ordered to proceed according to Law on side walks reported not made by the following vote -
Yeas Beck, Humphrey, Hennighausen, Kinsley, Strodbeger, Nittle, Reifsnider, Messrs Jones (D) Sayre (Dem)

Plan for Engine Houses presented by D. H. McArthur Esq was on Motion referred to Committee on Fire Department

The following report by Messrs Meaner & Strodbeger was respectfully submitted

Your Committee in consideration of the purchase of Fire Engines and procuring Lots for the location of Engine Houses would beg leave to submit the following report.

We have with the assistance of our Chief Engineer made a careful examination of prices and quality of the various Hand Fire Engines of different Manufacture and find a Clap of Engines built by Messrs Button & Blake to be the cheapest and the best adapted to the uses of our city, and can be purchased on the best terms - The Engine is classed as 2d Class No 1 of which the following will be the Costs - to wit -

Engine in Complete order for use	950.00
Folding Leader or runner	100.00
Crane Neck with 5 outlets 2 1/2 Leaders 1 1/8 Inch suction	100.00
Patent air Chamber	100.00
One Span with patent Hooks	100.00
Total	$1350.00

July 22. 1862

Engine of same kind 3d Class No 1 will cost with all the above improvements included $125.00 Dlls.

The above 2d Class No 1 Engines have thrown 282 feet in Michigan City - We think these engines the best adapted for this city with the extras as above stated, which is all that is necessary on a good working Machine -

The terms of payment is very desirable over other Builders and they propose to let us have two of their Engines on the following terms to wit - Payments to be made in One Two & Three Years with Interest from date of acceptance, in N Y City funds, to be in equal payments -

We can also have Hose Cart or Carriage on the same terms and we suppose Hose along -

We have also ascertained on what condition we can procure the Lot on which we desired to locate an engine in the east part of town. We can have Lot No 22 corner of Lafayette & Lewis Streets on the following terms - We can have the same by paying $15.00 for the privilege in city orders as the Lot has been leased to other parties, the terms of the original lease is as follows $1.00 per Year all Taxes to be paid for Seven Years, at the end of seven years the City to choose an appraiser and the owner of the property choose one. The City to be entitled to the purchase of the Lot at the Valuation of the Appraisers -

We therefore would recommend to your honorable body to make a purchase of two Engines as described in the report and also two Hose Carts and 4 Thousand feet Hose with patent couplings & to order the same immediately - Also to have erected two Engine Houses according to plan which may be adopted by the Board, and the building of the Cisterns in accordance with former report by the Committee - We therefore ask your honorable body to take immediate steps so that our Fire Department may be in perfect order before the coming Winter -

The following was presented & Read

We the undersigned owners of Lots on the alley, between Harrison & Webster Streets are informed that your Honorable Body are about to take measures to improve the alley aforesaid at the expense of the owners on the said Alley, and to compel them to pay the costs of the same, which we believe to be unfair and onerous for some of us have but 30 feet front and 150 feet on the alley, and if the said alley is to be improved according to your measures, we are compelled to remonstrate against the mode of improvement as the City Charter prescribes and is construed. We admit that the said alley is a nuisance but that we are not the sole cause, for the City has permitted sundry persons to run sewers from Ewing Street on the west and Clinton Street on the East, by which all manner of filth is run into said alley besides it is the common receptacle of all the surface water of the entire Ward No 3 and a part of No 2 thereby causing great damage to those who live on said alley. We do not wish you to understand that we are opposed to any improvements but are willing liberal contributions for a permanent improvement. you will therefore receive your Humble Petitioners in this behalf, and we will ever pretend - Signed A Schelle, J. Richey, H Holley, A. Ritter, P McGee & others -

Whereas the Salary of L. Rastetter Esq. has been decreased and he refuses to serve for said Salary, Therefore we pray that your Hon Body will increase said pay that we may secure his services as Esq. - Signed N Manning & S. Rodebaugh - (Committee from Mechanicsville No 2)

Motion was made to refer to Committee on Fire Department to make contract with Rastetter -

Mr Hirdlinger made an amendment that he be allowed $12.00 per month and on Motion was carried by the following Vote - Yeas Burk Cody, Kinnaman, Hirdlinger, North, Pepenbrink & Slocum (7) - Nays Humphrey, Warrington & Tower (3) -

August 12 1862.

The following was presented

The undersigned asks to call the attention of the Common Council to the fact that the main street pipe of this Company in Calhoun Street from Berry street to Lewis Street, is laid in the Center of said Calhoun Street as an encroachment by the Common Council. That this is the main and only supply pipe to the Rail Roads, & for all that part of the City south of Main street and west of Calhoun. The Sewer now being built by the City in Calhoun street is to be laid in the center of the street. This cannot be done without removing the main pipe of this Company & thus endanger the supply of Gas impossible and destroying the value of their property of the Company or making a large expenditure necessary to protect or remove it. This Company therefore asks that the location of the Sewer may be changed wherever it may interfere with the main pipe in said street, to the side of the street. This can be done at much less expense than for the City to remove or to pay for the main Pipe of this Company and will preserve all its legal rights and save the community from great inconvenience. Signed A. P. Edgerton President of Gas Light Co.

Mr Dawes offered the following Resolution

Resolved that Building on Lot No 75 East 200 feet Old Plat be declared a nuisance and legal notice of the same be given to the property holder that same must be abated in two weeks from this date.

On Motion the Resolution was adopted by the following vote. Yeas Burbeck, Humphrey, Kinsley, Scott, Pepperman & Dawes (7) Nays (0 none) -

The following was presented

I would respectfully call the attention of you Hon Body to a proposition which I laid before you relative to the performance of the duties of "Civil Engineer" for City - Some time ago - At that time I was not aware of the amount of work the City would require, I merely estimated the Engineers duties as that of the preceding year, you are all aware that it has far exceeded anything in the past - The Sewer now under construction since commencement has occupied all my time, the greater part of which I have given grades for every 10 or 12 feet running to quite Sand, besides this I have given nearly 1000 feet of grades for side Walks & Streets, I have also spent a great number of evenings in making out Estimates for the Sewer & drawing plans &c for City, the remuneration which I receive will not justify me in acting as City Engineer, taking into consideration the depreciation of your orders I have only 5s 06 per day - I know that your Hon Body will not insist on me doing the Engineering of the City for an [illegible] an equitable Compensation - I am willing to refer what my services are worth to your Superintendent, or any Engineer, I would therefore request that Hon Body to increase my salary from the 12th of may last $100, a All of which is respectfully submitted - Jno H. McCathran

On Motion the above was received and referred to Finance Committee -

The following was presented

We the undersigned property owners on the East side of Calhoun Street between Berry & Wayne Streets covenant that the sewer now being constructed shall run on the West side of the center of the said Calhoun Street.

Signed by T. S Bolin & others M. A. Hamilton J. B. Schuckmann & Henry Thorp

On Motion was received and placed on file -

The following Bill was opened and read - Proposal to Build on the side walks that remain unbuilt on Berry Street four feet wide and furnish all material for the same for thirty four cents per foot lineal measured and will do the same according to plans and Specifications - Signed P. From W. H. Erskine, submitting the following Report

To the Mayor and Members of the City Council of the City of Wheeling

In pursuance of a requirement in the Charter of said City, I hereby respectfully submit the following report of the Sewer now completed. The Contractor D. J. Silver has constructed it as follows, to wit: by order of the Committee on Streets and under the direction of the City Engineer, the Contractor commenced said Sewer 8 inches higher than the point designated on plan and continued on a uniform grade parallel to the grade of plan to a point 21 feet 8 inches south of the proposed distance, the Contractor has constructed the Main Sewer according to specifications except some parts of it which was not laid in Cement on account of Water and Quick Sand, the Main Pipe 8 in number are built and covered according to plans, the Second Pipe now constructed as it according to plans, but having proposed in certain places the walls of them, I am changed from 8 inches to 12 inches in thickness

Oct 28. 1862

the grades and crossings were changed from plans at the request of Street Committee in order to save expense and to make the work more secure, the side or gutter drains from said Pits to sewer in place of being constructed of brick, were changed by order of Street Committee to stone Pipes, which makes a better Job, the change in causing no additional expense. the location of Sewer from Berry Street to terminus as your Road Body are already apprised of, has been changed to avoid contact of Main Gas Pipe, in center of said Street, I would also further report that the Splanking of the Street over the Sewer has not been done, on account of some arrangement of Gas or Steets, I would further report to the Hon Body, that there is some loose sand and dirt, settled in the bottom of the Sewer, at the head of Baltimore and Columbia Streets which should be removed before the Sewer will work well, all of which report may be more minutely explained by your superintendant

On Motion the above Report was refered to the Street Committee -

On Motion the Committee on Markets were instructed to procure Glass for Western Market House and have the same properly put in where needed -

Common Council met pursuant to call of the Mayor.

Present his Honor and Councilmen Burt Cooley, Humphrey, Harrington, Kimball, Neidlinger Heath, Superintendent, Stevens & Tower.

The Street Committee to whom was referred the final Estimate of the Sewer reported the same as accepted as per report of the Civil Engineer.

On Motion the report of the Committee was concurred in by the following vote Yeas Burt, Cooley, Humphrey, Harrington, Kimball, Neidlinger, Heath, Superintendent, Stevens, Tower (6) Nays 0 (None).

The Special Committee to whom the Taping of the Sewer on Calhoun Street have had the same under consideration & have charged Mr Smith fifty Dollars for taping the Sewer & charged Adams, Wayne for sewer all respectfully submitted. Signed B Cooley, J Neidlinger & E. Superintendent Comt.

On Motion the report of the Committee was not concurred in.

The following Resolution was presented

Resolved that Mr Wayne be allowed to tap the sewer on Calhoun Street by paying the City Treasurer annually 6 per Cent & one half of what the Sewer would cost opposite the Land of said Wayne being one Dollar and Ninety two cts per foot, he being credited Twenty two feet which he has built on said Sewer.

On Motion the above Resolution was adopted.

Resolved that Mr Smith be allowed to tap the Sewer on Calhoun Street by paying the City Treasurer Ten Dollars per annum until the Sewer is extended up said Street.

On Motion the Resolution was adopted.

The following Preamble & Resolution was offered

Whereas the City Engineer having heretofore reported that D and J. Selzer the Contractor for a sewer with its appendages in Columbia and Calhoun Streets has completed the same and said Engineer having also reported his final estimate of the cost of said Sewer and the length thereof, which report and final estimate has been accepted and approved by the Mayor & Common Council.

Therefore Resolved, that said Engineer assess the costs of said work per Rate per front foot on all the Lots parts of Lots & parcels of ground on each side of said Streets fronting upon said Sewer according to the provisions of the City Charter.

Dec 12 1865

On motion the following Resolution was adopted by the following Yeas. Mess. Beck, Cady, Klingsbury, Harrington, Kimball, Spalding & Mott. Nays-none. Absent Mess. Stevens & Tomlinson (2) Mayor (one)

The following was presented.

The undersigned City Engineer of the City of Fort Wayne in obedience to an order of the Board submits the following as the assessment of the cost of the main sewer, Main Hole, Round Pit and side drains in Calhoun and Columbia Streets in said City to wit.

The whole length of said Sewer from the Starting point in Columbia Street to the south side of Main Street as heretofore reported is 1512 feet and the whole cost of the work is four thousand seven hundred & twenty three dollars and fifty one Cents, or three dollars and Eighty four cents per foot. The aggregate width of all the streets and alleys crossing said sewer is three hundred and thirty four (334) feet the cost of which at $3.84 per foot is one thousand two hundred and Eighty eight dollars and fifty six cents, which is to be paid by the city, leaving a balance of Eleven hundred and seventy eight feet to be charged upon the lands and lots on each side of said Street per Rate which amounts to one dollar and Ninety two cents per front foot upon each lot and parts of lots on said Streets fronting upon said Sewer. The following was presented

We the undersigned owners of Chute Homestead Addition to the Town of Fort Wayne, beg leave most respectfully to call the attention of your Honorable Body to the fact, that the said Chute Homestead has been ordered and appraised as City property for the Year 1862. As said property is outside of the City limits for taxable purposes and no legal steps have been taken to assess the same, thereby rendering the Assessment clearly illegal. We now pray your Hon Body to correct said assessment and order the Treasurer to desist from the collection thereof, as in duty bounds we will ever pray &c. Nov 25th 1862. Signed by Hanna S. On Motion the above was referred to the Finance Committee.

The following petition was presented

To the undersigned residents of said Wards that said others would represent to your Hon Body that some of your petitioners particularly those owning property and living in the neighborhood of Block No 8 in Swings addition to said City are suffering much damage from the backing water from the Canal they also think that it is owing to the pond of stagnant water produced and kept up there by that, there is a good deal of chills and fever in that vicinity. the alley running east & West through said Block is rendered impassable for either man or Beast presenting one of the foulest looking nuisances that can be formed any where, sufficient to accommodate all the swine in said city which are not a few. Whereas individuals have no right to interfere with the Canal, streets or alleys of our petitioners presents the case to your Hon Body requesting you to take such action in the premises as will afford the necessary relief and abate said nuisance, a compliance with said request will bring your petitioners under obligations to ever pray &c &c. Signed by W. Vergins A. D. Freeman B. L. Minier & others.

On Motion the above petition was referred to the Street Committee.

The following Petition from the Weed Fire & Ladder Co No 1 was Presented by Mr Campbell

The undersigned respectfully beg leave to represent unto your honorable body that he has been duly appointed an Agent of the Hydraulic Hook & Ladder Company No one of the City of Fort Wayne and that as such agent he is fully authorized and empowered to sell and convey to said city the Hook and Ladder Truck together with the gong attached, five ladders, two large and eight small fire hooks complete together with all and singular the property and apparatus to said Truck pertaining, for the sum of Eight Hundred Dollars to be paid to the undersigned for the use of said Company, at such times & in such installments as the respective parties to said conveyance may agree upon. The undersigned further represents that the said Company procured said Truck and fixtures at its own expense and has served the property holders and tax payers of said city for a period of four years or more for which said Truck and fixtures cost said company one one Thousand Dollars and that certain necessary alterations having since been made, makes it more valuable now than at the time of purchase. That said Company having learnt by experience that the interest of all parties would be promoted by the purchase of said property by the said City. That while it is due to said Company the public interest demands that the city should be the legal owner and controler of all Fire Apparatus. The undersigned therefore pray your honorable body to take such steps and adopt such measures as will enable the undersigned to convey the said property to the said City.

The undersigned further beg leave to represent unto your honorable Body that the said Company do not intend to dissolve and disband, but that after the sale and transfer aforesaid is effected, it proposes still to retain the possession of the said property under the directions and control of the said city and in the future strive to render itself as useful as heretofore in the saving of property from the destroying Element of fire.

The early attention of your honorable body to the foregoing petition will merit the gratitude of the said company and your petitioner will as in duty bound ever pray &

Signed Horace H Campbell.

City of San Francisco January 15. 1863

Petition Received and referred to Committee

Present the Honorable the Mayor and Board of Supervisors Present Messrs. Humphrey, Manning, Le Kimball, Neville, Pfeiffer, Sloan and Tuers

Which was Read and Approved

The following Petition was presented

To the Honorable the Board of Supervisors of the City and County of San Francisco

The Petition of the undersigned Directors of the Orphans Home and San Francisco Hospital would respectfully represent to your Honors that the Orphans Home was established in this City over fifteen years ago, two years of which term it was partially sustained by the charity and the balance of the time by very own means and those voluntarily furnished by those humane persons who felt for the unfortunate Orphan and the weak and destitute children drifted by the forces of circumstances to live by charity or languish and die.

The Hospital was partly established about five years since. The institution has since continued and they have become the means of much good in community to the destitute children and the friendless stranger.

Now I would submit to your Honors whether one of the main objects of government is not to protect indigent children and the weak and friendless stranger. And I also submit to your Honors, whether the support of such institutions, should depend entirely on the casual or voluntary benevolence of a few humane individuals of the city & neighborhood. And whether it should not receive some protection from all the people by the way of a reasonable appropriation from your Board. Almost every other city does so, and why not this? Is not the institution useful and necessary? We do not doubt, but at our Hospital and we have many poor and destitute children & strangers and for how many I have prevented unsuitable places, who might otherwise have been morally and socially lost. I would also refer you to my Hospital Report for the year 1862. showing the number of adult patients admitted and received attendance. Is the Poor House the proper Asylum for children a decent but destitute sick Adults? Would you have them come in contact promiscuously with the inmates many of whom are sadly polluted. Certainly not.

The charges for the maintenance of indigent children in the institution in order to meet the approval of the community cannot very well be made higher. The small charge for maintenance has to be obtained by voluntary contributions from the people. The amount received from patients of the Hospital department is also small. It is therefore easy to be seen that there is nothing left as compensation for collecting the means for the support of indigent children, for superintending the institution, for the salaries of the matron and other officials, nor for the use of the Buildings for the accommodation of the inmates in the institution.

From the increase of population and the numerous casualties of the present war, it is reasonable to suppose that the claims on the institution will be greatly extended.

The foregoing is respectfully submitted to your Honors hoping that you will render some assistance to this enterprise.

Wm Barnard Rickard

On Motion the above petition was referred to Finance Committee.

City of San Diego, May 1st 1863

Common Council met pursuant to adjournment

Present the Hon. H. Hays and Councilmen Burt, Cady, Humphrey, Scrivener, Kimball and Fitch.

Absent Councilmen Bacon and Jones

Minutes of former Meeting read and approved

Mr. Scrivener presented his affidavit to the Council stating that he was assessed, and that the Board of Equalization added to his assessment, Two Thousand Dollars to his personal property and he asks a reduction of the same.

On Motion the prayer was granted and the Clerk ordered to notify the Treasurer of the amount of reduction $2000.00

Mr. Fitch presented his affidavit stating that he was assessed his property being packages of Tobacco No. 461, 462, 463 Havana Cigars for the year 1862 at $750.00 and states that it is now $200.00 and asks the Common Council to make the said reduction.

On Motion was agreed to Scrivener & Fitch

The finance Committee reported that they had examined the Treasurer & Collectors Report & Vouchers and found the same correct and had destroyed the orders by Burning. Signed Jas Humphrey

On Motion the Report was concurred in.

The Street Committee reported on the suggestion of the Street Commissioner which was referred to two months ago that the grading on front of the Court House removed some other part of the City. That the said streets are a nuisance and should be removed and they recommend that the Street Commissioner be authorized to notify the owners of said Scales to remove them before the first day of May next to some other location.

Signed Burt Cady & Kimball Committee

On Motion the Report was concurred in and Street Commissioner authorized to notify as above reported to.

We would also report that the Wood, Hay and Straw Market as now located around the public square is a nuisance, as on some days the streets are so blockaded it is almost impossible for a carriage to pass. Your committee recommend that the said Market be removed to the East end Market on Barr Street between Bay and Washington Street and the adoption of an ordinance to that effect

They would also recommend an ordinance to regulate the sale of Wood, as the poor as well as all other of our citizens have been

Feby 10 1863

made to pay erroneous prices for their wood and cheated in the measurement of the same, paying as high as $7.00 dollars per Cord - Signed - Burt Cody - Kimball Committee.

On Motion the Report was concurred in -

Your Committee on Lamps report in reg and to placing a lamp on Stone Foundery. They think it is not expedient as there is a lamp post at Dr. Bartles corner and one at Stevens corner being only one Block between and so near to each of our lamp posts in the City - Signed - Kimball, Chatfield & Pipenbrink Committee.

On Motion the report was concurred in -

The following ordinance was presented and Read -

An Ordinance to regulate the sale of Fire Wood.

Sect 1 Be it ordained by the City Council of the City of Fort Wayne that from and after the passage and publication of this ordinance it shall be unlawful for any person or persons to sell or offer for sale any fire-wood from any waggon, cart or other vehicle in any street, alley or other public grounds of the City, in any other manner than by the cord and not until after the same has been duly measured and marked by the proper officer as hereafter provided -

Sect 2 That no Waggon, Cart or other Vehicle in which Fire Wood has been brought to the city for sale shall while containing said Wood occupy a stand in any part of any Street, Alley or public Grounds of the city except in Barr Street between Berry and Washington Streets - and on Broadway between Berry & Wayne Streets -

Sect 3 That the City Council on the second Tuesday of May next and every two years thereafter shall appoint a Wood measurer who shall continue in office until his successor is elected and qualified unless sooner removed, and the said Wood measurer shall before entering upon the discharge of his duties take an Oath or affirmation faithfully and impartially to perform this duty -

Sect 4 It shall be the duty of the Wood measurer to inspect and measure all fire Wood brought to the Wood Stands for sale immediately on its arrival and to mark the quantity thereof in cubic feet upon some part of the wood in a plain and conspicuous manner, estimating a cord at one Hundred and twenty eight feet and making due allowance and reasonable allowance for lop by reason of crooked or uneven Wood, and for each and every load or cord of Wood so measured the Wood measurer shall be paid by the seller thereof the sum of five cents more or less, and the said Wood measurer so appointed may appoint one or more assistants if by him deemed necessary who shall take the like oath and for whose acts he shall be responsible -

Feby 1st 1883

Ord 5 That if any person or persons shall remove deface or alter any sign or other mark placed upon any road by the Road Surveyor or his assistant to designate the quantity thereof as above provided such shall in any manner or way violate any or either of the provisions of this ordinance shall upon conviction thereof before the Mayor be fined in any sum not exceeding twenty dollars at the discretion of the Mayor.

Minutes of Wednesday last Read & Approved -

The following Petition was presented

The undersigned Citizens of said City residing at and along the East end of Perry Street in said City respectfully shew to said City that Thomas Dejon Esq is the owner of Lots Nos 9 & 10 in Dejon addition to said City - That during the year 1862 or for a long time prior thereto he had a good & sufficient plank Sidewalk laid down upon a proper and suitable grade along said premises That during said year the Committee on Streets caused his said plank Walk to be taken up and a new one to be laid along his said premises upon an Elevated grade which is more convenient to his said property and entirely unnecessary in that part of said Street as the same is not used by any other person than himself - That the present grade is unnatural & far too high and was entirely good & sufficient before his said Walk was torn up & the said new one laid down, That he consider himself greatly aggrieved by the action of the Street Committee in the premises and has appealed to the Court of Common Pleas from a precept issued to collect pay for elevating said Side Walk and planking the same That he does not desire litigation, and therefore in view of the great injury inflicted upon him respectfully asks the Council to give some to be done a proper grade for that part of the North side of the Side-Walk along his said Lots that he may lower the same so that his premises may be approachable and that he may be relieved from paying for the said Sidewalk as elevated & built along his premises, and as in duty bound they will ever pray &c - signed D Dejon & others -

The following Petition was presented

To the Hon'l Mayor & Aldermen of the City of Fort Wayne. May 24/63

Your attention is respectfully called to the following. On the St Mary's bridge North of the Gas Works and along the banks of the River may be seen day and night prostitutes men and prostitutes women whose conduct is not only a public nuisance and disgrace to the city at large, but a horrible scan-

dab to young girls and boys who are obliged to pass that road on their way to and from School. As fathers you will no doubt duly appreciate the motives that forces this call upon you.

Your attention is also respectfully directed to another nuisance, not demoralizing as the former, but very disgraceful to our City and greatly interfering with the enjoyment of all who have the misfortune of living within its range. We mean the 6 or 7 Slaughter Houses on the North bank of the river named above. We respectfully invite you to an evening walk across the bridge named above, that you may be the better able to judge of the reasons & motives that prompts this call upon you.

Common Council met pursuant to adjournment

Present his Hon the Mayor and Councilmen Cody, Downey, Herrington, Kimball, Sherman Stephenbrink Sloan Schele and Jones.

Absent-Councilmen Monro

Minutes of May 26th /63 read and approved.

The following Petition was presented.

Fort Wayne June 9th 1863

To the Mayor & Common Council of the City of Fort Wayne.

The undersigned Citizens of said City would respectfully petition your Hon body that we are prepared and desirous of building a sidewalk opposite our respective premises, on the East side of Clinton Street, between Jefferson and Lewis Streets. And before doing so we would request that you bring said Clinton to the proper grade also that you instruct the City Surveyor to give us the proper grade for said sidewalk, so that we will not be obliged hereafter to raise or lower the same, Should we build said side walks at proper grade they will be almost useless and impassable in Winter season, as the Water will overflow them unless said Street and gutters are brought to their proper grade.

Your early attention to this will oblige /

Thomas Morgan, L. Zeltner.
Andrew Weber. V. Hoffman.

Which Petition on motion of Councilman Sherman was referred to the Street Com.

The following Statement was presented by St Com.

To the Hon the Mayor & Com Council of the City of Ft Wayne

The undersigned respectfully represents to the Council the bad condition of Calhoun & Columbia Streets and requests that you take such action about the same as will enable our friend of the Sentinel to speak in praise of the officers of the City. Why long handled hoe used in cleaning crossings was the general subject of ridicule last Winter and Spring. We pray you to relieve me in this matter.

Lot No 169 Original Plat of Ft Wayne needs filling up, will you please give the proper notice to the Scott heirs or other persons owning the same

The ponds in the Hanna Addition West of the Bluffton road needs filling up, will you please instruct me in regard thereto or take such other action as will abate the nuisance.

June 9 1863 Respectfully submitted— C. W. Lindley St Com

On motion of Councilman Kimball the St Com was ordered to advertise for bids to fill up said Lot, and that part referring to Calhoun and Columbia Streets was referred to the St Com.

June 9th 1863

The following Remonstrance was then presented.

To the Honorable the Mayor and Common Council of the City of Fort Wayne.

We the undersigned the proprietors of in lots numbered 179- 180- 181-182-183-184 and 100-101-102-103-104-105 on Hanna's Addition to said City all fronting on Washington Street between Barr and Clinton Streets have been notified, by the City Marshall to cut down within twenty days to grade the said lots on said Streets, Against which we for the present protest and remonstrate for the following causes towit

1st Because the walks are better to-day than a large majority that are regarded as good enough.

2d Because the walks are better now than they will be when cut down to grade, for the reason that the drainage from the lots passing over their surface in the Spring and Fall will render them spongy and soft.

3d Because the great expense of labor at this time will enhance the cost of cutting down almost double that of ordinary years.

4th Because before long parties who have low lots will be glad to remove the Earth without expense to us.

5th Because the number of persons passing over these walks are very few. they are not general thoroughfares.

6th Because we design of our own accord to cut down these side walks at an early day, but prefer to defer it until labor is more abundant & less expensive.

7th Because when these walks are down to grade, we will be compelled to incur a large expense in walling up our lots and putting the walks in good condition.

8th Because no public good will be subserved by this so-called improvement at the present time, and no public harm can arise by omitting the improvement until such time as labor is more abundant and less expensive.

All of which is respectfully submitted, And we ask that the said grading be suspended by your order for the present &c

O. Bird.
D. H. Colerick.
Geo R. Hartman
O. J. Morgan.

On Motion Councilman Bird the Remonstrance was laid on the table and ninety days further time granted said Petitioners.

On motion of Councilman Pepenbrink Messrs Wm Burger, Wm Feiler, Wm Miller Jacob Burger and E. H. Rilgeman were allowed ninety days further time in which to bring their respective sidewalks to proper grade in pursuance of order.

Councilman Tower from Com on Finances submitted following report: same being report on Treasurers report No 1 to May 23. '63 " We your Committee have examined the within report and find the same correct, and have destroyed the orders and scrip by burning them.

May 30th '63 B. H. Tower Com

Which report of Fin Com was concurred in.

June 9th 1863

The following report of Com on Printing was then presented.

To his Hon the Mayor and Common Council City Fort Wayne

The undersigned Com Printing would respectfully beg leave to report that said Com have invited bids for city printing and received two sealed proposals to-wit from Daily Times and Daily Sentinel Offices, that after carefully examining and comparing said proposals your Com did accept the bid of Thos Sugar Editor Sentinel the same being the lowest and best bid for City printing.

In consideration of which fact your Com aforesaid would recommend that your Hon body award the printing of the city for the term of time of one year subject to the prices and rates specifically stipulated in proposal now on file in the office of the Clerk of Fort Wayne.

All of which is respectfully submitted. June 9. 1863.

Which report was endorsed on Apc of Jno W. Dawsons amounting to $356.45 and was concurred in.

The following Report of Special Com on Nuisances was then presented

Fort Wayne, June 9th 1863.

His Honor the Mayor and Gentlemen of the Council

Your Com on investigation of Frederick

June 9th 1863

Women beg leave to submit the following report. We find our city infested with that class of women to a very great extent, and it is the opinion of your Com that by proper vigilance on the part of our city Officers it can be abated, We therefore would recommend to this board to take some active measures in regard to this matter, as it is in the opinion of your Com a nuisance which is calculated to injure the morals of our city and should be removed, We also report that there is a class of men which accompany these women both day and night and should be arrested and confined in Prison whenever found lounging round our City.

Edw Slocum
B H Kimball
John L Kerrington

Which Report on motion was concurred in, and Com authorized to enforce suggestions therein contained.

Same Special Com also presented following Reports

To his Hon the Mayor and Gentlemen of the Council.

Gentlemen:

Your Com on investigation of Slaughter houses and Tannerys would beg leave to submit the following reports. We have examined the Slaughter houses situated on the St Mary's flats & find them in a very bad condition and calculated to injure the health of the City and in the opinion of your Com ought to be declared a public nuisance by the board & removed outside of the City limits.

Your Com would beg leave to report further upon the condition of the Tannery on the Corner of Webster and Jefferson Sts, we have examined the same & find it in a bad condition and calculated to injure the health of the city and in the opinion of this Com ought to be removed, We also ask this board to declare the same a public nuisance and order the removal of the same outside the City limits.

Edward Slocum
B H Kimball
John L Kerrington

Which report on motion of Councilman Cody was concurred in, and on motion of Alderman Slocum his Hon the Mayor was requested to prepare an Ordinance in accordance with suggestions in Report.

In connection with which Report Councilman Slocum offered the following Resolution:

Resolved, That the City Marshall be instructed to notify the owner of said Tannery that the same shall be removed within one year from this date without the City limits.

Edw Slocum.

Council met pursuant to adjournment.

Present Aldermen Cody, Downey, Herrington, Kimball, Manning, Niermann, Sloan, Tabele and Tuer. Absent. Alderman Fitzpatrick.

His Honor the Mayor in the Chair

Minutes of June 9th read and approved.

Jos S France Esqr City Atty presented following Petition

To the Mayor and Council of the City of Fort Wayne. Gentlemen.

At your last session certain matters were referred to me for adjudication and report. In view of the disaster that has befallen me (the burning of my house) I am compelled to throw myself upon your kind indulgence, and ask you to continue the reference and I promise that the matter shall be faithfully attended to and reported according to your request

Jos S. France. City Atty

Which petition on motion of Alderman Kimball was granted and further time allowed.

His Honor the Mayor submitted the following Report

The undersigned to whom was referred the proposition of Do H. Seymour of Hartford, Connecticut to sell to the City Lot No 40 (known as the "Old Fort Lot") in Tabers Addition to Fort Wayne would respectfully report. That Messrs Hamilton & Hoagland in company with the undersigned have examined said Lot and said Hamilton & Hoagland appraised the same at the sum and value of Eight hundred dollars. That said Seymour agreed with the undersigned to sell said Lot to the City for the appraised value as above specified. The undersigned believing that a spot so memorable in history and associated with & becoming the name of so gallant and brave an Officer and from which our City takes its name should and ought to be the property of the City that it may be enclosed and at a proper time a suitable monument erected thereon would respectfully ask the passage of the accompanying resolution.

Resolved That T. T. Randall Mayor &c be and he is hereby authorized to purchase for the City Lot No Forty in Tabers Addition to Fort Wayne at the price and sum of Eight hundred dollars on such time as may be agreed upon with said Seymour, and the Clerk is hereby authorized to issue an order of the City bearing interest for said sum and payable at such time as the Mayor shall direct.

Which Resolution was adopted as will be seen by the following vote: Yeas. Cody, Downey, Kimball, Manning, Niermann, Sloan, and Tabele. (7) Nays. Herrington (1)

The Committee to whom last Council night was referred the bad condition of

Columbia and Calhoun Sts by Alderman Mooring their Chairman asked for the time to report which was on Motion of Councilman Cody granted.

Councilman Mooring from St Com reported that in the First Ward, owing to the want of cisterns, and steep declivity of Canal banks, no water could be obtained for use of Engines at fires, and suggested that the St Committee be authorized to improve some Street in said Ward on Canal, that Engines can be backed down and properly supplied with water.

Which suggestion was adopted on motion of Councilman Cody, and St Committee authorized and directed to see to same at once.

On motion of Alderman Kimball, the Mayor was authorized to examine contract between City and T. D. Anderson, and see what deficiencies, if any, or changes to be made, in order to enable the Contractor to build the sewer over the run meandering along Harrison St and crossing West Berry at Hamilton House.

Dr. C. S. Smith, Geo W. Brackenridge and others, from the Brackenridge Addition appeared and petitioned the Council to establish through their Civil Engineer the proper grade of their Addition, in order to enable them to bring down Douglass Avenue to grade and obtain an outlet on Calhoun St.

Which petition was granted, and on motion of Alderman Herrington, the Civil Engineer was directed to fix grade in said Addition under direction of St Committee.

Henry Baker petitioned Council to build a new Canal bridge at Old Fort, at Eastern terminus of Main St, the old one being in such a dilapidated and dangerous condition as to almost preclude travel.

Whereupon Council instructed the St Committee to confer with the County Commissioners to settle upon a plan and build a new bridge.

City Clerk was ordered to give notice by publication to one Gotthelf Hirschmeier to bring his lots Nos 22 23 and 24 in Edwalls Addition to proper grade and plank or gravel same four feet wide within twenty days.

Bids received from different parties for filling up lots heretofore advertised, were awarded as follows. To W. Cody & Co. to fill up lots Nos 723 724 and 725 in Hannas Addition, they being the lowest and best bidders. To John Ryan to fill up pond in Hannas Addition in conformity to St Commissioners report of June 9. '65. he being the lowest and best bidder therefor.

On motion of Alderman Herrington, the City taxes on $500 improperly paid by Mrs Wm Keefer during her husbands absence at war, was ordered to be refunded to her, her husband being a Fireman and exempt on that amt taxation.

June 23d 1863

Which Report was received and claim allowed

His Hon the Mayor submitted the following Report.

The undersigned having been requested by the Council to examine the Nicholson Pavement while at Chicago and ascertain its cost durability &c would respectfully report. That having been in said city recently he called on the Board of Public Works who kindly furnished him with the following facts in regard to said pavements. The first of the kind laid down in Chicago was on Wells St in 1856 at a cost of $1.56 per square yard. This pavement was made of pine blocks three inches thick, six inches long and eight inches wide, placed on end, after having been down 5½ years in one of the most travelled Sts of the city some of the blocks were taken up and examined and were found to be perfectly sound, and the upper end worn off only one half of an inch, this is the best test they have yet had of the durability of this kind of pavement. In 1861 parts of several Sts were paved at a cost of $1.37 pr Sq yd the present year they are laying this pavement at $1.75 pr Sq yd, this includes the laying on first of six inches of gravel, then the inch board upon that and the superstructure, some of which is pine and some oak lumber.

This pavement is patented, and the Patentee claims 13 cts pr Sq yd for the right to use it, the City of Chicago refuses to pay, contending that Nicholson was not the Inventor a suit is now pending in the U S Court to settle the right

Huguat 11. 1863

of the parties. The cost of such pavements in this city in ordinary years would be about $3. pr lineal foot, making $2.00 per front foot of the lots fronting on the St, so improved or $50 for a 25 foot lot.

Respectfully Submitted.

Com on Fire Dep't submitted following report

Fort Wayne August 11. 1863

To his Hon the Mayor and Gentlemen of the Council.

We of the standing Com on Fire Dept beg leave to submit the following report. Our Steam Engines are in good working order at present, with this exception, we have not received the suction hose for the Vigilant Engine. The Randall Steamer was out of order, her flues having sprung a leak and rendered her necessary for repairs which has been done by Mr Rastetter. We have placed Mr Jno Bear an Engineer in charge of the two Steamers and Engine house to keep himself and Engines in readiness at all times in case of fire. He is to run one of the Steamers at the sum of per mo having employed an Engineer we deemed it necessary to discharge our Fireman which we have done. We have procured the services of Mr Falls to run the Steamer Vigilant and have discharged Mr Rastetter. We have procured the services of Michael Conner to drive the city teams, our former teamster having left the employ of the city. The H & L truck is out of repairs and needs to have the tire reset, as the spokes are nearly all loose and should be repaired immediately. We would further report that our Engine house is under completion for both Engines which leaves us no room for our H & L truck in addition to the taking out of the partition in Engine House we have ordered a room done off in one corner of Firemans Hall to be fitted up for sleeping room to be occupied by the Engineer and Teamster, we have completed the arrangements for lots to build Engine Houses for hand Engines and advertised to receive bids for the building of the same.

Your Com would recommend the rebuilding of the Old brick Engine House situated next to Mr Jacob Wings residence on Clinton St two stories high and capable of receiving the H & L truck as we have nearly brick enough, the expence will not be large and also the building of a large cistern in front of the Engine

B H. Kimball.

Which Resolution on motion of Councilman Herrington was unanimously adopted.

Alderman Herrington submitted the following charges

To the Mayor & Common Council of the City of Fort Wayne. The Undersigned a member of your body in the proper discharge of the duties devolving upon him as such Officer regards himself compelled to call the attention of his fellow members to the gross delinquencies of William Lindley your Street Commissioner. In making the following charges and specifications I am actuated solely by a due regard for the interests of the City and not by motives of interest or malice.

I charge the said Street Commissioner with using the city team for the benefit of private individuals

I charge him with appropriating Toll tax due to the city to the use benefit and behoof of private individuals

I charge him with having collected Toll tax due to the city and not paying the same into the City Treasury

I charge him with attending to the business of private individuals and charging the City for his time.

I charge him with grossly neglecting the duties of his office.

I feel confident that I am able to prove the above charges and therefore demand a special committee to investigate said charges

John S Herrington.

Com on Police and Prisons submitted following report

To his Hon the Mayor and Common Council of the city of Fort Wayne

The Com on Police & Prisons would report to your body that the City Prison is in a bad unhealthy and almost untenantable

August 25th 1863

condition the entire absence of light and proper ventilation is a feature we wish particularly to present. The cages are so arranged that the privy does not meet the outer passage of the Calabroose privy, thereby causing an obstruction of the filth and excrescence which remains in the pipes and leaders to the great annoyance and detrimental to health of unfortunate occupants

We would suggest that proper seats with lids be placed in the cages for convenience and health generally, and that the cages be moved to a position that would enable the hole of the cage to meet perpendicularly the pipe of the Calabroose privy which would enable an unobstructed passage of filth to the privy connected with the City prison.

All of which is respectfully submitted.

Common Council

met pursuant to adjournment for special business.
Present his Hon the Mayor and full Board.

This was a called meeting of the Common Council of the City of Ft Wayne at suggestion of his Hon the Mayor for the purpose of considering the propriety and expediency of appointing a Police force which the growing wants of the city seem to require and demands

Also for the appointment of a Swing Bridge (night) tender.

As to the appointment of Police, opinions and arguments were complicating the salaries however of the appointees were fixed at Four Hundred Dollars per annum. But the number of Police and the precise individuals could not be designated, neither could any satisfactory conclusions be arrived at. Therefore this meeting failed to accomplish any of the ends or aims for which it was specially called and consequently no appointments were made

In reference to the Swing Bridge (night Tender) Mr Daniel Nirth was the only applicants and bidder for the position who offered his nocturnal services from six o'clock P.M to six o'clock A.M at the price and sum of $1.45 per diem

On motion of Councilman Sherman it was resolved to leave the matter of the appointment of Swing Bridge (night) tender to his Hon the Mayor

Common Council met pursuant to adjournment.
Present his Hon the Mayor in the chair and a full Board.
Minutes of Sept 8th 1863 read approved and signed.

The following Petition was presented

To the Honorable Mayor and Common Council of Ft Wayne.

We the undersigned your humble Petitioners do most earnestly pray that your Hon body establish a Lamp post on the N.E. Cor of Jefferson and Harrison Sts. and request that the same may be so located. Mr S Dreibelbiss has laid a private pipe to his dwelling and has left a Tee in his service pipe for said lamp thereby saving a number of feet of pipe to the city, and for the above we shall ever pray

S. S. Dreibelbiss and 15 others

Which Petition was granted on motion of Councilman Tipenbrink and Gas Com authorized to locate same agreable to prayer of petitioners

The following Petition was presented

To the Hon Com Council of the city of Fort Wayne.

The Subscribers residents and property owners near the western terminus of Lewis St and the Northern terminus of McClellan St in said city would represent to your Hon body that by the present arrangement of gutters and crossings on Douglass, Webster McClellan and Lewis Sts a large amount of Water is concentrated in said locality without any outlet and spreads out over the adjoining lots to the great injury and annoyance of all persons residing in the vicinity. Wherefore we ask that you cause good and sufficient drainage to be provided from the termination of both said Sts, either by extending Lewis St west to Ewing St or by constructing a drain through the Alley connecting McClellan and Jefferson Sts or in such other way as may seem best.

Geo Good, I. I. McConnell and 17 others.

Which petition on motion of Councilman Cody was referred to Com on Sts with authority to act in the premises as to said Com may be deemed right & proper.

The following Petition was presented

To his Hon the Mayor and Com Council city Ft W.

We the undersigned residents and Real Estate owners in the city of Fort Wayne do hereby most respectfully solicit your Hon body for the location and erection of a lamp post on the West side of Calhoun St and on the North side of the Alley running East and West between Washington and Jefferson Sts in said city of Fort Wayne, hoping that the prayer of your petitioners will be granted, we remain

Yours Respectfully

S. Bowers and 11 others.

Which Petition on motion of Alderman Tower was laid on the table.

The following Petition was presented

To the Hon Mayor and Com Council city Ft W.

We your humble petitioners pray the locating of a St lamps on the Alley on Harrison St between Wayne and Washington Sts, The Gas pipe lays in front of the door of the Jewish Synagogue, it will take but few feet of pipe and the lamp is much needed at that Alley + we do most earnestly pray for the establishment of the Post as stated.

F. Nordlinger, and 35 others.

Which petition on motion of Councilman Wenning was laid on the table.

The following Petition was presented

To the Hon Mayor and Council of the city of Fort Wayne, Indiana

We the undersigned residents + householders on Lafayette St in the city of Fort Wayne between Lewis + Montgomery Sts state that the ditch or drain on the Westerly side of said St is in a very dangerous and unsafe condition and is a public nuisance to the residents on said St and the travelling public in that vicinity. That the ditch is about 5 ft deep in some places + is a common receptacle for various kinds of filth such as small dead animals, stagnant + impure water, That there are drains from privys emptying into it, thereby rendering the Neighborhood unhealthy to the residents on said St That said ditch is near the side walk + there is a great deal of travel over the side walk by the people who work in the P. Ft W + C. R.R. Shops + the same is in an unsafe condition to pass over in the dark. That there is no railing or obstruction in the St to prevent teams running into the same in the night. That said ditch is injurious to health of your Petitioners + offensive to the senses, so much so as to essentially interfere with the comfortable enjoyment of the same.

Wherefore your Petitioners ask to have said nuisance abated and have said ditch covered up in such a manner as to render the St safe for travel + the health of your petitioners

J. M. Kline, Geo A. Gale + 8 others.

Which Petition on motion of Councilman Slocum was referred to the St Com.

The following Remonstrance was then presented

To his Hon the Mayor and Council of the city of Ft W. Gentlemen.

At a meeting held on Sept 15th 1863 by the Mechanics Engine + Hose Co No 2 the following Resolutions were passed and adopted.

1st That whereas the city Council has used the Engine of said Co No 2 for other purposes than extinguishing fires without the consent of said Co or its Foreman. Therefore be it resolved that the Council of the city of Ft W has no right whatever to use said Engine only in case of extinguishing fire.

Sept 11th 23d 1863

Also that the No of Members now belonging to said Co is 60 + that in our opinion the Council has no right to curtail said No by any laws now existing to regulate the fire departments, and further that any act of the Council in violation of the above will be disapproved by the members of said Co and that hereafter said Engine No 2 shall not be taken out of said Engine House without the consents of its legal Foreman unless it be in case of Fire or Trial.

Common Council met pursuant to adjournment

Present his Hon the Mayor in the chair and a Full Board except Schirk

Minutes of Sept 23d 1863 read, approved and signed

The following Petition was then presented.

To the Hon the Common Council of the city of Ft Wayne

Your Petitioners beg leave to call the attention of your Hon body to the efficiency of our present police system. While our city has grown largely within the last 10 years, our police system is still the same, as it was when we had hardly one third of our present number of inhabitants. What then was sufficient force insufficient now under the present circumstances. Without charging any Officer with inefficiency in the fulfillment of his official duties it is felt generally that the protection of our citizens in person and property, and of public quiet and order in our community in the night time is not sufficient. Theft and nightly disturbances are growing frequent to an alarming extent and we believe the only remedy to be in the establishment of an efficient system of night police. We therefore respectfully petition your honorable body to institute an efficient police force for the protection of property & quiet in the night time, and to make such further rules and regulations as may seem most expedient to the better efficiency of the institution Sept 9 63

The Special Com appointed Sept 8th 63 to confer with Allen Co Com[rs] relative to furnishing a town Clock for Court House tower submitted the following report

To your Honor the Mayor and Common Council

Special Com which was appointed to confer with the Co Com[rs] in regard to procuring a clock for the Court House beg leave to make the following report. The Co Com[rs] and also your Com thought that we should patronize & encourage our own Mechanics in preference to Mechanics of other States, and as Mr Raestetter is a clock maker and has already made propositions in regard to furnishing a clock, we should give him a chance to bid on the same.

Committee waited upon him and also the Gentleman from Ohio and requested them to bring in their bids. The Gentleman from Ohio agreed to furnish a Clock all complete, to run 31 hours & warrant it for 2 yrs for $700. Mr Raestetter agrees to furnish a clock all complete, to run 8 days and take the charge of it one year free gratis, and to warrant same for 10 yrs with good security for $900. Your Com together with Co Com[rs] consider Mr Raestetter[s] bid the lowest and have awarded the job to him and the Co Com[rs] have appropriated $450. for the same. Your Com would recommend that the City appropriate the same amount and be empowered to sign a contract with the Co Com[rs] for the same. All of which is respectfully Submitted

Present his Honor the Mayor in the chair and a full Board with exception of Aldermen Newman and Manning.

Minutes of Oct 13th 1863 read, approved and signed.

The following Petition was presented

To his Honor the Mayor & Councilmen of the city of Fort Wayne.

We the undersigned Citizens and Tax payers of said city would most respectfully pray that you will order a Gas (Pipe) Post to be erected on the S. W. Cor of Webster & Berry Sts as there are no Gas Lights on said Webster within on that side of Berry St. The said Webster St is travelled a great deal at night by our Citizens generally, we therefore wish that you will hear our prayer and have said gas post erected as soon as possible and we will ever pray.

Which Petition on motion of Alderman Jones was referred to Gas Com.

The following Petition was then presented

To the Hon Mayor and Com Council, Fort Wayne

Gentlemen. We the undersigned your humble Petitioners do most earnestly pray your Hon body will order a Gas Post to be located and erected on the S.E. Cor Van Buren and Washington Sts. The Lutheran Church have laid a private pipe from Wayne St to their Church and have left an outlet for said Lamp. By granting this Petition you will put the members of said Church and Citizens living in vicinity of said Lamp under many obligations, and we your petitioners will ever pray.

Trustees of St Johns Ch. and 20 others

Which Petition on motion of Alderman Kimball was referred to Gas Com.

The following Petition was presented

To the Com Council of the City of Fort Wayne, Gentlemen.

Having observed in one of our City papers that you through your St Com^e have advertised for Proposals to plank the side walks in certain localities and among others the one in front of Lots 103 104 105 O. P. belonging to the Subscriber. I would respectfully state, that I have cut said side walk about down to grade on both the West & North sides and expect to have it completed ready for covering in about two or three days I have the brick hats on the ground & have contracted with a party to cover the whole with gravel. I confidently expect to have said Side Walk completed in a permanent & substantial manner during the ensuing week

I would therefore respectfully request that you do not accept any proposal to plank said Side walk at this time

Very respfy &c O. P. Morgan

Which Prayer on motion, was granted and Petitioner allowed two weeks further time in which to complete same

Oct 27th 1863

G. H. Hartman Esq. verbally petitioned Council for a short extension, promising to complete the walks fronting Lots No 100. 101 and 102 now in rapid course of construction.

Which Prayer was also heard and Petitioner allowed 2 weeks to perfect same.

The following Petition was then presented

To the Hon the Mayor and Common Council of the City of Fort Wayne

Your Petitioner has been informed on this day for the first time that your St Com. will proceed to cut down and pave that part of the North side of Washington St between Barr & Clinton Sts + immediately opposite in-lot numbered 182. 183. 184. and the East side of Clinton St adjoining said lot 183 of which I received no notice whatever, except as aforesaid, and protest against the said Com. doing the said work or letting it out to be done without giving your Petitioner a reasonable time to do it That the work is very extensive and will cost a large sum to do it, that said parts of said City is but little used by the public and the cut to grade will be so deep as to injure the property unless a wall is made at the same time. and that at this time both labor and material is high and scarce.

Hence your Petitioner asks that the work may be suspended for another season.

D. H. Colerick.

Which Petition on motion of Councilman Hemington was granted, and Petitioner allowed until May 1. 1864 to take his said side walks down to grade, and in the mean time to plank the present walks to the satisfaction of the Com on Sts and Alleys.

Report of City Treasurer No. 7 to Oct 24th 63 presented, whereby it appears that there remained a balance in Treasury at last report of $1006.30; that that he has since received from sale of Scrip, Taxes, Licenses &c the sum of $1342.04 making a total of $2348.34 and that he has disbursed via City Scrip and Orders redeemed the sum of $1792.09 leaving a balance in hands of the Treasurer amounting to $556.25

Which Report on motion of Councilman Spencbank was refered to Fin Com.

An Ordinance to establish and regulate the Police force of the City of Fort Wayne was presented by his Hon and read. On motion of Councilman Tower the rules were suspended and Ordinance put upon its second reading.

Sealed Proposals heretofore advertised for by St Com. to plank and grade divers walks previously reported in accordance with the Ordinances of said City were opened and read as follows

Fort Wayne Oct 27 1863

To the Mayor and Common Council of the City of Fort Wayne

We the undersigned Capt and members of the City Police respectfully beg leave to represent unto your Hon body that as you are well aware we entered upon the discharge of our official duty having a very imperfect idea of the various duties devolving upon us, but with a determination to discharge our whole duty without partiality. No one without some experience can have the remotest idea of the fatigue we are compelled to undergo. In many instances after being on duty the whole night our business compels us to be in attendance at the Mayors office [illegible] when we should be in bed asleep. A moments re-

flection will convince any one that we can attend to nothing except our official duty. The extreme high prices of all the necessaries of life as well as a considerable discount we are compelled to suffer on our orders induces us to appeal to your generosity and sense of duty for an increased compensation. We trust our appeal will meet with the consideration the importance of the subject deserves, and as in duty bound we will ever pray &c

Which Petition upon an amended motion by Councilman Kimball was referred to the Com on Police and Prisons.

The following Remonstrance was then presented.

To the Common Council of the City of Fort Wayne

The side walk at my house is under contract and I have provided boulders for gutter & curbing at a cost of nearly $100. I have also the promise of Mr Hamm to get out for me flag stones for a side walk around my whole property, it is my desire to make it good & permanent, I have been making every effort for four months to have it done, I sent Mr Hamm to Wabash to get stone for me the labor could not be obtained to get them out, He has promised me positive ly that I shall have the stone, and I will have it fixed as soon as it can possibly be done, it is unfair to ask me to go to the expense of putting a temporary side walk there, while plenty of other men are let alone, or at least not compelled to make theirs. You all know that it is almost impossible to get any thing done these days. An attempt to coerce me in the matter will not hurry the thing a day - as if it is put under contract by the Council the work will not be done.

Respectfully

E. Brackenridge.

Fort Wayne Dec 22. 1863.

To the Honor the Mayor and Common Council of the City of Fort Wayne. Gentlemen.

In accordance with your request I hereby make the following report upon the present condition of the Fire Dept Apparatus &c appertaining thereto, also a Statement of all Fires with dates, location, damages &c sustained thereby as near as I could ascertain. The Fire Co as a general thing are and have been very efficient and active. The Truck and Engines are in good working order and condition except that the two small Hand Engines have the 5th Wheel broken and will cost but a trifle to have them repaired. The Steamer Vigilant wants some little alteration where the Suction is attached. We have about 1600 ft good Hose in all which is about 1000 ft less than is necessary to distribute among the Engine Companies, and I would recommend that the same be obtained as soon as possible as they are much needed.

A few more good Cisterns are much wanted in the East and South part of the City and recommend that they should be built as soon as Spring opens, without any delay. An Engine House for the Machines of Torrent No 3 + Alerts S. & L. No 1 is much needed as the buildings they occupy are in bad condition and not a fit place for apparatus, and they being of the oldest 200 should be well provided for. Speaking of the Torrent Engine Co I would here state that they have purchased an Engine (which is a good one) independent of the City and as they have no house I would recommend that the City furnish them with, say 800 ft hose as there is not a more prompt + efficient Company in the Dept. One more thing I might add is, that another Team would not come amiss and I think would amply pay the City to purchase one at an early day.

I would state also that I have procured every thing necessary for the Fire Dept according to my limits or authorized by the Chairman of the Fire Com Mr Ed Skeen and have also made my reports to him from time to time of what was necessary to have done as instructed by him, therefor my reasons for not making reports in open Council as I did not deem it necessary when same was reported to him.

Dec 12 63.

Yours with respect
Louis T. Bourie Chf Engr Fire Dept

S. S. It is understood by the Firemen that the Council intended to decrease the No. of men in each Co less than the No fixed upon by the Fire Association or Board of Supervisors and is creating some feeling among the Firemen, for my part as Chief I would report against decreasing them one man less than was fixed upon by the Board of Supervisors.
L. T. B. Chief Engr

Which Report was accepted and ordered on file.
The following Report was then presented and read.

To the Hon the Mayor & Common Council of the City of Fort Wayne.

The undersigned City Clerk appointed by your Hon body on last Council night to investigate by the records of the City the matter of unpaid Liquor Licenses into Treasury by L. T. Bourie my predecessor in office would respectfully report—That I have made a partial investigation into the matter and find four Liquor Licenses issued by said Bourie and the proceeds thereof unpaid when he went out of office. Shortly thereafter his attention was called to one unregistered License being that of Mr Anton Fischer, which he paid from his pocket to Mr Conger the present City Treasurer, the others being those of P. Schutz erstein, Chas Stein and Schiele and Lauer remain unpaid and unaccounted for. Said Bourie has however since last Council night authorized me to settle same by charging to him the amounts being $25. which is not [illegible] from his bail

Dec. 22 '63

when presented as Chief Engineer of Fire Dept

Other licenses still remain unsettled being as is alleged obtained by Conrad Heidkamp, Henry Morning, N. Rodelsheimer et al but which cannot be found I have not yet finished my explorations and respectfully ask further time until next Council night to make a final and complete report.

All of which is respectfully submitted.

Fort Wayne Ind Dec 22nd 63 E. L. Chittenden City Clerk.

Which report on motion of Ald Cody was received and further time granted.

B. K. Tower.

Which Resolution on motion of Ald Slocum was adopted unanimously.

J. F. Sweet owner of Lot No 12 in Tower Add remonstrated against paying Contractor for removing mud & side walk on the ground that he never received the proper notice to attend same.

Which matter on motion Ald Cody was referred to the St Com.

Ald Cody from Com on Gas was granted further time to report on the petition of Edw Smith et al praying that a lamp be placed at the South end or middle of the St Marys bridge, north of the Gas works

Ald Tower offered the following Preamble and Resolution

Whereas, E. L. Bourie was been found by investigation to be in arrears with the City in various collected money on account of City and not paying same over, and has utterly and entirely refused when requested by Chairman Finance Com to bring in his bill against City as Chief Engineer with the proper credits. Therefore Resolved That said E. L. Bourie be and he is hereby removed from the office of Chief Engineer Fire Department of Fort Wayne.

B. K. Tower.

Which Resolution was adopted by the following vote: Yeas: Cody, Kimball, Hyndman, Slocum, Schele, Tower (6) Nays Downer, (1)

On motion, Council appointed E. L. Chittenden Inspector and C. W. Allen and N. F. Bellamy Judges of Election in 2nd Ward for Alderman, on the 30th December 1863 to supply the vacancy occasioned by the removal from said Ward of Ex Alderman Berrington.

Dec 22 1863

A motion Common Council adjourned. L. P. Randall Mayor

Read, Approved & Signed this 12 day of Dec 1863

E. L. Chittenden City Clerk

City of Fort Wayne. Jany 12th 64.

Council met pursuant to adjournment.

Present His Honor the Mayor in the chair, and a full Board with the exception of Aldermen Tower and Sherman.

Minutes of Dec 22. '63 read, approved and signed.

Mr Conrad Steinriter, Alderman Elect from the 4th Ward, presented his Credentials was sworn in, and took his seat as a Member of this Board.

The following Petition was presented.

To the Common Council of the City of Fort Wayne.

The undersigned, would respectfully represent that the practice of feeding teams upon the business streets of this City, is a great annoyance to the business public and a nuisance. They would therefore ask your Hon Council to pass an Ordinance prohibiting the practice of feeding teams as aforesaid and such other places as you may direct

Respectfully &c Townleys. Dewald & Bond & 55 others.

Which Petition on motion of Alderman Cody was referred to the St Com.

The following Petition was presented

To his Hon the Mayor & Common Council of Fort Wayne.

The undersigned Officers of, and in behalf of Eagle Engine Co No 4 located in 5th Ward would respectfully petition your Hon body to exempt the said Co with the usual amount of taxation as active Firemen. The Co was organized in Nov '62 and has done faithful service ever since, but owing to an oversight of the Secry of the Co their list was not returned in time to the City Treasr

This Co is composed of working men, the majority in indigent circumstances, and this favor granted to this Co under the present circumstances would be peculiarly agreable, and for which your Petitioners will ever pray &c

Jud Gross Foreman

Fobias Peltely Secry — Geo Keller 1st Asst

Nicolaus Hohn Treas — Anthony Thieme 2d Asst

Which Petition on motion of Alderman Pfeifenbrink was granted

The following Petition was then presented

To the Hon City Council of Ft Wayne.

The undersigned Editor of the Indiana Demokrat a triweekly German Newspaper published in our City, respectfully calls the attention of your Hon body to the propriety of publishing the late City Ordinances in this German paper in the German language. For the benefit of the German population of our City, a majority of them are unable to read these Ordinances which apply to all, in the English language & a still larger number do not read the Sentinel in which the Ordinances are published. To bring the same to the knowledge of the whole german population of our City, it would seem advisable to publish the same in German, in the German paper which has the largest circulation in our city.

Jany 12. 1864.

If therefore your Hon Council should deem it proper to order the publication in german of these Ordinances, I propose to undertake the publication at the rate of the lowest bid, at which the Sentinel took the same, and would only propose to allow 35 cents for the thousand ems for translating, which is 50 pr ct lower than the State printing is done.

Carl G. Sahm. Editor 2nd Democrat.

Which petition was granted on condition that said Sahm make no extra charge for translating.

The following Report was then presented and read.

To his Hon the Mayor and Common Council of the City of Fort Wayne Ind.

Gentlemen.

The undersigned City Clerk to whom on last Council night further time was granted for investigating the books and papers of L. T. Bourie my predecessor in office would respectfully report.

That said Bourie has neglected to comply with your order to refund to City Treas the sum of $145. so collected, and by me reported at the last session of the Board on the 22nd day of Decr 63.

That further in obedience to instructions received from Chairman Finance Com I have made a thorough search into the individual account of said Bourie, & find that during his term of office he issued to himself on Acct of Salary the sum of $279. that his Salary for first year was fixed at $400. for second year $550. being a total of $950. for the two years services, thereby showing an excess of $329. drawn on Acct. Some of the Orders referred to as drawn by and to himself were properly issued, but never posted into his individual Acct. towit $39. posted into account of L. T. Randall Mayor and $25. posted into Acct of Jno W. McArthur ex City Surveyor.

Having discharged my duties pursuant to your instructions & leave the matter in your hands for settlement and await further orders in the premises.

All of which is respectfully submitted

Jany 12. 64. E. L. Chittenden. City Clerk

Which Report was concurred in

Whereupon Alderman Kimball offered the following Resolution.

Resolved. That in view of the report this night made by the City Clerk in the matter of the investigation of Bouries accounts, that said Bourie be summoned to meet the Finance Committee at Council Chambers on Tuesday Evening next January 19. 64 to explain away if he can the excess drawn on his account of $329 as City Clerk, and that the present City Clerk attend with the books and papers on said occasion and that his Honor the Mayor preside at the investigation.

D. N. Kimball

Which resolution was adopted unanimously

Jany 12. 1864.

The Finance Committee reported that on the 11th January 1864 said Com met at Council Chambers and in presence of each other Mayor, Clerk and Treasurer did destroy by burning same, the sum of $2074.50 in redeemed City Scrip, and $360.74 in redeemed City Orders, and that they find the Treasurers report No 8 to Dec 19. '63 in all things correct.

Which report of Finance Committee was concurred in.

Com on Streets and Alleys submitted the following report

The Com on Streets to whom was referred the tapping of the Clinton St Sewer beg leave to report, that those that have tapped the sewer, and not paid for the same, and those who may tap the sewer hereafter, shall pay into the City Treasury the sum of $15. for every 20 ft on line of St so drained and the City Clerk be requested to notify those that have tapped the sewer and not paid, to settle for the same or their drain will be cut off.

Which Petition on motion of Ald Kimball was referred to Fin Com

The following Petition was presented.

To Hon Mayor & Council of City Ft Wayne. Allen Co. Ind.

We the undersigned Petitioners, Citizens of Allen County aforesaid state that they are well acquainted with the manner in which those persons furnishing wood for the citizens of Ft Wayne are required to have the same measured, and from their knowledge they severally believe that the same quantity of wood is seldom measured twice alike & that the measuring of the same has a tendency to increase the price of the same and interferes generally with the sale of wood and that neither the seller nor consumer is benefitted by the measurement of the same by a public measurer, and that it is a useless expense & causes great inconvenience to all those interested in the same. Wherefore they pray your Hon body that said Ordinance & regulations creating the office of Measurer of Wood be rescinded & vacated, and for such other relief as may be proper in the premises.

(Signed) Fred. Bullerman and 72 others.

Which Petition, on motion Ald Tower, without debate was laid on the table.

The following Petition was presented.

To the Common Council of Ft Wayne.

The undersigned your Petitioners, residents of the City and neighbors of one John L. Bell, would respectfully represent unto your Hon body that said Bell is owner

Feb 9 '82.

of Lot No 142 in Kramers Add on East Jefferson St. that the side walk fronting said lot is in an extremely bad condition, being almost impassible, that the sidewalks in that neighborhood have been fixed in pursuance of your order with this single exception, We would therefore pray your Hon body to order this one referred to, made good at the earliest possible convenience, and your Petitioners will ever pray

(Signed) Geo Fuchs and 11 others.

Which Petition, on motion of Ald Cody was granted, and City Clerk ordered to notify said Ald to fix same within 20 days. by the following vote. Yeas: Cody, Downey, Neireiter, Kimball, Mourning, Pepenbrink, Slocum, Schiele, Sower, Nays: None

The following Petition was then presented

To the Hon the Com Council of the City of Ft Wayne.

The undersigned Citizens of Fort Wayne respectfully petition your Hon body to have the list of delinquent taxes of our City as published in the Sentinel also published in the German Language in the german papers having the largest circulation in our city. It would not seem more than proper in regard to the very large proportion of our German population to grant them the benefit of having the official publications of our City published in their language and in their papers, the price to be fixed at the rate of the English publication.

We refer Your Hon body to the uniform practice of the cities of Indianapolis and Evansville in our State, the only places in Ind where german papers are published besides Ft Wayne, and to the rule observed in all the Western States, without exception, to publish the official city publications in the german papers for the benefit of the german population, as well as in the English papers. Ft Wayne would make the only exception to this rule of our Petition be not granted. We therefore respectfully pray that the benefit be shown to the german population and press everywhere be not denied in our city.

(Signed) Johann H Brunger and 13 others.

Which Petition was rejected on motion of Ald Sower by the following vote. Yeas: Neireiter, Mourning, Pepenbrink (3) Nays: Cody, Downey, Kimball, Slocum, Schiele, Sower. (6)

Report of City Treasurer No 9 to Jany 23 '82 presented whereby it appears that there remained a balance in Treasury at last report of $1138.84 that he has since received from sale of Scrip licenses, fines taxes &c the sum of $2344.33 making a total of $3583.46 and that he has disbursed on City Orders and Scrip redeemed and surrendered to City Clerk the sum of $2447.97 leaving a balance in hands of Treasurer amounting to $1135.49

Which Report on motion Ald Pepenbrink was referred to Fin Com.

The City Atty submitted the following report.

To the Mayor & Com Council City Ft Wayne. Ind

The undersigned begs leave to report briefly that all persons engaged in the sale of intoxicatings Liquors in the City of Fort Wayne with a single [illegible]

exceptions have taken out a licenses authorizing them to do so, and that the exceptions referred to have both been fined, one of whom assures me that he is no longer in the traffic. I further beg leave to say that all draymen, express wagons, and other vehicles running for hire have taken out their license as provided by the Ordinance. This state of affairs must doubtless be gratifying to your Hon body, inasmuch as it is the first time that such a report could be made since the adaption of the Ordinances requiring such licenses to be taken out. It is also gratifying as it adds very considerably to the revenue of the City. In conclusion I beg leave to say that while I shall have the honor to be your Officer I will leave no efforts unmade to insure the most rigid enforcement of every Ordinance in force.

All of which is respectfully submitted.

Jno. S. Prance. City Atty.

Which report was concurred in and on motion placed on file.

The following Report was submitted.

To the Com Council of the City of Fort Wayne.

The undersigned City Clerk to whom on last Council night was referred the matter of the application of Eagle & Protection Fire Co's for tax exemption by Statute would respectfully report that on looking at Sec 3 Chap 21 Fol 295 R. S. Vol 1 I find "The real & personal property and poll of active firemen of regularly organized fire Co's, who shall have done the duty of Firemen for one year preceding the time of listing to an amt not exceeding $500. are exempt from the payment of City taxes." And as neither Co had filed their roll one year preceding last listing, neither are entitled to exemption under the Statute. Eagle Engine Co misses it by but two months, and having done good and faithful service as Firemen they only ask as a favor, not right that their petition as presented last Council night be reconsidered and granted.

All of which is respectfully submitted

Jany 26. '64 E. L. Chittenden City Clerk

and Referee.

Whereupon Ald Schiele offered the following Resolution.

Resolved. That the report of the City Clerk be concurred in, and that in view of the arduous duties performed and services rendered by Eagle Engine Co No 4 they be exempt from the annual of taxation allowed, and this allowance be made as a matter of favor and not of right under the Statute.

A. P. Schiele.

Which resolution was unanimously adopted.

The following Report was submitted

To his Hon the Mayor & Com Council City Fort Wayne.

The undersigned City Clerk having in charge the matter of the investigation of

L. Randalls A/c and $25. belonging to and erroneously posted in Jas W. McC Arthurs A/c which amounts I receipted to Bourie for, paid same over to proper owners receiving from them receipts. which are now on file among the papers appertaining to my office.

The bal of the overplus by him drawn amounting to $29. he desired me to say to your Hon body he accounts for in this manner, he takes to himself a credit of $75 for making City Tax Duplicate of '63 also $264 for issuing filling or numbering Scrip. The records show no allowance for same, neither do they show any authority for the credit. The Liquor Licenses amounting to $45. still remain unpaid

All of which is respectfully submitted

Jany 26. '64. E. L. Chittenden. City Clerk and Referee.

Whereupon Alderman Kimball offered the following resolution

Resolved, That the report of City Clerk be concurred in, and that the Mayor be authorized to bring suit on official bond of said Bourie, at next term of Common Pleas Court, commencing on the 22nd Feb '64 to recover the amount of Bouries delinquencies together with costs and charges.

City of Fort Wayne Ia. Feb 23d 1864.

Common Council met pursuant to adjournment.

Present his Hon the Mayor in the chair and a full Board with the exception of Aldermen Kimball and Neirmeir.

Minutes of last regular and Special sessions Feb 9 and 11 '64 read, approved & signed.

The following Petition was presented.

Orphans Home and Fort Wayne Hospital.

To the Honorable Mayor and Com Council.

The undersigned would respectfully represent to the Honorable Mayor and Common Council of the City of Fort Wayne Allen County, Indiana that the Assessor of the City has assessed for purpose of taxation the Lots numbered on the Plat of Wannas Addition to the City of Fort Wayne 498 and 499 as well as the improvements thereon. That the said premises are now used for benevolent purposes and that your Petitioner is the lawful owner of the same, and that second he become the owner thereof he has made improvements thereon, which are now used as an Asylum for indigent Children and Adult Patients.

Hence your Petitioner prays, that your Honors will by an Order of your Board exempt the said premises from taxation whilst used for benevolent purposes.
Fort Wayne Ind February 9th 1864

Bernard Bekers. Petitioner.

Which Petition was referred to City Clerk with instructions to see if said property is exempt on the County Duplicate, and if so, to certify exemption up to the City Treasurer

St. Commissioner submitted following report.

Fort Wayne. Feby 23 1864

To the Common Council City Ft Wayne.

I find Lot No 9 in Wannas Addition wanting sidewalk on West side of said Lot on LaFayette Street and recommend the proper notice be given. The Lot is owned by Charles Lamb

C. W. Lindlay. St Commissioner.

Which report was concurred in and City Clerk ordered to give said Lamb twenty days notice to repair same.

Jno R. Stellwagon Chief Engineer Fire Dept submitted the following report

Fort Wayne Feb 23. 1864.

To the Hon the Mayor and Common Council of the City of Fort Wayne Ind.

Gentlemen After giving the fire apparatus and fixtures belonging to this City a thorough examination I find a portion of them inefficient for proper protection of property in case of conflagration. I therefore submit the following report for your consideration.

Steamer Franks Randall in good condition, one section of suction hose for above Engine wanting.

Feb 23. 1864

Steam Engine Vigilant in good condition
Hand " Torrent " " " the house of said Co needs repairs.
" " Protective " " " " above Co need Spanners pipes and rope.
" " Eagle " " "
" " located on Lafayette above Lewis in good condition " " " " needs
Nort H & S. Co's apparatus in good condition, their house or rather shed in no condition to keep the truck in

I would recommend the erection of a new house for the above company
I would further recommend the fitting up and furnishing the Hall at Steam Engine House so as to be in suitable condition for the different Fire Companies to use for meetings and not be used for other purposes, except by permission.
And would further recommend as our alarm bell on Engine House cannot be heard distinctly at a distance that arrangements be made for the permission to ring the Court House Bell in case of fire.
And would further recommend the construction of more cisterns
The amount of hose belonging to the City is as follows.
1700 feet 2½ in Gum hose in good condition
200 " " " " " without couplings.
250 " 3 " " " couplings of part too large for use of part without sewing
500 " 2½ " Leather hose.

Making in all 2200 feet fit for use and 1500 feet out of use for want of couplings. I find there are three Engines without hose. viz Torrent, Protective and Eagle on Lafayette Street. As the above amount of hose is insufficient I would recommend the purchase of an additional 1000 ft of gum hose
All of which is respectfully submitted for your consideration

Yours Respectfully
Jos A. Stillwagon. C. E.

The following Petition was presented.

To his Hon the Mayor & Com Council City Fort Wayne.

The undersigned your Petitioners Citizens and tax payers of the City of Fort Wayne being favorable to law and order, and admirers of the Police System as inaugerated by your Hon body; would respectfully petition your Hon boards to reappoint E. C. Deuse upon the Police of the City, being satisfied that he has always discharged his official duties without fear or favor and that from the published doings of the force while under his control, a vigilant watch was ever kept and order restored and maintained while upon his beat, that the decrease in arrests and fines show conclusively that the old regime is sadly missed, and hence your Petitioners would pray this individual restoration.

Mch 22. 1864.

State of Indiana, City of Fort Wayne.

Personally appeared before the undersigned Mayor of said City David Sachs who being by me duly sworn upon his oath says that the Board of Equalization for the year 1863 added to his list of personal property as returned by him to the Assessor $1400. That all of said sum is unjust and erroneous, that $1785. returned by him was a full and fair cash value of his personal property at the time he returned said statement. He would therefore ask a reduction of his valuation as charged on the Duplicate of said City of said sum of $1400.

The following Petition was presented.

To the Com Council of the City of Fort Wayne.

The undersigned Citizens of Fort Wayne in the State of Indiana respectfully represents that they are the owners of Lots numbered 147. 148. 149. 150. 151. 152. 169. 170 in the Lewis Addition to the City of Fort Wayne being all of the square bounded by Virginia St on the North, Wayne St on the East, Wallace St on the South, and Monroe St on the West, except lots Nos 151 & 186 owned by Jno Krough. That said Lots were purchased by the undersigned as the site for a large manufacturing establishment and is now used for that purpose, and that it is necessary for the convenience of

said business, that the Alleys crossing said squares from North to South, and from East to West should be vacated. That said lots numbered 181 & 186 are the only lots or private property immediately adjoining said Alleys and that said John Boughs his given his written assent to such vacation. They therefore ask that said Alleys may be vacated.

Special Com appointed by his Hon on last Council night on Bouries bill submitted the following report.

The special Com which was appointed at our last regular meeting to settle with C. Bird in regard to Bouries bill would report that we have investigated the matter and conferred with the parties interested, They have paid over to the Mayor $170. and will receipt Bouries bill in full if the Council will allow them $200. on their bill. And your Com would recommend that we allow them $200. rather than contend in a law suit.

Which is respectfully submitted by your Com.

B. W. Kimball. C. D. Pfeifenbrink.
H. Morning. M. Eddy. C. Neireiter.

Which Report was concurred in and Mayor authorized to settle the matter at issue with C. Bird in pursuance of above report.

Ald Kimball offered the following Preamble and Resolutions.

Whereas the Engines and Cars running on the R. R. within the City Corporation at the rate of 30 or 40 miles an hour is endangering the lives of the citizens passing and repassing the Streets, and the blowing of the whistle inside of the corporation much to the annoyance of those living near the road, especially the sick, both of which is an open violation of the City Ordinance, therefore be it

Resolved: That the Com on Rules and Regulations cause to be printed the City Ordinance regulating the running of the trains in the City limits upon a card, the same to be posted up in the Depot and Machine Shops together with these resolutions.

Resolved. That the above Ordinance be strictly enforced and all persons violating the same be brought to account.

B. W. Kimball.

Which Resolution was adopted and City Clerk ordered to have 100 copies of said Ordinance printed and cause same to be conspicuously posted.

M. h. 22 '64

Ft W & C R W Co with reference to the same, and report his doings at the next regular session of this Board.

Ald Tower offered the following Resolution.

Whereas the Com Council believe that much of the past and present difficulty in regard to our City Watch has been caused by the City Marshal who in consequence of petty jealousy and malicious feeling has constantly endeavored to lessen its efficiency and destroy its usefulness. therefore

Resolved that the legitimate duties of City Marshal if properly discharged will occupy the time of the present incumbent, and as he has under the City Charter no right or authority to direct, control or interfere with the Police in any manner whatever, he is hereby directed to confine his efforts to his duties as prescribed by said Charter and the Ordinances of the City.

Minutes of March 22d 1864 read, approved and signed

The following Petition was presented

To the Hon the City Council of Fort Wayne Ia

Your Petitioners respectfully call attention to the condition of the East End of Water St. It is almost impassible for teams, and with the Spring rains will become quite so if not soon filled up. We ask that the St be filled up to grade and covered so as to prevent the accumulation of mud and mire.

To his Hon the Mayor & Com Council Fort Wayne Ia

We undersigned Citizens and tax payers living on W Washington Street between Harrison and Webster Streets would respectfully petition your Hon body to Culvert the gully fronting the Ger Ref Church as the water washes by this property from divers points into the sewer injuring the sidewalks and rendering them difficult to pass during wet weather. This is a matter of general utility — not one of individual improvement, as much of the water from other parts of the City finds its way into this sewer through the gutter fronting said Church Hence the prayer

Which report was concurred in, and City Clerk ordered to give the property holders time until the 1st June '64 to build grade and construct same in conformity with the Ordinance.

Jno S Mowen Esqr City Engineer submitted the following report.

To the Mayor & Council of Fort Wayne. Gentlemen Permit me to make the following statement. The Salary at present paid the City Engineer is entirely inadequate. The amt of work imposed by the Council upon the Engineer is so great that it requires the constant attendance of one man. The services of competent Engineers everywhere are worth now from $4 to $5 per day & it is utterly impossible to secure the attentions of any one capable of attending to the business now for the small salary at present paid - viz $25 pr mo I ask the immediate attention of the Council to this matter, so that I may be enabled to have the Engineering done in a satisfactory manner.

Your Engineer would recommend that the Council at once make some arrangements to have substantial stone centres put in at our principal street crossings. Many of these formerly put in (wooden pins) have been lost, or are rotted out, We should have enough centres of a permanent character to enable any future Engineer to fix the line of any Street in the City promptly & correctly. As our City increases & valuable

April 13. 1868.

buildings are erected, these lines become of the utmost importance.

I would further recommend that the Nicholson (Block) Pavement be tested by the City by laying one Square on Columbia St. during the Summer. This is in my opinion the only pavement in every respect adapted to our most important streets. The materials for it are all easily procured. While macadamizing or any other system would involve much additional expense, In this connection I beg leave to state that I have been waiting about two weeks to give the members of the C. Com a free ride to Chicago to inspect the Nicholson pavement & am still ready to go. I think it would be advantageous to have the pavement inspected & a report made by some members of the Council if possible.

I would also call the attention of Council to the present condition of Calhoun St between Lewis St & the R.R. I think it would be well to raise the grade of said St between Douglass St & the R.R. but if this is not thought advisable, the plank should be taken up & relaid on one foot of good gravel, and the culling at Douglass St well ditched on both sides. This will make the road way substantial for some years. The Street is used to a very great extent & as it now stands, or rather floats is a disgrace to the City.

Respectfully Submitted

J. S. Worrall

City Engineer

Wm D. Henderson East End Market Master submitted the following report.

Fort Wayne

2nd Common Council of the City of Fort Wayne

It was requested by the Chairman of the Com on Marketing that I should make a report at the next meeting of the Council as regards the payment of stall rents I have notified the Butchers that they will make immediate payment to the City Treasurer if they wished to retain their Stalls for the ensuing year. The City Treas. tells me that the majority of the Butchers have paid up their delinquencies within the last few days, and as regards the Posts south of the Market it is rather early for those that occupied them last year to attend Market, they are not delinquent and as soon as they commence attending the Market I have no doubt but all will be paid

Henry Baker Supt &c submitted the following report

April 12, 1864

To the Hon the Mayor and the Hon the Com Council of the City of Fort Wayne.

The undersigned having been duly appointed by your Hon body Superintendents of the Canal bridge to be built on the East End of Main St crossing the canal opposite the Monument bridge begs leave to present the following report.

The plan of said bridge as given to M. Bratton the Contractor according to the measurements thereon laid down shows the said bridge to be of the dimensions following that is to say 60 ft long by 22 ft wide, composed of 3 trusses and 2 tracks on said bridge of 10 ft each in width for the roadway. But the specifications accompanying said plan and given to said Contractor specifies the length of said bridge to be 60 ft by 22 ft in width, with 3 trusses and 2 tracks on the roadway of said bridge, thus leaving only 8 ft for the width of each track.

Seeing the conflict and discrepancy between the plan and specifications as above your Supt with the due advice and concurrence of your Hon body & Com on Sts, & with the advice and consent of the Hon the board of Co Com for Allen Co instructed the Contractors to leave out one truss in said bridge, and make but one track on the roadway 18 ft in width which would be of more practical utility & convenience to the travelling public than either of the aforementioned double tracks as shown on the plan or specified in the specifications, and as the Contractor considered he was bound to work according to the specifications and ignore the plan this your Supt considered the correct view of the matter.

Your Supt therefore has the honor to report to your Hon body that said bridge is now fully completed in accordance with the instructions given to said Contractors as above mentioned, that is to say, said bridge as now built and completed is 60 ft long with one track on roadway 18 ft wide and 2 trusses. That said bridge is built in a good substantial and workmanlike manner and to the full satisfaction of your Superintendent.

All of which is respectfully submitted

April 12, 1864. Henry Baker

Superintendent.

Common Council met in regular session pursuant to adjournment
Present his Hon the Mayor in the chair and a full board.
Minutes of May 10. '64 read approved and signed.

The following Petition was presented.

To the Hon the Mayor and Com Council of the city of Fort Wayne.

May it please your Honors. We the undersigned Butchers occupying stalls in your Eastern Market House have been informed that you have in contemplation to raise the rent of our stalls from $40 to $50. per annum. We would most respectfully state to your Hon body that we have now the greatest difficulty in getting stock at all, Beef Cattle cannot be had here sufficient for the supply, consequently at a very great expense we have to resort to Chicago. Our expenses are consequently very heavy and instead of our paying increased stall rents we do think we ought to pay no rent at all. However we are willing to be taxed the old rents, but will not stand a new tariff upon that, rather than do so we will quit keeping market at all.

Hoping your Hon body will consider this matter and decide according to the principle of right towards us as well as the citizens of Fort Wayne. We are at all times yours respectfully.

A. Wolf. H. H. Klinger Jacob Doelker.
Isaac Fisher. Ed Burkam. John Beakfink

Thereupon the Original Resolution prevailed by the following vote. Yeas Cody Downey, Meireiter, Kimball, Tefft Brinkerink. (5) Nays. Newman Slocum Schele and Tower. (4).

The following Petition was then presented

To the Mayor & Com Council City Fort Wayne

The undersigned Petitioners respectfully beg leave to represent unto your Hon body that they have attended the Eastern Market in your City for a long period and have occupied and paid rent for stands in your Market house, that while nearly every article of traffic has risen immensely in value we have endeavored to supply your citizens at a very small advance upon our produce.

We further represent unto your Hon body that at the recent sale of stands certain persons from some unexplained cause run every stand up to more than treble what we paid last years, that while we have occupied the same stands ever since the Market house was built and intend to do so while it remains those persons who have run up the rent upon us would in all human probability not have occupied them more than 6 months. You who being fully acquainted with all the facts will do but an act of Justice as well as subserve the interests of the Citizens by remitting a portion of the excess of rent for the stalls or stands. Your Petitioners therefore pray your Hon body to award us our respective stands at fair rents and to do such other acts as in your wisdom may seem just and equitable and as in duty bound your Petitioners will ever pray

Yes Fox and others.

Which Petition was laid on the table. And on motion of Ald Kimball the Mark et Master was instructed to carry out the Market Ordinances.

On motion of Ald Slocum the St Com were ordered to repair all Streets opened by Jas Orr and charge same to said Co, reporting bills at next meeting of this Board - viz: May

C. Klecker was allowed $10. on a/c of building fire Cistern

Present his Hon the Mayor in the chair, and a full Board with the exception of Ald Sherman.

Minutes of May 24th 64 as also of Special session June 7th 64 read and approved.

The following Petition was presented.

To the Mayor & Com Council City Fort Wayne Ia

Gentlemen.

In locating the stone centres I would call the attention of the Council to the fact that by actual & accurate measurement I find that the length and width of each block invariably differs in length with the recorded measurements, this inaccuracy ranges from one inch to three feet, the deficiency or overplus must necessarily be equally distributed between the included lots of said block which causes some to fall short in width 6 inches, others to overrun as much, but as the general custom heretofore has been in subdividing lots to lay off the recorded width without reference to this inaccuracy, thereby causing buildings & fences to be constructed over the correct line. I would suggest to the Council the utility of having a skeleton map or record showing the proper width of each block in this City. As I necessarily had to measure a great many of the blocks to locate the stone centres, where the old centres were lost, I will measure all others make a complete map of the city showing the length & width of each block for $50.

Your Petitioner therefore asks that the obstructions may be removed & said portion of Columbia St opened to the travels & convenience of the citizens of said City & that an order of your Hon body may be issued directing & commanding such portion of said St to be opened to the use of said Citizens.

Your Petitioner also represents that he is the owner of a lot of land lying North of the Canal & West of the residence & lot of land of H. McCulloch & that the Canal and lot of land owned by said McCulloch cuts off all access to his said Real Est that there is no St or road leading to the same, that a private way can be laid out extending from the original termination of Columbia St West along the Canal 300 ft over the lot of said McCulloch where it is of little value & without causing any inconvenience or special injury to any one.

Your Petitioner would therefore respectfully ask this Hon body to grant him a private way across the South end of said lot of McCulloch on the payment of such damages to said McCulloch as may be judged proper & your petitioner will ever pray &c

To the Mayor & Com Council Ft Wayne. Gentlemen.

In pursuance of your resolutions of instruction I caused an affidavit to be filed against the Tannery of Jno Kuester. On the trial, the entire neighborhood was in attendance and sworn as witnesses. the testimony was very conflicting whereupon the Jury trying the cause visited the tan yard and returned a verdict of acquittal. Kuester promised to remove it at the earliest possible moment. Affidavits against the Slaughter houses are prepared and will be sworn to by some of the best men in the city. they will doubtless be convicted. I gave notice to all persons using Billiard and other playing tables to take out their licenses immediately. Some of those interested have already paid their license and who so fails to comply with the Ordinance will be prosecuted without delay.

In consequence of the sickness of the City Clerk I have been unable to make the necessary examination and ascertain whether or not a notice has been duly served upon the owner of the Scott lot, but such examination shall be made as soon as bd bhttendance health permits. June 28. 1864

Which Resolution was unanimously adopted.

Special Com appointed last council night to examine Engine houses built under contract by Ald Tower reported as follows.

To the Mayor & Com Council, City of Ft Wayne

The undersigned Special Com appointed at your last session to examine the two Engine houses built under a contract with P. Tower Esq. respectfully beg leave to report that we visited said buildings and made a carefull examination of them and we regret that we feel compelled to say that said buildings are not finished according to the contracts.

The Eastern building on Lafayette St is deficient in that the chimneys

June 28. 1864

are not plastered on the inside and are therefore dangerous to the building and surrounding property if used; the chimneys are left unenclosed on the roof leaving a considerable spaces for the water to run through all round it. there are slate nailed on the roof with large nails and when removed will allow the water to leak through.

The Western Protestant Eng House has all the same deficiency in and about the chimneys. The water has ran through and caused plastering to drop from the ceiling; the roof leaks in the center and especially around the cupola (where it should be immediately) enclosed. The plastering on the ceiling is indifferently done and should be removed in part and renewed.

All of which is respectfully submitted. June 17. 1864

Common Council met pursuant to adjournment

Present his Hon the Mayor in the chair and a full Board with the exception of Ald Sloane and Cody.

Minutes of July 26/64 read approved and signed.

The following petition was presented

To the Common Council of the City of Fort Wayne.

Gentlemen.

At a meeting of the owners of the property situated upon Columbia St between Calhoun & Barr, held in your Council room upon the 28th July 64, the following report of a Com appointed for that purpose at a previous meeting was read and received. viz

"Mr Chairman.

Your Com has examined the various kinds of street improvements as thoroughly as the time allowed it would permit. The reports rec'd from the cities of Chicago & St Louis are unanimously in favor of the Nicholson pavement if properly laid. Its durability, its freedom from noise & jarring, its cleanliness, the ease & safety with which horses traverse it, together with the comparative cheapness with which it can be constructed especially recommend it to your favorable consideration. In Chicago the cost of laying this pavement was in the year 1856 $1.56 per Square yards or $79.56 per 20 ft front by 23 ft in

1861 $1.37 " " " " $69.87 " " " " " "

1863 $1.25 " " " " $63.75 " " " " " "

One party residing in our City offers to put it down for $80.00 the 20 ft front by 23 ft.

We have also taken the drainage of the street into consideration, and find that glazed pipe 15 inches in diameter will cost 60 cts per ft or $6. per 20 ft front. The excavation & filling will cost 50 cts per Cub yd. The drain will average 8 ft in depth & 3 ft in width. or 18 Cub yards. costing $9. for the 20 ft front. The side drains are not included in this estimate

Your Com would respectfully recommend the adoption of the Nicholson pavement for the improvement of Calhoun St & that the 15 in glazed pipe be laid down at the same time for drainage, wherever the same may be necessary.

C. Orff.
O. P. Morgan

Therefore in view of the above stated facts and estimates, We the undersigned Owners of property situated upon the said Columbia St between Barr & Calhoun St's would respectfully petition your Hon body to take such necessary & legal steps as will secure the construction of the said Nicolson pavement upon the said Street at the earliest moment practicable including the Calhoun and Barr Street crossing, and that the said 15 inch glazed pipe be laid along the line of the said Street at the same time wherever it may be deemed necessary.

The following Petition was presented

To the Hon the City Council of Ft Wayne

We the Directors of the Ft Wayne & Bluffton Turnpike Co would respectfully represent to your Hon body, that whereas in your wisdom you thought proper to take from us so much of our road as lies within your Corporation limits, & as there are a great many planks belonging to said Co within your Corporation limits doing no good to your Streets. Therefore we ask privilege to move said planks to repair the road South of your Corporation limits & we will ever be grateful &c

D. Farrell Pres. of said Co

Which Petition on Ald Cody's motion was granted

The following Petition was then presented

To the Hon Mayor & Com Council of Ft Wayne.

The undersigned Citizens of Ft Wayne would respectfully call the attention of the Council to the condition of Calhoun St between Lewis St & the R.R. When perfectly dry the St is rough & very unsafe for passage of heavy wagons & drays & during wet weather the whole St is almost impassable. There is a very great amt of driving over this St as it is our only communication with the R. Rs & all freights for the City has to be hauled over it. The road as it now stands seems to us to be a disgrace to the City. We therefore pray your Hon body that immediate steps may be taken to make us a safe & convenient road on that part of the St mentioned before bad weather sets in as we believe it cannot be used during the coming Winter unless thoroughly repaired, And your Petitioners will ever pray &c

Which Petition was referred to the St Committee with power to act as they see fit & proper.

The following Petition and Remonstrance was then presented

To his Hon the Mayor & Aldermen.

The petition of the undersigned Property holders on Columbia St between Calhoun & Clinton Streets respectfully showeth that in view of the lateness of the season & the action of your Hon body compels us to petition that said Sewer & pavement be not constructed until further application. Also the undersigned property holders see by the proceedings of your Hon body at the meeting held on Tuesday Aug 23. 64 that said Sewer on said Columbia St is to be a Wood box 1 ft sq. said Contract of said Sewer being not in accordance with the original Petition of said Property holders. We therefore remonstrate against said action & letting, preferring to postpone the construction of said Sewer & Pavement until the Spring of 1865 the petitioners preferring to repair said St with good & substantial planks until a permanent Sewer of brick or glazed pipe can be constructed. Signed Dominique Dumont & 8 nos & 24 others.

Sept 13. 64

Which Petition was received and placed on file. Whereupon Said Body, offered the following Resolution

Resolved That the resolutions adopted by the Common Council at its last regular session letting to P. M. Kimball & Co the contract to construct Nicolson Pavements between Barr & Calhoun on Columbia St & the resolution letting to J. Timmins the contract to construct a wooden sewer on a part of Columbia St be & the same are hereby rescinded.

Which Resolution was unanimously adopted.

The following Petition was then presented

To his Hon the Mayor & Gentlemen of the Com Council.

The undersigned your Petitioners tax payers & Citizens of the City of Ft Wayne, would respectfully petition your Hon body to contract with Gas Co for St Lights for the better protection of the lives & property of our Citizens, numerous instances of depredations having come to our knowledge since the abandonment of St Lights. The universal desire of the people you represent in the Com Council is for more lights & we cannot but believe your action in an immediate contract with Gas Co for St Lights will be ratified by your constituency throughout the City more especially the business part of it.

Your earnest & immediate action at your coming session is respectfully called to this important matter. Sept 10. 1864

To the Hon. the Board of Assistant
Aldermen of the City of New York.

Gentlemen

The Undersigned Petitioners respectfully represent to your Hon Body that in view of the unusually high rate in all the necessaries of life and that a proportionate advance in the salaries of the City officers has been made about the year 1836 and presuming you from inquiry to be sufficiently convinced that the rate at which the City is apply to be inadequate to the present salary

The Salary of the City Chamberlain is now [illegible] the duties of the City Chamberlain have increased. That I am City Attorney in connection with the Corporation Counsel but in point of fact I am [illegible] the City Attorney. That I have been obliged to pay Deputies out of my Salary I did not presume to trouble your Hon body about my salary but in view of the foregoing and many other circumstances I am compelled to appeal to your Hon body to give me an advance of salary as my salary now is about equal to what it was when I became City Atty.

My salary was fixed at $3500 [illegible] now is worth about $2500 dollars. I ask this advance because [illegible] I am [illegible] I have been in office [illegible] I trust your honorable body will

Minutes of last Council night read approved and signed.

The following Remonstrance was presented

To the Hon Mayor & Common Council. Gentlemen Learning that a petition is before your Hon body for the opening & extension of that portion of Columbia St lying North of the W & E Canal to property owned by Hugh B. Reed, we the undersigned owners & property holders on said St hereby beg leave to respectfully remonstrate against the prayer of said petition being granted as the same would be greatly detrimental to our interests & of no public utility & greatly expensive to the city, a good thoroughfare being open for all practicable purposes at this time, as has been previously to property of said Reed & we will ever pray &c

Hugh McCulloch. Geo L Little and Eleven others.

Which remonstrance was referred to Com on Streets & Alleys.

On motion of Ald Pepenbrink the petition of Daniel Keetle for correction of Assessment of Lot No 672 Hamms Add was taken from the table, and on motion of Ald Cody the matter was referred to the Assessor and Treasurer to ascertain the rate of assessment of adjoining lots and to equalize the rate of assessment of said Keetles Lot with same

City Atty in a voluminous report returned as his decision in a matter previously referred to him that the contract entered into by & between the St Com & Patrick McLain to grave the sidewalk on West side Berry St M. E. Ch property would not sustain a prosecution.

Which report was accepted and ordered on file.

City Engineer by his Deputy Mr Gilkison reported that he had completed the survey of the whole of the Streets in the City making in all a Chained distance of 30 Miles (all on the South side of the Canal) this Survey being completed on the 17 Dec inst, since which time owing to sickness have been unable to do any field work, will be able to commence platting in a few days. Mr Pierce one of the Assistants has been discharged, Mr Rossington is still retained until the whole of the platting & mapping is complete.

Which report was received and ordered on file.

An Ordinance to amend an Ordinance entitled an Ordinance relating to Markets and Market Houses, defining the duties of Market Masters and repealing certain Ordinances was read a third time and passed by the following vote Yeas Cody Downey Rimball Meierdes Pepenbrink and Schiele.

Minutes of January 24th 1865 read, approved and signed.

The following Petition supported by Affidavit was presented.

State of Indiana, City of Fort Wayne.

Personally appeared before the undersigned Mayor of said City Henry W Bond who being by me duly sworn upon his oath says that the Assessor of said City for the year 1864 returned R W & I W Townley as being the owners of $1360. personal property within said City, which assessment and return is entirely erroneous, said Townleys not having any personal property in said City during said year. We would therefore ask that the Common Council of said City would order the Clerk of said City to certify to the Treas.r a reduction of said sum of $1360.

Henry W. Bond

F. P. Randall Mayor

Which prayer was allowed on motion of Ald Slocum and Clerk ordered to certify same to Treasurer.

The following Petition and Affidavit was presented.

To his Hon the Mayor & Common Council City of Fort Wayne

On the Tax Duplicate there is real & $690. P.P. charged to C. Dresselly & Co. said Real Estate & P.P. belongs to the undersigned individually as there is no such firm as C. Dresselly & Co. There is also some Real Estate but no P.P. charged to C. Dresselly & as your Hon body at the Equalization session most correctly thought that C. Dresselly must have some P.P. you charged him with $1000. which however is incorrect. I therefore very humbly beg your Hon body to instruct the Treas.r to credit me with said $1000. P.P. & much oblige your humble servant.

Which Petition on motion was referred to the Finance Com.

The following Petition was presented.

To the Hon Mayor & Com Council City of Fort Wayne.

Your Petitioner Calvin Anderson shows that by some mistake of the Assessor he is charged with P.P. twice, once for the sum of $2005. which is in accordance with Schedules filed, & again with the sum of $2050. which is erroneous. He therefore asks that he may be released from taxes on said sum of $2050.

C. Anderson.

Which prayer was granted & Clerk ordered to certify to Treas.r the reduction & taxation on $2050.

Feby 14th 1865

The following Petition and Affidavit was presented.

State of Indiana, City of Fort Wayne.

Personally appeared before the undersigned Mayor of Fort Wayne Edw Seidel who being by me duly sworn upon his oath says that the Board of Equalization for this City aforesaid while in session for the year 1864 added to the assessed value of the S½ of Lot 82 O. P. $1400. That he is the owner of said premises & believes that $1000. the assessed value thereof was the true value of said premises at that time.
He would therefore ask the Com Council of said City to order the Clerk to certify to the Treas[r] a reduction of said $1400.

Edw Seidel.

Which matter was referred to the Finance Committee.

The following Proposition was presented.

To the Mayor & City Council.

I respectfully call your attention to the further improvement of that part of Water Street between Barr St & the St Mary's bridge near the Gas works.
The Council last year greatly improved the Street by partially gravelling it. A still further addition of gravel or of some other material equally as good is required. I propose to put upon the St the Cinders from the Gas works which it is known make the very best Sd or side walk of any material to be obtained at the same cost. I will put this material upon the St & spread it to the proper grade at a reasonable price to be agreed upon by the Council or by the St Committee.
Fort Wayne Feby 14. 1865. A. P. Edgerton.

On motion of Ald Manning the St Com were authorized to contract with Gas Co for same agreable to above proposition

Report of City Treasurer No 15 to Feby 14 1865 presented, whereby it appears that there remained a balance in Treasury at last report of $3379.81 that he has since received from taxes, licenses &c the sum of $8973.59 making a total of $12.353.10 and that he has disbursed viz City Scrip & Orders with interest redeemed the sum of $6570.50 leaving a balance in hands of Treasurer amounting to $5782.60
Which report was referred to Finance Committee.

City Engineer presented following Report.

To his Hon the Mayor & Council City Fort Wayne

In accordance with instructions received from your Hon body I proceeded to examine the side walks as constructed by Mr Pat[k] Crimmins along the line of lots owned by Mr Hill on the North Side of Lewis St between Calhoun & Harrison Sts & beg to present the following report.
The whole sidewalk as built is not up to the grade as established by me varying from 2 to 4 inches. The original marks are still discernable on the fence for in-

Barr St Market Master submitted following Report

To His Hon the Mayor and Common Council.

To your Hon body I wish to draw your attention to the condition of the Barr St Market. The roof is leaky & the doors have no secure fastenings, the doors can be shaken open with ease. Yesterday somebody got in and broke the Klingers marble, and I would say that bars are more safe and durable than hooks. And I wish to call your attention to the Street on West side of Market House. If it was planked instead of stones I think it would be cleaner around the Market, the space South of House is much out of order, one post gone, and part of the planks torn up by Mr Eckert are very badly replaced, 2 of the planks broken. I am Sirs. Our Market surely will increase as our population increases, and I can safely say we will soon be obliged to extend our Market space southwards. My reason for so saying is that I have had already 3 applicants for stands this last week and I think if I had 100 stands or posts I could dispose of them all this next June, all that is wanting is the planking up to Washington St, a thing the Farmers prayed for last Summer as often as I collected their 5 cts which amounted to the little sum of $95.

I will want a pair of scales as soon as they can be procured for Market purposes, the only kind that will do is the Beam Scales which are the only lawful ones of this State Butter will be coming in soon to Market.

The following Proposal was then presented.

Office Fort Wayne Gas Co Feb 27 1865.

To the Mayor & City Council of the City of Fort Wayne.

The St Committee although authorized as I supposed by an order of the Council so to do, declined making any contract for the improvement of Water St as I proposed but requested me to make a proposition direct to the Council for its action. I therefore propose to contract with the City to put the cinders from the Gas Works upon that part of Water St. between Barr St & the St Mary's Bridge east and spread the same to a perfect grade for 40 cts per cubic yard in City orders

A. P. Edgerton

Which Proposition was accepted and St Committee authorized to close contract with Mr Edgerton agreably to his said proposal.

Finance Com submitted following Report.

Your Com on Finance would respectfully beg leave to report adverse to the claims of Edw Seidel for abatement of taxes on $1400 additionally assessed on the S½ of Lot 82 O.P having carefully examined the matter we are of the opinion that the assessment as it now stands is low and reasonable Feb 28 '65.

City of Fort Wayne Ind March 8. 1865.

Common Council met in special session pursuant to call of his honor the Mayor

Present Councilman Cody, Hoagland, Manning, Schneider, Pepenbrink, Slocum, Tower.

Absent Councilmen Downey and Kimball.

On motion of Councilman Cody an attachment was ordered and placed in hands of Marshal, to bring the Absentees in forthwith, upon whose arrival and the Board being full the President briefly stated the object of the meeting.

The following Petition signed by 749 names was presented

The undersigned Citizens and Tax payers of the City of Fort Wayne, would respectfully call the attention of your Hon body to the contemplated draft, and earnestly pray that you take some steps towards relieving us from the hardships thereof. This draft must be regarded as a public calamity, the hardships of which should be borne as near as may be by all. Because a man is over 45 years of age he should not on that account be exempt from bearing his proportionate share of all the burthens which this war imposes. Unless all come forward and do their part, this draft will fall with terrible severity on some, but of each would it is his part, while all would feel it to some extent none would suffer. While we are in favor of high taxation knowing that taxes are paid in the end by the labor and industry of the country, yet we think it would be for the best interest of the City to appropriate an amount equal to $300 for each man required to fill the quota of said City under the present call for 300.000 men and should that part of Wayne Township outside of the City pay into the City Treasury in each $150. for each man required for their proportionate share of the township quota then we recommend that the City pay a bounty of $300. for each man required from the Township. Should they fail to do so we think you ought to pay to each drafted man from the City who enters the service, or furnishes a substitute the sum of $200.

It is represented to us that the entire quota of the township will not exceed 300 men 75 of this number would be chargeable to the township, leaving the quota of the City proper 225. To pay $200. to each drafted man would require a tax of 25 cts on the $100. levied specially under the late Act of the Legislature for the next 4 years (the total taxables remaining as they are) to pay it. And as said Act prohibits you from making appropriations of this kind in future, it would embarrass the City but little.

Hoping that you will think favorably of this our request we will as in duty bound ever pray &c

Von Fleming and 748 others

Ald Manning moved that the Petition be taken up and considered. Amended by Ald Cody, to appoint a special Com of 3 to see the R. R men and others liable to draft, to ascertain what amt could be raised outside of the City funds, in order to ascertain what amt would be necessary for City appropriations which amendment prevailed after much discussion and his Hon appointed Ald Cody, Manning and Kimball, as such Com, with a request that Messrs Rudisill, Mower and Judge Hanna act in conjunction with said Com on the part of the Citizens. In the meantime to assure the Provost Marshal that strenuous efforts were being made to fill the quota of Wayne Township and soliciting further time.

No further business Council adjourned to meet again on Friday Evening next Mch 10 1865 to receive the report of said Com and pass upon the matter finally.

City of Fort Wayne Ia. March 10 65

Common Council met pursuant to adjournment in special session.
Present his Hon the Mayor in the chair, and a full Board.
Minutes of last Special meeting read, approved and signed.

On motion of Councilman Cody, the Mayor was authorized to appoint a suitable person to act with W. B. Chittenden on behalf of Allen County and with E. L. Chittenden on behalf of the City of Fort Wayne to proceed to Kendallville forthwith to ascertain the quota still due on City aforesaid, and Wayne Township under the recent draft, which motion having prevailed, his Hon the Mayor appointed Mr H. J. Rudisill as said Committee.

Councilman Bimball offered the following Resolution

Resolved

That the further action of the Council in regard to offering a Bounty be deferred until said Committee return from Kendallville and report the quota still due from the City and Township, and that as soon as said Committee return and report, the Mayor be requested to call a special meeting of the Council.

The following Petition verified by Affidavit was presented.

State of Indiana }
City of Fort Wayne }

Personally appeared before the undersigned Mayor of said City M. E. Woodward who being by me duly sworn upon his oath says that the Common Council of said City while sitting as a Board of Equalization for the year 1864 added to the assessment of Woodward & Young the sum of $15.000 above the true valuation of same. That the personal property of said Firm did not exceed in value $0.000. and that same was at fair valuation. They would therefore ask the Council to direct the Clerk to certify to the Treas^r of said City a reduction of the said assessment of $15.000.

To the Hon the Com Council City Fort Wayne.

The Petition of the undersigned Citizens of Fort Wayne & inhabitants of Calhoun St sheweth. That said Calhoun St being a principal thoroughfare of said City is in an extremely bad & dangerous condition requiring immediate repairs. The plank off the said Street having been removed 2 yrs since, and in some parts has not since been replaced, nor any other kind of repairs made to the Street.

And your Petitioners believe said Calhoun St being the great thoroughfare from the Railroads into the City that its present condition is highly discreditable to the Authorities of the City & will injure its reputation in the eyes of Visitors as well also in the opinion of the Public in general and therefore will be injurious to the interests of said City.

Your Petitioners therefore pray the attention of your Hon body to the immediate necessity of putting said St in a proper condition

The undersigned Occupants of the building situate on the N. W. Cor of Main & Calhoun Sts in said City petition your Hon body to have the posts on the North side of Main St opposite said building near to the gutter of the St removed.

Said posts are used to fasten horses to, thereby causing a large quantity of manure & offal to accumulate which fills up & obstructs said Gutter, often obstructing the side walk by horses standing thereon, all of which constitutes a great nuisance to the occupants of said building and to the public generally.

(Signed) J. W. Dawson & 11 others.

Which Petition was laid on the table, Council deeming that the owners of the property had sufficient power in the premises.

The following Petition was presented.

To his Hon the Mayor & Council of the City of Ft Wayne.

The Undersigned your Petitioner respectfully shows that she is the Widow and Adx of Theodore P. Gaylord dec^d late of the City of Fort Wayne aforesaid. That during the months of Dec 64 the Marshal of said City or some other Officer of said Corporation caused & procured a person having the Small Pox or varioloid to be placed & seated in the Store door of said dec^d in said City, thereby exposing said Theodore P. Gaylord to said disease, and that said Theodore in consequence of said exposure took sick with Varioloid & with Fever & that he never recovered therefrom but died on or about the 27th Jany 65 & that your Petitioner has thereby in the premises sustained damages to the amount of $5.000.

Mch 28. 1865.

Wherefore your Petitioner asks that she be allowed the sum of $5000. therefor + that an order on the Treasurer of said City be issued therefor with directions that he pay the same, and for such other relief as she may be entitled to in the premises.

Mch 30. 1865.

To the Hon Common Council of the City of Fort Wayne.

The undersigned Committee to whom was referred the matter of negotiating City Orders or City Bonds for the purpose of procuring money to pay the Bounties allowed at the last meeting of the Council would respectfully report That in pursuance of said Resolution they have called upon the several Banks and Bankers and other monied men of the City and made every effort in their power to sell either City Orders or City Bonds but without success having failed to sell either. They also requested the Mayor of the City to see G. W. Cass the President of the Pittsburgh Ft W & Chicago Railway Company on the same subject. The Mayor saw Mr Cass at Pittsburgh but failed to make any arrangement with him, he declining to act in reference to said subject. The Mayor also saw Messrs Lamed and Myers two eminent Bankers of New York City and ascertained from them that it would be impossible to sell the Bonds of the City in New York at the present time as the United States were offering for sale securities sufficient to supply the demand, and as it appears from the foregoing that it will be impossible to sell either City Orders or Bonds for cash, the Committee would recommend the passage of the following Ordinance in relation thereto.

Civil Engineer presented the following report

Mch 28. 1865.

To the Honor the Mayor and the Generalle. the Common Council of the City of Ind. Hagen

I have completed the surveys of the water courses and the natural drainage of the City and beg to lay before you this report, being the result of my labors

In establishing the grades of the streets in a City the first thing taken into consideration, is the drainage. This is the foundation or fundamental point from which the Engineer must start, and in all cases he must keep the natural drainage of the ground in his mind, and watch it as his landmark; great care should be taken to distribute the water equally, and if possible to allow every Block to drain itself, and not carry water from one Block to another, and so on until the accumulation of water becomes so great, that by the time it reaches the third or forth Block it is turned into a Creek washes away the gutters and floods the sidewalks, thereby keeping the whole street and sidewalk in a state of mud of the worst description, & every person in our City throws their slops into the gutters, which necessarily makes the water flow through these filthy and noxious, thus creating offensive smells and rendering the atmosphere unhealthy.

During my examinations I find the large ditch commencing on Lucia Street running from Monroe to E. line of Lafayette, whence it passes through a Stone Culvert to the W. side of Lafayette Street and thence S along Lafayette to Holman thence westerly until it strikes the Rail Road Levee on Barr Street — after every heavy rain filled to its utmost capacity and the sides washed away — so much is that the case, that at the corner of Lafayette and Lucia Street the ditch is now about 25 feet wide, and the 3 Arch Culvert is altogether too small. The last heavy rain washed away the earth to such an extent, that the mouths of all the house drains are exposed to public view which to say the least, is neither pleasant to the sight, or agreable to the nasal organ of the inhabitants.

The ditch commonly known as the "Hamilton House ditch" commencing at Ewing and Jefferson Street, thence running E. to Webster thence N along Webster to Washington, thence on E. line Washington to the intersection of Alley between Webster and Harrison, thence N. along said Alley to Berry and terminating on Columbia Street is another place, where an uncommon Amount of filth is congregated, and as it now stands must make the neighborhood through which it runs very unhealthy.

The other large ditch commencing at Calhoun Street running W. along Baker Street thence meandering to the Bluffton Road is also altogether inadequate to supply the necessary drainage for the City.

These three large ditches appear to be the main water courses or rather the natural water courses for the discharge of the water into the rivers. As the mode in which our rivers are originally constituted and their supplies of water unnecessarily maintained, it is evident, that every river must have its natural drain [illegible]

Section of Lime sewer, as I feel certain that the immediate advantages derived from this construction would fully benefit the property holders and City generally for the cost of the same.

It appears that the main cause of objection raised by the property holders, whenever the question of Sewerage has been raised, is, that the expense would be too great for the benefits they received, and that people owning property on the streets where these three large ditches are, would have to pay the whole amount of the expense, while other persons, owning property on other streets, were reaping the benefits equally with themselves.

This is no doubt true to a certain extent. In certain on the Streets through which these three ditches run, there is no doubt, but a large Amount of property not immediately adjoining will be benefited by sewers being constructed — as the water from a large portion of the adjoining property drains through the sewers — therefore the free passage of the water by the construction of these sewers, would be of great benefit to all property draining into it, not being in the streets where the sewers are constructed. — The City generally also derives a certain benefit that is to say, the property holders generally do — although it would be a matter of difficulty to assess the exact benefit arising from such sewer being built, to remote properties draining into it.

— I would beg to suggest the propriety of assessing the benefits accruing from such sewer, pro rata among the property holders immediately benefitted and the City generally.

By this mode of proceeding a great many of the objections raised, would be taken away, and the expense fall lighter on the property holders. — Especially is this the case on the ditch leading N. from Calhoun Street to the Bluffton Road and St. Marys River. Here at all places it is absolutely necessary that a 6 foot sewer should be built. As the original water course of all the drainage of Foxcroft Add. Lewis Add. and Brookenridge Add. runs down the "Hemitte Mouse drain", this water was stopped at Ewing's grove and turned N. to Shawnee Run on the Bluffton Road, thence to the St Marys River thereby increasing the volume of water, and running through properties which was not the natural channel for the whole body of drainage.

I would therefore recommend that the Sewerage be lowered on the Baker ditch from 4 to 5 feet, which can be done at a far less expense and greater advantage to the property and City generally than by raising the grades, which would necessitate 5 or 6 feet of filling for which the City has no earth to spare. The expense of building this sewer would not exceed $7.00 per lineal foot, including excavation, which would be a mere trifle in comparison to the advantages derived.

I find there is 24 cent [illegible] lineal Rods [illegible] Baker ditch [illegible]

McN 28. 1865

Calhoun Street and St. Marys River at high water mark, – 12 feet from Calhoun Street to Bluffton Road at Shawnee Run, a distance of about 4800 feet, or about 2½ in 100 feet, this is plenty of fall to carry off the water and keep it nearly perfectly clean, the ditch as it now stands varies from 4 to 1 feet deep. At Ewings fence it is only 1 foot deep and as a matter of course every heavy freshet must overflow the adjoining property, which it does to the East of Jefferson Street. By thus covering the ditch the whole of the property by the construction of proper conduits ditches would be dry. It is believed the intention of the P. F. W. & C. R.R. to build a new House Cattoord where their ditch crosses the R. R. St of Fairfield Avenue this coming summer, it would therefore be advisable for the Council to take immediate action upon the matter, so that R. R. can lay their foundation to agree with the grade of the ditch as established by the City Engineer.

Should your Honorable Body not feel justified in the construction of a Sewer from Calhoun Street to Swinehart Avenue a distance of 2020 feet I would respectfully urge the necessity, as soon as the water is low to deepen the ditch at Calhoun Street at least 4 feet, and continue the cutting down to the R. R. Crossing at a grade sufficient to carry off the water. But this would be only temporary and might lead to much inconvenience.

I would beg to suggest the propriety of your Honorable Body to instruct your Engineer to confer with the property holders through whose property the ditch now runs (that is not subdivided) for the purpose of devising some plan of subdividing the same, so that the ditch might be constructed through Streets as laid out by them, and submit the same for your approval.

The Hamilton House ditch is another nuisance which calls for prompt action, as into it for a number of years nearly all the drainage N. of Lewis Street has been carried, it is now in a state that beggars description.

The Lewis Street and Lafayette Street ditch is of the same description as the Hamilton House ditch.

There is another matter connected with the Sewers now built, that I would beg to call the serious attention of your Honorable Body to, that is. All the sewers now built run down one side of the Streets. This I believe is caused on account of the Gas Company having laid their pipes in the Centre of the Streets, and their claiming to have the exclusive privilege on those streets where the pipes have been laid. If this right exists it is exceedingly detrimental to the proper drainage of the City, as only one side of the street derives the benefit of the Sewerage while the property holders on the other side are obliged to build 66 feet [illegible] to tap the sewer. I would suggest to the proper

Mch 28 1865

To your Honorable Body having this question examined at once, and hereafter when gas pipes are to be laid to oblige the Gas Company to lay them on one side of the Street so as not to interfere with the Sewerage of the City.

I would most earnestly suggest the early action of the Council upon the Sewerage question, as now is the best time to have the sewers build, & all mains and connections with them should be made before any permanent repairs are made to the Street by Gravelling, Macadamizing, paving or otherwise are recommended.

The Horse Rail Road related to by Contractor in the route granted by Ordinance on the 20 April inst. & therefore becomes necessary that the Street through which they run should be brought to the proper grade, this is much which deserves favorable consideration, being by Gilbert and Fay. I would suggest that an agreement be made on Penny St. Lippincott to and Cathcart St on the property holders on the general improvement & grading and gravelling of these streets, & these means the streets would be brought to a uniform grade without any [illegible] of [illegible] & [illegible] grade would be removed. The whole thing can be done by the Order of the Common Council at once, and the R.R. Company have to pave their pro rata share for their right of.

Cathcart Street from [illegible] to the R.R. is in a very impassable condition not only being unsafe for vehicles to travel on but unsafe for pedestrians. The ridge at the head of Cathcart Street is in a most disgraceful condition, and must surely call forth the severest comments from strangers visiting the City. This requires immediate action.

Chestnut Street is another of our principal throughfares which requires repairing; it is useless to patch up and repair plank streets when the material is rotten, the only thing in such cases is to tear up the whole of the plank in the street and put down some permanent improvement. I believe the true economy of street building is: whatever improvement may be made, make it permanent and substantial, the patching and repairing of these plank streets is only a never ending expense, costing in a short time at a time it is [illegible] all up, & [illegible] of an alarming extent.

I have examined & have [illegible] by the City and find they contain about 8000 Cub. yds of gravel. There is also another gravel pit S. of our City from which [illegible] large amount of good coarse gravel can be obtained, but I have not been able to make a sufficient examination of the pit to warrant any approximate of the number of yards contained in the same.

All of which is respectfully submitted

which appointments were concurred in by Council.

The following Petition was presented.

To the Honorable the Mayor and the City Council of Fort Wayne Ia

We your Petitioners would respectfully represent that the improvement of Grand Street running along the South line of the Wabash Rail Way grounds is needed. It is not graded, has no side walks, and a pond of water covers a part of it, no ditches or gutters to convey the water from the Street to any established outlet.

Also that Harrison St running from Grand St south is in several places occupied by stagnant water, without grade or gutters, not only impassable to loaded wagons in some seasons of the year, but at all times unwholesome, affecting not only the atmosphere but the water in wells, drains or outlets for water are badly needed.

By these Streets above mentioned the population of the S.W. part of the City have to travel to market to Church and to their daily business many times in a week, besides the teams which are driven from the South West and South part of the County to the Depots with produce or for goods, must or would naturally pass through and along these Streets.

We pray that your Hon body will make adequate provision for the improvement and regulation of these Streets as will fit them for the use for which they were laid out and intended. And your Petitioners will ever pray &c

Pat'k Mc Donald & others

Which was referred to Com on Sts & Alleys with instructions to report at next meeting of Council.

City of Fort Wayne Ind. May 17th 1865. (Special meeting)

Common Council met in special session pursuant to following call.

To the Marshal of the City of Fort Wayne, Greeting.

You are hereby commanded to notify each of the Members of the Common Council of said City that there will be a special meeting of said Council at the Council Chambers in said City, on the evening of Wednesday the seventeenth day of May 1865 at 7 o'clock to take into consideration such matters as may then come before said Council, which special meeting is by me called in pursuance of law.

Given under my hand and the seal of said City this 17th day of May 1865.

D. L. Worden. Mayor.

Served the within notice on all the Members of the Board with the exception of Councilman Bower who is absent from the City, May 17, 1865.

P. McGee City Marshal.

Present his Hon the Mayor in the Chair and Councilmen Body, Downey, Edgerton, Hoagland, Kimball, Manning, Shirklinger, Underhill and Waddington.

His Hon briefly stated the object of the call, being to take into consideration the Nicolson Pavement, as also for the appointment of Supervisors.

City Civil Engineer submitted the following Report.

To His Honor the Mayor and the Honorable the Common Council of the City of Fort Wayne

Since the adoption of the Specification by your Honorable Body, concerning the Nicholson pavement on Columbia and Calhoun, the setting of Chicago stone Curbing on said Streets, and the Constructing of twelve inch concrete pipe sewer, with four inch connections, I have been to Chicago and seen the material for the pipe as mentioned in the Specifications. I find on examination and consultation with the different Sewerage Agents and Sewerage Engineer, that the concrete pipe is not a safe sewer to be used, they all recommend the glazed Clay pipe, with six inch connections, and diagonal joints, all agree that four inch connections are too small, and therefore liable to be choked up. I also find upon examination, that the quarry men of Chicago cannot furnish four inch curbing, as there is only one strata of that sized stone running through their quarries, but they can furnish five inch curbing in any quantity immediately.

There will be no difference in cost by adopting the twelve inch glazed pipe instead of the concrete pipe, per lineal foot, but for the six inch pipe the difference will be twelve cents per lineal foot.

The difference in cost for five inch curbstone instead of four inch, will be ten cents per lineal foot or two dollars per every twenty feet. —

May 17 1865

The comparative increase in the cost of these materials will be amply repaid by the benefits accruing from their adoption. I would therefore respectfully recommend the altering of the specifications, so as to conform to five inch curbing and twelve inch glazed bay pipe with six inch connections.

I could not obtain the necessary information from Chicago before drawing up the specifications, as only one Sewerage Contractor answered my letter and he only mentioned the concrete pipe, on which latter I based my estimate.

All of which is respectfully submitted

W. S. Gilkison
City Civil Engineer.

I would also beg to report that it is absolutely necessary to have fifteen sand pits dug at the corners of the Streets, where the Nicholson pavement is to be laid, for the purpose of carrying off the surface water into the sewers, - it would therefore be advisable to let the Contract for this work immediately. The average cost of each sand pit with twelve inch glazed pipe connections would not exceed fifty dollars.

W. S. Gilkison

Common Council met pursuant to adjournment.
Present his Hon Mayor Worden in the chair and Councilmen Cody, Downey, Edgerton, Hoagland, Kimball, Manning, Nirdlinger, Power, Underhill and Waddington.

Minutes of last Regular meeting May 9. '65 and of intervening Special May 17. '65 read, approved and signed.

The following Petition was presented.

To his Hon the Mayor & Council of Ft Wayne.

We the undersigned your petitioners learning that you are about to appoint a Market Master for the ensuing year, desire and petition your Hon body to appoint Mr Wm D. Henderson and would recommend him as the most suitable and efficient person for the said office, and we the undersigned Petitioners in duty bound will ever pray &c May 20. 1865

Which Petition was laid over until next meeting without action.

The following Petition was presented

To His Hon the Mayor & Com Council Ft Wayne.

The Petition of Lewis Greibel a Citizen of Fort Wayne humbly sheweth That he is the owner in fee of 30 feet of Real Estate on the S side of Berry St between Clinton and Barr Streets, that he has been to great expence in erecting his new brick building, in consequence of which he is much cramped for means.

Your Petitioner would therefore pray that your Hon body permit him to put down a plank sidewalk on said St. for temporary purposes instead of Stone flagging as provided by the Ordinance, and as soon as his circumstances will permit he will put down the Stone flagging as required. And your Petitioner as in duty bound will ever pray. May 23. 65.

Lewis Greibel.

Which petition on motion of Councilman Edgerton was laid on the tables.

The following Petition was also presented

State of Indiana, Allen County, City of Wayne

Personally appeared before the undersigned Mayor of said City Robert E. Fleming who being duly sworn on his oath says that the Board of Equalization for said City for 1864 added to the personal property of said Affiant the sum of $8000 That said sum of $8000 was an excess above the real value of the personalty of said Affiant. He therefore asks that a reduction of that amount be certified to the Treas.r and he ordered to deduct said amount from the taxables of said Affiant.

R. E. Fleming.

Subscribed & Sworn to before me this 23d May 1865. (SEAL) J. S. Worden. Mayor

Which Petition was referred to Com on Finance.

May 23d 1865.

The following Remonstrance was presented

To the Hon the Mayor & Com Council of the City of Fort Wayne, the Petition of the undersigned property owners on Columbia & Calhoun streets, sheweth: That in the opinion of said property owners the action of your Hon body in respect to the determination to lay down the Nicolson Pavement on the above named streets has been hasty and without due consideration.

In the first place it is understood that the Council intends to levy a special tax upon said property owners for the expense of this improvement

How this may, or may not be legal, which your petitioners, under present circumstances, will not undertake to decide, but they are aware, that it was understood and agreed between the property owners & the City Council at the time of the original improvement of these streets that the City should in future keep them in repair, out of the general taxes of the City.

Your Petitioners therefore cannot believe that it is legal & they are quite satisfied, that it is not equitable & just that they should be taxed for the perpetual improvement of these Streets for the use of the whole City & County, while the Corporation receives the taxes upon the Cars & Carriages that chiefly wear out the road & while they the said property owners are at the same time assessed to the general tax of the City.

And secondly your Petitioners object to the improvement in question being made at this particular time when labor & material are so extremely high, probably double the price that either may be one year hence

Your Petitioners further believe that the Nicolson Pavement already put down in this City was not done in the best possible manner & they are aware that unless very particular specifications have been adopted between the City authorities & the Contractors, as to the method of laying down & the material used, that the said pavement will not last the usual time of such pavements in other cities.

As to the durability of the aforesaid pavement, your Petitioners beg leave to call your attention to the first pavement of the kind put down in the City of Chicago, which is now in a rapid state of decay, We would also refer you to the experience of New York & other Eastern cities which have abandoned the idea of constructing the Nicolson Pavement as a lasting & permanent improvement. As another reason also, for opposing this kinds of improvement your Petitioners would remind you that they have been informed that there exists within the vicinity of the City, the best & most lasting kind of material for the construction of Streets; they therefore most earnestly pray that your Hon body will rescind the order you have made for the construction of this Wooden pavement, which will at most last but a few years & instead adopt the plan of Mr McAdam which if properly executed will last for all time with very slight expense to keep the streets in repair & as in duty bound your Petitioners will ever pray.

Signed Richd Sulby, S. H. Shoaff & others

City Atty submitted following Report + Opinion

To the Hon the Mayor + Com Council Ft Wayne

Having been requested by the Com on Finances + other members of the Council to examine the proceedings of the Council in regard to the placing of the Nicolson Pavement on Columbia + Calhoun Streets in said City + having done so the undersigned would respectfully Report That at a meeting of said Council held on the 11th of April last an Ordinance was introduced for the construction of said pavement on parts of said Streets which was at the same meeting by the suspension of the order of business duly + legally passed by a unanimous vote of the Council, subsequently public notice was given in accordance with the said Ordinance, and bids for the same were opened at the Regular meeting of said Council on the 9th of the present month + the bid of Mess Fleming, Silvers + others accepted by the Council + in accordance with said bid a contract has been executed by + between said City + said Contractors which now only awaits the approval of the Council

Sec 66 of the City Charter declares that when the owners of 2/3 of the whole line of lots or parts of lots, bordering on any Street &c shall petition the Common Council for a partial or full improvement of a Street + the Common Council may cause the same to be done by contract after receiving proposals &c

Sec 68 provides that the Common Council with the concurrence of 2/3 of the members thereof may cause or order any or all of the improvements mentioned in Section 66 without such petition

The Supreme Court of the State in the case of Silvers vs The Board of Co Com of Allen Co amongst other things say and decide that it is immaterial whether any petition had been filed or not as the Council had power by the concurrence of 2/3 of their No to construct such improvements without petition thereby declaring that a vote of 2/3 of the Council for an improvement without petition is equally legal + binding as if 2/3 of the property owners on such Street had petitioned the Council for the same. This work having been ordered by a unanimous vote of the Council there can be no doubt of its legal + binding force upon the owners of Real Estate along said Streets.

Sec 69 further provides that on appeal to Court from the precept issued by order of the Council to collect the amt assessed against each owner of such lots or parts of lots. That no question of fact shall be tried which may arise prior to the making of the contract for such improvements under the order of the Council

The requirements of the Charter having been fully complied with by the Council to the present time in regard to ordering + contracting for said improvements it follows that if subsequently the same course is pursued there can be no doubt of the ability of the City to have the collection of the amount charged to each lot for said improvement enforced by the Courts.

Respectfully.

Civil Engineer submitted the following Report.

To His Honor the Mayor and the Honorable the Common Council of the City of Fort Wayne.

At the request of some of the members of the Council and numerous Citizens I have made a thorough examination of the Hamilton House Ditch and beg to lay before your Honorable Body plans and estimates for the construction of a five foot round brick sewer, in the place of said ditch.

Upon examination I find that along both sides of the Alley through which this ditch runs, commencing at Washington Street and extending to the Centre of the Block between Wayne and Berry, the foundations of the houses are built exactly on the line of the Alley. It would become necessary if your Honorable Body saw fit to lay the sewer in this channel to excavate at least five feet below the present bottom of the ditch, this would necessarily endanger the safety of the tenements along said alley, and would require an enormous outlay to prevent the buildings from falling down by reason of the undermining of their foundations for the bottom of the sewer. As the present bottom of the sewer is only four feet on an average below the grade of the streets while the sewer

excavation for the bottom of the sewer being five feet in diameter, would be nine feet and a half. Again a sewer running along an Alley, can not drain the property on the Streets. It is almost impossible to make any estimate of the probable cost of constructing a sewer through the alley, and along the present line. As I do not believe any Contractor would take the responsibility of excavating it out, on account of the risk of undermining the foundation of the houses abutting thereon. — I would earnestly suggest that a new sewer be built either on Harrison street from Jefferson to Columbia connecting with the sewer at that point, or else on Webster street from Jefferson to Berry street thence East along Berry street to Harrison, thence North along Harrison to intersection with Columbia street sewer. The distance along Webster to Columbia would be 2311 feet, with a fall of three inches per 100 feet, and an average cutting of 9½ feet. Webster street is the lowest point between Harrison and Ewing street, it being a little lower than the present surface grade of the streets, where the drain now runs. A 5 foot sewer can be built on this route, including sandpits, manholes and connections for $5.71 per lineal foot. The advantage of having the sewer on the Webster street route would be that the drainage would be equally distributed, there being a sewer on Calhoun street and one on Griffith street being 2 blocks each way. On Harrison st. the distance from Jefferson to Columbia to sewer, would be 1900 feet, with a fall of 5 inches per 100 feet; this sewer can be built for the same price as the Webster st. one; $5.71 per lineal foot including sandpits manholes and connections. Harrison st. as appears by the plan is some 4 feet higher than Webster st, and the only difference there might be in the expense, would be the extra excavation.

I would also beg to recommend that Water st. on the Northside of the canal between Calhoun and Barr street be filled up to the proper grade, as in his present condition it has a tendency to impair the health of the neighborhood.

Berry street between Calhoun and Clinton, is in a most disgraceful condition, the block being opposite the Forbes House, calls forth the severest condemnation from strangers; I would recommend immediate action in regard to this block.

Jackson street in the West end it also in very bad order, the centre of the street between Jefferson and Wilt has been dug out, and in its present state forms a disgusting mudhole

All of which is respectfully submitted

The Contract, Specifications and Bonds for the construction of the Nicolson Pavement on parts of Columbia & Calhoun Streets and the construction of a Sewer and connections on Columbia St between Calhoun and Clinton Streets were presented to and approved by the Council. Which contract specifications & bonds are in the words and figures following towit

This Agreement made and entered into, this seventeenth day of May 1865 by and by and between, David J Silvers, Stephen B. Bond, William Fleming and Josiah Reid of the City of Fort Wayne, of the County of Allen, State of Indiana, of the first part, and the Common Council of the City of Fort Wayne of the second part.

Witnesseth: That the said party of the first part doe, covenant and agree to, and with the said party of the second part, to grade and construct the Nicolson pavement on the following Streets in the City of Fort Wayne, to wit: Columbia Street commencing at the East line of Harrison street and extending to the East line of Barr Street. On Calhoun Street commencing at the Southline of Columbia Street and extending to the South line of Wayne street. Also to set good, sound Chicago stone curbing, five inches thick, by not less than three feet in length and eighteen inches in depth on both sides of the aforementioned Streets from and to said points at beginning and ending. Also to lay and construct a twelve inch glazed pipe sewer on Columbia Street, from Clinton Street to Calhoun Street, with six inch connection pipe every twenty feet for cellar drainage, and also to make connection with same kind of pipe on the other portions of said Streets at such points as the Engineer may direct All of said work to be done according to the true intent, and meaning of the Specifications hereunto attached and made a part of these presents And the said parties of the first part hereby covenant and agree to and with the said party of the second part to well and faithfully complete and finish of all of the above mentioned work on the days and times hereinafter mentioned, and to furnish all materials whatever for the same at the following prices, to wit: Grading and paving with Nicolson pavement: two Dollars and seventy Cents per square yard. Setting Stone Curbing one Dollar — per lineal foot. Laying twelve inch Sewer pipe including excavation two Dollars and forty cents per lineal foot. Six inch connection pipe one Dollar and sixty two per lineal foot. Said Amounts to be collected by the said parties of the first part at their own expense from the owners of the property bordering on said improvement according to their

respective number of feet, and from the Common Council for the crossings of Streets and Alleys in Corporation Orders bearing six per cent interest, but payment thereof to be withheld so long as any sums remain unpaid to laborers employed by the Contractors for work done in the prosecution of such improvement. It is hereby expressly understood that no assignment of this contract shall be made to any other party without the consent of the Common Council.

The said parties of the first part further agree to perform the work according to the Specifications hereunto attached.

The Contractors to supply all earth required to complete the necessary grading, and if a surplus, to remove the same to some Street or Alley, not exceeding a distance of half a mile, as shall be directed by the Civil Engineer, and spread the same to his satisfaction. To be finished on or before the first day of September 1865, to the entire satisfaction of the Civil Engineer, and should said work not be finished by the time specified, and according to the specifications, then the said party of the second part shall have the privilege and option of forfeiting this contract, and of reletting the same, and the parties of the first part shall be responsible for all damages that may accrue by said failure to perform said work according to contract.

In Testimony whereof: We the foregoing named parties, hereunto set our hands this 17th day of May 1865.

Specification

For Constructing the Nicolson Pavement.

Excavation

Wherever excavation shall be required the earth shall be removed to such place as designated by the Civil Engineer.

Filling

Wherever Filling shall be required it shall be composed of good earth, free from all perishable substance, and shall be properly rammed or otherwise packed so as to form a solid bearing. The surface to be graded to the proper crown and shape.

Gravelling.

Six inches of gravel shall be spread on the whole of the surface of the Street and Crossings, to be composed of good, clean coarse gravel of the best quality, according to the grade and crown as given by the Civil Engineer, the gravel to be used between the blocks must be washed clean from all dirt and other substance.

Flooring

A flooring of good sound white oak inch boards shall be laid in courses, lengthwise of the Street, and conforming with the grade and crown thereof, as directed by the Civil Engineer, their ends resting on stringers of the same material 2"×6" running across the street. They shall be well tared on both sides with hot boiled coal tar of proper consistancy to make a thorough coating.

Blocks

Blocks of good sound oak six inches in length sawed from three inch plank or joists shall be set up endwise upon the flooring in rows running across the Street, being separated by strips of board of the same material, not more than one inch thick nor more than three inches wide, placed on edge between the rows. The strips are to be nailed at each end obliquely to the block and floor by a tempering nail.

Tar and Gravel.

The spaces between the rows of blocks and above the strips shall be filled with a composition of clean roofing gravel and hot coal tar, thoroughly mixed and compactly rammed down by means of a pavers rammer, and an iron blade prepared to fit the joints. The gravel shall be composed of small pebbles of sizes from that of peas to that of walnuts, and free from fine particles, which may prevent the tar from penetrating. It shall be thoroughly dried and warm enough not to chill the tar.

The tar shall be composed of distilled coal tar, so boiled down and thickened, that when cool it shall be thick and fibrous, without becoming brittle, and in such quantities as to fill and penetrate the joint.

Top Dressing

The whole surface shall be thoroughly sprinkled with hot coal tar of the same quality as aforesaid, and immediately covered with roofing gravel mixed in equal proportions not less than three quarters of an inch thick.

Man Holes

The paving around the Manholes shall be made to conform to their size and shape, so as to admit of the covers fitting closely. Wherever the Engineer shall direct, holes shall be made of such size and shape as is necessary for the cesspoles and catchbasins to the Sewers.

General Specification

The contractor will be required to guard the public effectually from liability to upset their vehicles during the progress of the work both by night and by day, and will be held responsible for any damage the City may have to pay in consequence of neglecting the necessary precautions. — The contractor will be required to dismiss from his employment all incompetent and unfaithful persons who

to keep in perfect ~~order~~repair for six months after its completion the whole of his work, except in cases where the repairs may be rendered necessary by causes clearly beyond his control. — All of the work to be commenced and carried on at such places as the Civil Engineer shall direct. No work will be paid for, unless accepted by the Engineer. Bonds to an Amount satisfactory to the Common Council will be required as security for the faithfull performance of the work.

All of the above specified work to be completed by the first day of September A. D. 1865 to the full satisfaction and under the superintendence of the Civil Engineer, and according to the true intent and meaning of these specifications.

No contractor will be allowed to sublet the whole or any part of his work without the special permission from the Common Council.

Any proposer who shall fail to appear at the Council Chamber of said City either in person or by Agent, when the bids are opened and to furnish the required security, shall forfeit his claim to the work.

The Common Council reserve the right to reject any proposal at their discretion.

No claims for extra work or materials will be allowed, unless the same be ordered in writing by the Civil Engineer.

In case dispute shall arise, the Civil Engineer shall in all cases decide every question relating to the execution of the work, and his estimate and decision shall be final and conclusive.

Specification

for the setting of curbstones on Columbia Street from the East Side Harrison Street to the West Side of Barr Street, and on Calhoun Street from the South Side of Columbia Street to the North Side of Wayne Street.

Curb Stones

The stone used for curbing shall be of the best kind of Limestone or Freestone, free from all water and when set, shall be perfectly dry. The stones shall be hammerdressed, and the joints made so as to come close together, and shall be set firmly in the ground. The stones shall be five inches thick, not less than eighteen inches in depth, and three feet in length. They shall be set according to the lines and levels, as given by the Civil Engineer. All shaley or imperfect stones shall be rejected, and no stone shall be set, unless the Engineer accepts of the same.

General Specifications

The Contractor will be required to dismiss from his employment all incompitent or unfaithful persons, also to keep in good repair for six months after its completion the whole of his work except in cases, where the repairs may rendered necessaryby causes, clearly beyond his control.

All of the work to becommenced and carried on at such places as the

Civil Engineer shall direct.
No work will be paid for unless accepted by the Engineer
Bonds to an Amount satisfactory to the Common Council will be required for the faithful performance of the work.
All of the above specified work to be completed by the first day of September A.D. 1865 to the full satisfaction and under the superintendence of the Civil Engineer, and according to the true intent and meaning of these specifications.
No Contractor will be allowed to sublet the whole or any part of his work without special permission in writing from the Common Council.

Specification

for laying a glazed clay pipe sewer along the Center of Columbia Street between Calhoun and Clinton Streets.

Excavation.

These are to be made in such directions, and of such width and depth as shall be necessary. Wherever the nature of the ground will admit of it, the bottom of the excavation must conform exactly to the outside of the lower half of the sewer. The material excavated to be deposited on the sides of the trenches, and beyond the reach of slide. All gaspipes of whatever Kind or size to be carefully supported and protected from injury by the contractor, either till the pipe shall be laid and the trenches filled in, or till the Officers of the gasworks shall remove or change the pipes. Whenever necessary timbers and planks shall be used to support the sides of the trenches.
No allowance will be made for supporting the sides of the trenches with timber or planks, unless the should be required to remain, in which case they are to be paid for in board measure.
In no case without special permission shall the excavation for trenches

be more than one hundred feet in advance of the completed laying of the main pipe.

Materials

The main pipe shall be of good sound twelve inch glazed clay pipe free from all flaws and cracks, and the connection pipes shall be of the same material, six inches in diameter. Each pipe to be laid on a firm bed, and in perfect conformity with the lines and levels given. The ends of the pipes are to abut close against each other in such a manner, that there shall be no shoulder or want of uniformity of surface on the bottom of the drain. The rings are to be placed centrally around the joints of the pipes. The joints between the pipes and the rings, are to be as uniform as possible in thickness, and thoroughly filled with the best American Cement mortar without sand or any other substance, with only water enough to give proper consistency, and used as soon as made.

The six inch connection pipes are to be carefully closed at the ends with bricks and cement where required.

All earth and other material thrown from the trenches and not required for the filling of the trenches, are to be spread uniformly over the Street or carried away to such place as the Civil Engineer at his option may direct. Wherever planking is to be removed before trenches are dug, it is to be restored again to as good a condition as it was in, previous to the commencement of the laying of the pipe and connections and to the satisfaction of the Civil Engineer.

Outlets

The outlet of the main pipe into the sewer on Calhoun and Clinton Street shall be made by tapping off the sewer at such points as the Civil Engineer shall direct, and shall be imbedded with the best American cement mortar as aforesaid.

General Specifications

The contractor will be required to guard the public effectually from liability to fall into the trenches, or from upsetting their vehicles against the earth thrown from them, during the whole progress of the work, both by night and by day, and will be held responsible for any damage the City may have to pay for neglecting the necessary precaution.

The contractor will be required to dismiss from his employment all incompetent and unfaithful persons, also to keep in perfect repairs for six months after its completion the whole of his work, except in cases, where the repairs may be rendered necessary by causes clearly beyond his control.

All of the work to be commenced and carried on at such places and in such a manner as the Civil Engineer shall direct.

No work will be paid for unless accepted by the Engineer.
Bonds to an Amount satisfactory to the Common Council will be required as security for the faithful performance of the work.
All of the above specified work to be completed by the first day of September A. D. 1865, to the full satisfaction of the Civil Engineer and according to the true intent and meaning of these specifications.
No contractor will be allowed to sublet the whole or any part of his work without special permission in writing from the Common Council.
Any proposer who fails to appear at the Council Chamber of said City either in person or by Agent, when the bids are opened, and to furnish the required security, shall forfeit his claim to the work.
The Common Council reserve the right to reject any proposal at their discretion.
All claims for extra work or material furnished by the Contractor or for damages for any cause whatever must be reported to the Civil Engineer at the time, when such labor or materials are furnished, or such damages occur, and must be presented to said Engineer, at the time of his making an estimate of said work, otherwise the Common Council will not be bound to pay them.
The earth filled into the trenches after the pipe shall have been shall be properly rammed or otherwise packed so as to form a solid bearing.

The following Petition was presented.

To the Mayor + Com Council of the City of Fort Wayne.

Some 3 mos since I called on the City Civil Engr to establish the grade of sidewalk opposite my lot, for the purpose of laying my sidewalk in conformity with the grade established by your Hon body. The Engineer came and gave the grade on the East side of Clinton between Lewis and La Fayette Street. I had my timbers and other material on the ground ready to

June 13. 65.

commences laying the same, when your St Com came and ordered me to lay it at a certain grade, which I did, although I would at the time, have preferred laying my sidewalk at the grade established by your Engineer, but could not, for the reasons above given—

I now respectfully request that your Hon body will recognize my acts in the premises, so that if you should at any future time change the grade, I may be protected from the expense or trouble of raising or lowering the same, for the reason that I acted in strict conformity with instructions given by your Street Committee.

And your Petitioner will in duty bound ever pray. June 13. 1865.

Thomas Meegan.

Which, motion was granted.

Report of Thos D. Beard Market Master, showing the receipts from rent of stalls, stands, and posts in Barr St Market House to be $727.55 which report was accepted.

B. D. Rockers, City Assessor returned his books of City Assessment to Council which were received and Clerk ordered to give the proper notice by publication that the Common Council would commence its sitting as a Board of Equalization for the City of Fort Wayne at Council Chambers on Tuesday the 27th day of June 1865. at 10 o'clock A. M. to hear and decide all complaints in relation to the assessment of taxes for the current year and equalize the same as right and justice may require.

Monthly report of City Civil Engineer showing the amt expended on Streets as follows from May 11th to June 12th By St Com. repairing Streets & Sewers, Cleaning gutters and Sewers and building culverts $667.54 filling Water St between Barr and Calhoun $46.55 Total $1134.09 Which Report was concurred in.

City Civil Engineer presented a voluminous report on the condition and contemplated improvement of the Hamilton House Ditch, which report was concurred in.

St Com submitted following report

To the Hon Mayor & Com Council City of Fort Wayne.

Your Com to whom was referred the subject of constructing the Harrison St Sewer ask leave to make the following report. That they in company with the Engineer have made a personal examination of the same, and are of the opinion that said Sewer should commence on Harrison St near the Canal Basin from thence Southwardly on said Harrison St to Berry St from thence on said Berry St westwardly to the Alley between the Hamilton House and James Rachey's Lot, and from thence Southerly on the line of said Alley to the South side of Washington St making a distance of about 1640 ft.

Your Com are unanimous in the opinion that said Sewer should be constructed without delay, at the expense of the City, and they recommend that all persons that tap or drain into said Sewer be charged a reasonable price for the same, which will, according to a calculation made by the Engineer reimburse the City for the expenditure.

All of which is respectfully submitted.

Wherever the ground will admit of it, the bottom of the excavation must conform exactly to the outside of the lower half of the sewer. The material excavated to be deposited on the side of the trenches and beyond the reach of slides. All water or gas pipes of whatever kind or size to be carefully supported and protected from injury by the contractor either till the masonry or brick filling shall be finished or till the officers of the water or gas works shall remove or change the pipes. Whenever necessary, timbers and planks shall be used to support the sides of the trenches. No allowance will be made for supporting the sides of the trenches with timbers & planks unless the should be required to remain in which case they are to be paid for by board measure. In no case shall the trenches be more than twenty feet in advance of the completed masonry.

Foundations

Whenever the soil is sufficiently firm the masonry is to be laid directly on the bottom of the excavation, but whenever this shall not be the case, the Contractor is to furnish and put in place gravel or boards of suitable quality and dimensions. No extra allowance will be made for dumping or filling.

July 26 '65

Materials

All materials of what ever nature required in the construction of sewers and drains to be furnished by the contractors and to be approved by the Civil Engineer before being used. All rejected material to be removed immediately from the work so as to effectually prevent there being used in it.

Centering and Patterns

All centering and patterns to be made strictly according to the plan or direction furnished and so constructed as not to yield under any pressure that they may be subjected. No centering to be removed before the back filling over it is sufficiently completed to prevent any injury to the masonry.

Masonry

The mortar to be made by thoroughly incorporating two parts of clean sand with one of Roman Cement of the brand known as Clarks Atlas Hydraulic Cement mixed half and half in dry state just adding water enough to give it a proper consistency and used as soon as practicable after being mixed. Every brick must clean and thoroughly wet if required just before being laid. Whenever a difference occurs in the character of the brick for smoothness of surface the best are to be used in the bottom and the poorest in the top of the two, and two and one half foot sewers which are to be formed of one ring or shells of wedge shaped or common bricks. The three, four and six foot sewers are to be formed of two rings or shells the smoothest bricks to be used in the bottom of the inside ring or shell and the roughest together with such broken ones as the inspector may direct to be used on the outside ring or shell. Every brick in the inside of the sewer to be laid four and smooth by line and to the true cylindrical form given for each case. The bricks in each course are all to be of a uniform size and to break joints with those in the adjoining courses. Every brick is to be thoroughly embedded in mortar under its bottom and on its sides and ends; which is to be performed by one application for each brick and no case shall the mortar be worked in after the bricks is laid. The joints between the courses shall not exceed half an inch in thickness and between the rings or shells they shall not be less than half an inch. The mortar joints on the inside of the sewers below the center line to be carefully struck when laid and those above to be smoothed with the brick and to immediately after the centers are struck; and the mortar scraped off and removed entirely from the sewer which is to be left perfectly clean. If however precautions unforseen circumstances may render necessary in order to make the sewers unyielding and impervious shall be taken and all extra work caused thereby shall be paid for at the estimation of the Engineer.

Man Holes

Man holes are to be made of the form dimensions and materials shown on the plan of the same and of the same class of masonry as the sewers so far as brick work is used.

Outlets

The outlets or terminations of the sewers are to be of stone or brick laid in cement mortar and of the forms and dimensions as shown in the plans. All inside junctions whether for lateral sewers, catch basins or houses or lots and whether of brick or pipe are to be built into the sewers wherever required in as careful and thorough manner as the rest of the sewer is done and their ends to be effectually closed with

July 26. '65

Back Filling

As soon as possible after the top of the sewer is closed up at any point it is to be covered over with at least thirty inches of earth, and always to the top of the trench whenever that is more than thirty inches above the top of the masonry. This filling, is to be put on carefully in layers of not over six inches each and each layer before the next is put on is to be thoroughly work or rammed as the nature of the soil may render best, so as to prevent effectually all injury from settling, to sewers and the necessity of unusual repairs to the streets. The back filling to be made with earth taken from the trenches. All earth and other material thrown from the trenches and not required for the back filling are to be spread uniformly over the streets or thrown into the ditches as may be required. All the planking is to be removed before the trenches are filled it is to be restored again to as good a condition as it was in previous to the commencement of the sewer and to the satisfaction of the City Civil Engineer

General Specifications

The civil Engineer will have the right to connect private drains with any of the sewers embraced in this agreement as soon as said Engineer shall deem it Expedient. The Contractor will be required to guard the faubles from liability to fall into the trenches, or upsetting their vehicles against the earth thrown from them during the whole progress of the work both by night and by day, and will hold responsible for any damages the City may have to pay on account of neglecting the necessary precautions.

All the work to be commenced and carried on at such times and at such places and in such a manner as the Engineer shall direct. he being aided by his assistants and inspectors appointed for the purpose by the Common Council. The Contractor will be required to dismiss from his employment all incompetent or unfaithful persons, also to keep in perfect repair for six months after its completion the whole of his work except in cases where the repairs may be rendered necessary by causes clearly beyond his control. No work will be paid for unless accepted by the Engineer. Payments of eighty five per cent will be made on the Engineers approximate estimate of the amount due each Contractor and the remaining fifteen per cent will be retained till the completion of the work as security in part for its faithful performance. Bonds to an amount satisfactory to the Board will be required as additional security. No Contractor will be paid a monthly estimate after the first one unless he has paid his workmen in full up to the date of his previous estimate. All the above specified work to be completed by the first day of September A. D. 1866 unless the Common Council for any cause should find it necessary to suspend operations in which case the contractor shall receive ten day notice but shall be entitled to no pro rata for damages for such delay. No Contractor will be allowed to assign the whole or any part of his work or make any assignment of the moneys to be paid him without special permission in writing from the Common Council and each Contractor will be required to give his personal attention to the work. Any Contractor who shall fail to employ a sufficient force of competent men to complete the work he undertakes By the time specified may be dismissed by the said Engineer who shall in such case be authorized to complete the

July 26. 65

work at the cost of the contractor. Any proposer who shall fail to appear at the Council Chambers either in person or by his agent when the bids are opened and to furnish the required security shall forfeit his claim to the work.

The Common Council reserve the right to reject any proposal at their discretion. Contractor will be required to dig all stake holes necessary to give the lines and levels for their work. H S Gilkison City Civil Engineer

Said sewers to be constructed by the party of the first part at his own expense, upon the courses of the streets bordering on said improvement; according to their respective number of feet, and from the Common Council for the connection of streets and alleys, in Ordinance No. bearing six per cent interest, but payment thereof to be withheld so long as any sums remain unpaid to persons employed by the Contractor for work done in the construction of sewers in pursuance of said ordinance. It is hereby expressly understood that no assignment of this contract shall be made to any other party without the consent of the Common Council. The party of the first part further agrees to perform the work according to the specifications annexed thereto, and to repair all such injuries as may take place in consequence of grading, and if any shall be caused to cave out a alley, and excavating a distance of half a mile, as may be directed by the City Engineer and spread the same to his satisfaction, It is further agreed on the part of the first party that the work shall be completed on or before the first day of October 1865 to the entire satisfaction of the City Engineer and should said work not be finished by the time specified, and according to the above specifications, then the said party of the second part shall have the privilege and option of forfeiting this contract and of retaining the same and the party of the first part shall be responsible for all damages that may accrue by said failure to perform said work according to contract.

In Testimony Whereof, the the said parties, hereunto set our hands, this 31 day of July 1865.

For the Common Council of the City of Fort Wayne. A. L. Chidester
W. S. Gilkison City Engineer
A. D. Pondrom City Clerk

Specifications for the Construction of Sewers in the City of Fort Wayne, Indiana.

Excavations.

There are to be made in such directions, and of such widths and depths as shall be necessary, Wherever the nature of the ground will admit of it, the bottoms of the excavation must conform exactly to the outside of the lower half of the sewer. The materials excavated to be deposited on the sides of the trenches, and beyond the reach of slides. All water or gas pipes, of whatever kind or size, to be carefully supported and protected from injury by the contractor, either till the masonry and back filling shall be finished, or till the purposes of the work or pipe marked

... remove ... as ... piles, wherever necessary. timbers and planks shall be used to support the sides of the trenches. No allowance will be made for supporting the sides of the trenches with timbers or planks, unless they are ordered to be left to remain, in which case they are to be paid for by board measure. On no case, without special permission, shall the excavation of trenches be more than One hundred feet in advance of the completed masonry.

FOUNDATIONS.

If ... the soil is sufficiently firm, the masonry is to be laid directly on the bottom of the excavation, but whenever this shall not be the case, the Contractor is to ... and put in place gravel or broken of suitable quality and ... As extra allowance will be made for pumping or bailing.

MATERIALS.

All materials of whatever nature, required in the construction of the sewers and ... to be furnished by the Contractor, and to be approved by the Civil Engineer before being used. All rejected materials to be removed immediately ... the work, as ... ... their being noticed by ...

CENTERING & PATTERNS.

All centering and patterns to be made skillfully according to the form or dimensions required, and so constructed as not to yield under any pressure to which they may be subjected. No centering to be removed before the brick forming ... it is sufficiently consolidated to prevent any injury to the masonry.

MASONRY.

The mortar to be made by thoroughly incorporating two parts of clear sand with one of cementitious element, of the brand known as Clarke's Potsdam Hydraulic Cement, mixed dry and not in a damp state, then adding just water enough to give it a proper consistency, and used as soon as practicable after being mixed, & no brick must be thrown and thoroughly wet, if required, just before being laid. Where a difference occurs in the character of the brick for ... thickness of masonry, the best are to be used on the bottom and the poorest on the top of the two, and two and one-half foot sewers, which are to be formed of One rings or shells of wedge-shaped or common bricks. The three, four and six foot sewers are to be formed of two rings or shells, the smoothest brick to be used on the bottom of the inside ring or shell; and the roughest together with such broken ones as the inspector may direct to be used, on the outside ring or shell. Every brick on the inside of the sewer to be laid full and smooth to line, and to the true cylindrical form given for each case. The bricks in each course are to be laid all stretchers, and to break joints with those in the adjoining courses. Every brick is to be thoroughly embedded in mortar under its bottom and on its sides and ends; which is to be performed by ... operation for each brick, and in no case shall mortar be worked in after the brick is laid. The joints between the courses shall not exceed half an inch in thickness, and between the rings or shells they shall not be less than half an inch. The mortar joints on the inside of the sewers below the centre line to be carefully struck ... laid, and those above to be smooth with the brick work immediately

after the centres are struck; and the mortar or [illegible] is to be removed entirely from the sewer, which is to be left perfectly clean. Whatever precautions unforseen circumstances may render necessary in order to make the sewers both unyielding and impervious, shall be taken, and all extra work caused thereby shall be paid for at the estimate of the Engineer.

-MAN-HOLES-

Manholes are to be of the form, dimensions and materials shown on the plans of the same, and of the same class of masonry as the sewers, so far as brick work is used.

-OUTLETS-

The outlets or terminations of the sewers are to be of stone or brick, laid in cement mortar, and of the form and dimensions shown on the Plans. All side junctions, whether for lateral sewers, catch basins, or [illegible] or both, and walls of bricks or pipe are to be built into the sewers, wherever required, in as careful and thorough a manner as the rest of the work is done, and their ends to be effectually closed with brick and cement.

-BACK FILLING-

As soon as possible after the top of the [illegible] up at any point, it is to be covered over with at least [illegible] of earth, and always to the top of the trench wherever that is more than thirty inches above the top of the masonry. This back filling is to be put on carefully, in layers of not over six inches each, and each layer, before the next one is put on, to be either thoroughly wet or rammed as the nature of the soil may render best, so as to prevent effectually all injury from settling to sewers and the necessity of unusual repairs to the streets. The back filling to be made with earth taken from the trenches, but such material thrown from the trenches, and not required for the back filling, are to be spread uniformly over the street, or thrown into the ditches, as may be required. All the planking is to be removed before the trenches are filled. It is to be restored again to as good a condition as it was in previous to the commencement of the sewers, and to the satisfaction of the City Civil Engineer.

-GENERAL SPECIFICATIONS-

The Civil Engineer shall have the right to connect private drains with any of the Sewers embraced in this agreement, as soon as said Engineer shall deem it expedient. The Contractor will be required to guard effectually from liability to fall into the trenches, or from upsetting their vehicles against the earth thrown from them, during the whole progress of the work, both by night and by day: and will be held responsible for any damages the City may have to pay in consequence of neglecting the necessary precautions.

The Contractor will be required to diminish from his employment all incompetent persons, and to keep in proper repair for six months after the

of [illegible], the city of [illegible], except in cases when the repairs may be rendered necessary by causes clearly beyond his control.

All of the work to be commenced and carried on at such times, and in such places and in such a manner as the Engineer shall direct; he being aided by his assistants and Superintendents, appointed for the purpose by the Common Council, No work will be paid for unless accepted by the Engineer. Payments of ninety five per cent, will be made on the Engineers approximate certificate of the amount due each Contractor, and the remaining fifteen per cent will be retained till the completion of the work, as security in part for its faithful performance. In case an unsatisfactory to the Board will be required as additional security. No Contractor will be paid a monthly estimate of the first one, unless he has paid his workmen in full, up to the date of his previous estimate.

All of the work required to be completed by the first day of October A.D. 1865 unless the Common Council in any case should find it necessary to suspend operations, in which case the Contractor shall receive two weeks notice in writing to that effect, or be entitled to no compensation for such delay.

No Contractor will be allowed to sub let the whole or any part of his work or make assignment of the moneys to be paid him, without special permission in writing from the Board, and each Contractor will be required to give personal attention to the work.

The Common Council reserve the right to employ a sufficient force of competent men to complete the work undertaken by the time specified, may be dismissed by said Board: who shall in such case be authorized to complete said work at the cost of the Contractor.

Any person who shall fail to appear at the Council Chambers, either in person or by agent, when the bids are opened, and to furnish the required security, shall forfeit his claim to the work.

The Common Council reserve the right to reject any proposals at their discretion.

Contractors will be required to dig all stake holes necessary to give the line and lines for their work.

W. S. Wilkison
City Civil Engineer.

I certify the above estimate is correct, and made in accordance with an order of the Common Council of the City of Fort Wayne

Approved August 22d 1865 W.S. Bilkeim Civil Engineer

Attest

E. S. Chittenden City Clerk

Which Estimate was accepted and approved by the following Vote: Yeas: Cody, O'Connor, Edgerton, Hoagland, Manning, Swallbrizer Power and Waddington (8) Nays (none) and parties in said estimate indebted ordered to pay contractors their respective assessments as per Estimate and Contract,

City Engineer filed the following report—

To his Honor the Mayor and the Honorable the Common Council of the City of Fort Wayne—

Upon making the Survey for the lines of sidewalks on Wayne, Washington and Jefferson Streets I find that nearly all the shade trees on these streets come either exactly on the 10 feet line prescribed by Ordinance, or else from 11 to 12 feet this would necessitate the sidewalks being say 14 feet in width, in order to protect the shade trees, at no point in these streets will the 10 foot sidewalk answer the shade trees, And as our Ordinance provides that no shade tree shall be disturbed it therefore becomes necessary to make some change, Upon Wayne Street between Clay and Monroe Streets I have made this change as otherwise the most of the trees would have been damaged in cutting down the sidewalk. By having the sidewalk thus arranged it would give 8 feet for sidewalks and 6 feet for shade trees to the curbing, thereby doing away effectually with any annoyance or disarrangement of the shade trees in future. As the class of improvements now under weigh is of a permanent order, it is essential that some uniformity should be observed. In most cases where the shade trees interfere with the sidewalk lines, as established by ordinance, the property holders interested, are agreeable to the change that is, make the gravel walks on the streets aforesaid 8 feet and leave 6 feet to the curbing for the purpose of planting and preserving shade trees, thus making an avenue along the street, unless something of the kind is done no uniformity can be obtained along the East and West Streets mentioned. This is a plan of improvement which is carried out in all Eastern Cities and will add much to the beauty and convenience of the streets Your Honorable body will perceive this method does not alter the width of the sidewalks but merely gives 6 feet for the protection and

planting of shade trees. I would therefore ask to be instructed in regard to the premises -

Com on Fin reported favorably on A/c of P. F. W. & C. R. R. Co. amtg to $223. for Sewer on Calhoun St and ordered same paid.

Sept 26. 1865.

Civil Engineer filed following Contractors Bond

Know all men by these presents that we Joseph Silvers & Jno E Hill and Alexander Orbison carrying on business under the style and firm of Hill and Orbison of the City of Fort Wayne County of Allen, State of Indiana are held and firmly bound to the Common Council of the City of Fort Wayne in the sum of Fifteen thousand dollars the payment whereof well and truly to be made we bind ourselves our heirs, Executors and Administrators firmly by these presents.

Whereas on the thirty first day of July 1865 an Agreement was entered into between one D. P. Anderson party of the first part and the Common Council of the City of Fort Wayne party of the second part. for the purpose of building a four and one half foot double ring round brick sewer in the City of Fort Wayne beginning on Columbia Street at the culvert, thence to centre Harrison Street, thence to Berry Street thence to the Alley between Lots 508 & 509 Wanmaxs Addition, thence South along said Alley to the South side of Alley between Berry and Wayne Streets with man holes and sand pits where directed by the City Engineer.

And whereas the said Anderson in said recited Agreement agreed to construct said Sewer at the price or sum of six dollars per lineal foot including excavation & manholes — To construct sand pits with connection pipes and wooden covers at fifty dollars per sand pit including excavation, which said Contract and bond accompanying it was approved of by the Common Council on the Eighth day of August 1865

And Whereas the said D. P. Anderson has sold out all his interest, claim or demand whatsoever of for in or to said Sewer to Joseph Silvers by regular deed of Assignment bearing date the twenty sixth day of Sept A.D. 1865.

The Conditions of the above Obligation are such that if the above bounden Joseph Silvers shall faithfully comply with the provisions contained in the contract made and entered into with his Assignor D. P. Civil Engineer submitted following report

To his Hon the Mayor and the Honorable the Common Council of the City of Fort Wayne

I herewith beg leave to present a plan and Report of the proposed change of Ewing St referred to me by your Hon body. It will be seen by the plan that Ewing St South of Jefferson 30 ft, and that a spaces of 19 feet is left for the St between the Additions as shown in the plan. I find by actual survey that the section line and additions as surveyed, will not agree with the recorded distances, and that this portion of the City is in a very unsatisfactory condition regarding the position of the Streets. In fact on Lewis St West of Harrison no width can be found to the St from the recorded plats. the only dimensions that can be found is in Spencers Add where they donate 12½ feet as a Street.

I would also call the attention of your Hon body to the present state of Lot 109 Old Plat on the S side of Berry St near the Archie House belonging to Moses Scott, the whole of the lot is now covered with stagnant water and requires to be filled in at once.

All of which is respectfully submitted

Sept 26 1865. W. S. Gilkison. City Engineer.

Which report so far as Ewing St is related to was referred to City Atty & Com on Sts

In connection with which report Councilman Cody offered the following resolution.

Resolved that the St Commissioner be instructed to fill Lot No 109 Old Plat the property of Moses Scott under the direction of the City Civil Engineer and have the same done at the expense of the said Moses Scott.

M. Cody.

Which resolution was adopted by the following vote Yeas: Cody, Downey, Edgerton, Kimball, Nirdlinger, Powers, Underhill, Waddington, (8) Nays (None)

Civil Engineer presented following Report:

To His Hon the Mayor and Honorable the Common Council of the City of Fort Wayne.

Your Engineer to whom was referred his Estimate for gravel used by the Nicolson pavement Contractors begs leave to submit the following Report That he has consulted with several Civil Engineers and Contractors in Chicago personally and that they make the following calculations

Clean Gravel used between the cracks	44 Cub yds
Top dressing	55
	99 yds
Allowing difference between gravel and clean gravel	50
	149 Cub yds

making a difference with my Estimate of 2 Cub yds – I therefore feel satisfied my Estimate of 151 C yds is correct, and much under the amount actually used by said Contractors, the only point of difference that can arise is the price of the river gravel used by said Contractors. All of which is respectfully submitted.

Common Council met pursuant to adjournment.

His Hon the Mayor being absent, Councilman Edgerton was on motion called to the chair.

Present Councilman Cody, Downey, Edgerton, Hoaglands, Nirdlinger, Underhill (6)
Absent Councilman Kimball, Morning, Power Washington (4)

Minutes of last Council night read approved and signed.

Petition received from Jas H. Robinson complaining of the almost impassable condition of Harrison St in the locality of his business houses consequent upon the construction of the Sewer, the St planks never having been properly replaced, Also complaining of the bad condition of sidewalk on Cor Columbia & Harrison. Which petition was referred to Com on Streets and Alleys.

Com on Finance submitted following report.

The Com on Finance to which was referred the Estimate of the City Civil Engineer to Kaune & Co for work done on certain cisterns of the City, in pursuance of an agreement with the Engineer dated Nov 7. 1865 Report. That on the 13th June 1865 the Committee in the Fire Department reported that they had examined the report of the City Engineer suggesting certain points for locating cisterns, and had agreed to his suggestions. Whereupon the Council passed a resolution authorizing the Engineer to draw plans & specifications and advertize for proposals. This was subsequently done & proposals received and the contract awarded on the 12th July 1865. to Wm Paul & Co & executed by William Paul & Christian Koster as principals and H. R. Schwequman security. See Record, pages 449 50 & 51

Specifications in detail accompanied & were made a part of the contract. The work was to be completed Sept 1. 1865. The duties of the Engineer in this as in all other contracts are defined in the Ordinance prescribing the powers, duties & functions of the City Civil Engineer as also in the contract itself.

The Ordinance provides that the Engineer when necessary to secure the faithful & timely completion of such work, shall notify the Contractor therefor to employ additional force of men & horses, and in case of the neglect or refusal of such Contractor to comply with such notice, said Civil Engineer is directed immediately to signify such action in writing to the Council and such power of said Civil Engineer shall be expressed in all contracts for public work. In the contract with Paul & Co there was the usual condition of forfeiture "Should said work not be finished according to the true intent and meaning of the specifications hereto attached, then the said party of the second part shall have the privilege and option of forfeiting the contract and of reletting the same, and the parties of the first part shall be responsible for all damages that may occur by said failure to

perform said work according to contract"

It was the duty of the Engineer to make Monthly Estimates as the work progressed or to report to the Council in writing that the work was not being done according to contract and to await the action of the Council he has neither made an estimate or reported to the Council a failure to perform the contract.

On the 24th Oct '65 the Engineer reported an Estimate to James Doyle for excavation, made by special contract for cisterns at intersection Clinton and Wayne & Pritchard & Broadway @ 25$. On the 28th Nov a second and final estimate was made to Doyle for $834.50 Barr & Prince Montgomery & Lafayette Pritchard & West Streets in the words of the Estimate "on account of Paul & Co failure to perform their contract. This special contract with Doyle was made without any authority from the Council whatever, and at the time the first estimate was offered the Chairman of the Fin Com enquired whether it was contemplated to ask a forfeiture of Paul & Co's Contract or whether the agreement with Doyle was with the consent of Paul & Co, and Doyle therefore to be considered their Sub Contractor. The verbal reply of the Engineer was that the agreement with Doyle was with the consent of Paul & Co.

At no time before or since has the Council been notified that a forfeiture of the Contract was necessary.

On the 7 Nov an Agreement was made by the City Engineer with Kamm & Co to do certain work stating in the agreement that Paul & Co had failed to perform their contract. This agreement was not reported to the Council and the first official knowledge of it was communicated in the first Estimate to Kamm & Co made by the City Engineer on the 12 Dec 1865 $1177.65 which was referred to the Finance Committee.

The Com therefore without considering the prices agreed to be paid are compelled to report that the agreement with Kamm & Co is not the agreement of the City, and until some action has been taken by the Council in reference to the contract of Paul & Co, no action can properly be had on the contract of Kamm & Co, or the estimate to them. The Com ask to be discharged from the further consideration of this question and report the following resolution.

That the City Civil Engineer report to the Council in writing the condition of the work under the contract with Paul & Co, how much if any of said work has been completed by Paul & Co, and how much if any by other parties.

A. P. Edgerton.

Which report was concurred in and resolution adopted unanimously

The Bill of Dills & Campbell, for printing amounting to $88.90 heretofore referred to Com on Printing was referred to City Clerk with instructions to pay same if found correct.

Dec 26. 1865.

Bill of P. Bracken for $103.50 for building Sand pit + 10 ft Sewer of Alley on Baker St was referred to Com on Streets in conjunction with Civil Engineer.

Bill of C. J. A. Cowe for $476.35 being for Brick for Sewer was referred to Finance Com.

Councilman Edgerton offered the following resolution.

Resolved That the City Clerk be and is hereby directed to suspend until further orders all action in regard to Estimates for work by the City Engineer not heretofore certified to and paid

A.P. Edgerton.

Which resolution was adopted unanimously.

The Special Committee to which was referred the resolution of the Council in reference to the purchase of property North of the St Marys River, known as the Fair Grounds, for a City Park or other public uses report

That they have endeavored to obtain from the owners of the property satisfactory propositions of sale, in accordance with the resolution of the Council. The Committee have received from Messrs S.B. Bond, E.D. Bond, Wm Fleming & W.H. Jones, the owners of 27.$\frac{25}{100}$ acres of the property a proposition in writing to sell and convey said property to the City for the sum of $16.000 payable in the Bonds or orders of the City redeemable in ten years from date with interest at 6 per ct annually in City orders.

They have also received from H.B. Reed the owner of 19.$\frac{60}{100}$ acres a portion

Jany. 9. 1866

proposition to sell for $15.000. in like city securities, with like interest, and from H. J. Rudisill the owner of 11 33/100 acres to sell the same upon like terms for $2000. or for $1866. in current city orders. Also a proposition from Jno. W. Dawson the owner of 10. 25/100 acres to sell for $7000. in like securities. These propositions embrace 62 53/100 acres, to cost $40.000. to be paid in ten years with six per cent annual interest in City orders. While some of this property in the opinion of your Committee is not much too high, the aggregate price is a larger sum than the City ought to pay, especially as it has to pay, as a very necessary part of the purchase $4.500 for the building, fences & appurtenances placed on the ground by the Committee of the State Fair.

The Committee are of the opinion and would advise the Council to purchase this entire property, if the cost did not exceed $40.000. including the buildings & materials referred to, to be paid for as contemplated in the resolution of the Council.

Their opinion of the relative value of the property is as follows.

Bond, Fleming & Jones	37.75	14.500
H. B. Reed	19.69	13.500
J. W. Dawson	10.75	5.750
H. J. Rudisill	11.33	1.750
		$35.500.
Buildings & Materials		4.500.
		$40.000.

If the Council should conclude to make the purchase of the property at these prices, the Committee would suggest that the City Attorney be authorized to examine the titles and conclude the purchase.

The Committee would further recommend that the whole of said property or no part of it be purchased.

A. P. Edgerton. Chairman.

Which resolution was adopted unanimously.

Com on Gas submitted the following report.

The Com on Gas ask leave to make the following report.

That the City entered into a contract with the Fort Wayne Gas Light Co to furnish with Gas, and to light and extinguish the public lamps of said City for the term of one year from the 21 day of September 1864 at the rate of Three Dollars and fifty cents ($3.50) per thousand feet of gas consumed.

The Com recommend that this contract be extended one year, ending on the 21st day of September 1865, on the same terms and conditions.

Your Com find that the present mode of keeping the City lamps frames and Gas burners in order does not give satisfaction, and therefore recommend that this work be let by contract to some responsible party.

Which resolution was adopted unanimously

The Select Com to whom was referred the petition of Chapman Fletcher & others asking the exclusive privilege of running Carriages and Omnibuses from the Hotels and private residences in said City to and from the Rail Road Depots, for the term of five years report.

That the granting of such exclusive privilege would be against public policy for it would be an interference with the rights of Hotels and citizens to run their own conveyances and with licensed hacks and carriages to do their authorized business.

Although it is not so assigned in the petition, it is understood by the Com that the reason for the application is that the licensed Omnibus line is now running to and from the Depots at such times as to carry passengers from the trains on their arrival and thereby interfering with the line of the petitioners which is exclusively a line running to and from the trains. It was not contemplated by the Council in granting to Reed & Hackett the right to run an Omnibus line on certain streets, that the owners would seek to interfere with the line of the petitioners, and if they do so it is a violation of the implied, if not expressed

Jany 23. 1861

understanding at the time of passing the Ordinance in their favor.

Both of these lines now seemingly conflicting are necessary to the public convenience, and both will be liberally sustained by the community unless they needlessly destroy each other.

We Com fail to see any power possessed by the Council to prevent competing interests from destroying each other if they are so disposed. They can only suggest to the Street Omnibus line that the Council has power to compel the running of its Omnibuses at the precise times stated in the Ordinance.

A. P. Edgerton. Chn.

Which report was concurred in and ordered on file.

On motion the Civil Engineer was ordered to furnish plans, specifications and Estimate of cost of improved Swing Bridges & report next Council night.

His Hon the Mayor and City Atty to whom heretofore was referred the matter of examining the titles and procuring Deeds for Public park grounds submitted the following report

To the Common Council of the City of Fort Wayne

The Undersigned to whom was referred the matter of examining the titles and procuring deeds of certain persons for lands designed for a Public Park &c &c would respectfully report, That we have received Warrante Deeds from the following persons towit: H. B. Reed. D. H. Dawson, H. D. Rudisill, Hon H. Jones. William Fleming, C. D. Bond and L. B. Bond which deeds convey to said City the lands proposed by the City to be purchased of them respectively and that we believe said deeds correct and the title to the lands conveyed to be good.

Respectfully D. L. Worden. Mayor
D. P. Randall. City Attorney.

Which report was concurred in unanimously.

Councilman Edgerton submitted the following Preamble and Resolutions.

Whereas the City Council on the Fourth day of January instant unanimously passed a resolution authorizing the Mayor and City Attorney to make to the owners of certain property on the North side of the St Mary's river contiguous to the City propositions to purchase the same for a City Park or public ground towit: to

Jones Fleming & Bonds	27.75 Acres for	14.500.
Hugh B. Reed	19.69 "	13.500.
John W. Dawson.	10.75 "	5.750
Henry D. Rudisill	4.33 "	1.750

said sum to be paid in the Bonds or other securities of the City payable in ten years with interest thereon annually in City Orders; And whereas it now appears from the report of the Mayor & City Attorney this day made, that such propositions made by them in pursuance of said resolution have been accepted and that deeds for said property have been executed by the parties aforesaid and are now in possession of the Mayor & City Attorney, conveying a perfect title to said property to said City in fee simple.

Therefore resolved that said deeds be accepted, and that in pursuance of the authority vested in the City Council by the Charter of said City, there be issued to the Grantors named, who have complied with the terms

of the City payable to said Grantors or bearer for the sums due to each in amounts not less than One Hundred Dollars, redeemable at the City Treasury in ten years from this day, which shall be the date thereof, and payable with interest annually as shall appear by interest coupons to each of said Bonds attached at the office of the Treasurer of said City, in orders drawn by the City Clerk upon said City Treasurer.

Said Bonds shall be signed by the Mayor and countersigned by the City Clerk and the seal of the City attached thereto. The City Clerk shall make and preserve an accurate record of all said Bonds

And whereas, also in pursuance of said resolution the Mayor and City Attorney were authorized to propose to the Allen County Agricultural & Horticultural Society to purchase the fences, buildings, lumber & property owned by said Society around and upon said real Estate together with all the work and labor done upon the same and all interest of said Society in and to said buildings and materials for the sum of $4.500.

And whereas, it appears by said report of the Mayor & City Attorney that said Society has sold & transferred to said City in a legal manner all of said property, therefore Resolved That in payment therefor the Clerk of the City be & he is hereby authorized to issue his orders upon the City Treasurer for said $4.500. $3000. in sums not less than $100. and the balance in sums not less than $25. in the manner and form of ordinary City Orders, and that he be required to keep a seperate account of all such orders

Resolved further, That the City Attorney cause said deeds to be properly transferred and recorded

A. P. Edgerton.

City Attorney submitted following report

To the Mayor & Com Council City Ft Wayne.

The undersigned would respectfully report that on or about the 28 day of October 1865 one Frederick Frava was drowned in one of the cisterns there being built by Messrs Paul and Co on Montgomery St and that suits have been commenced against the City by Wm Frava Administrator of said Frederick for the sum of $5000. Also one by Dorothy Etting against the City for $15.000. Also another suit by Henry Frava for injuries to himself in the sum of $5000 all of which are now pending in the Court of Common Pleas of Allen Co Feby 13. 1866.

F. P. Randall. City Atty

On motion of Councilman Edgerton the firm of Worden and Morris were authorized to be retained as Co Counsel in defending said suits.

Committee submitted the following report

Your S. C. to whom was referred the petition of C. C Ford and others asking that his

property has been damaged to a certain extent by the running of the Harrison St Sewer through and along the alley adjoining his property on Berry St would report that on actual view we find his fencing and foundation damaged to a certain extent but how much we are unable to report, and cannot see why the City should be made a party to the damage, our opinion is that Petitioners 2nd course is solely on the Contractor and his bond. Councilmen Underhill and Wadington offered the following resolution.

Resolved

That the Council appoint two extra Policemen temporarily to be placed under the control of Capt Ward. F. J. Underhill

W Wadington.

Which resolution was adopted unanimously, a ballot was thereupon had, resulting in the choice of Wm Schoffman and Jacob Blaisdell

Com on Fire Department submitted the following report

To his Honor the Mayor and the Honorable the Common Council of the City of Fort Wayne.

Your Com on Fire Dept to whom was referred the matter of Paul & Co regarding the building of cisterns under his contract of July 12th 1865 beg leave to make the following report

That we have examined the contract and specifications entered into with Paul & Co for the construction of cisterns in the City of Fort Wayne dated July 12th 1865. That we find the said Paul & Co agreed to have said Contract fully complete and ended by the first day of September 1865.

That sometime about the end of September the Engineer let the contract to James Doyle to dig the balance of the cisterns undug by Wm Paul at seven & five cents per cubic yard, Said amount to be deducted from Paul & Co Estimate upon the completion of their contract. That Paul & Co bricked six of the cisterns dug by Doyle, namely the cistern at the corner of Clinton and Wayne Streets, and at the intersection of Broadway and Pritchard Streets. Your Committee in a conversation with Wm Paul find he was agreeable that Wm Doyle should dig the cisterns at that price, and his bill presented to the Council Nov 1865 he makes allowance for the digging of these two cisterns by Doyle which he had bricked up

In regard to the cistern at the intersection of Lafayette and Montgomery Street your Committee find that the Engineer on account of the nature of the soil made it a twelve inch wall instead of an eight inch, the extra 4 allowance of the four inch wall should be allowed Wm Paul.

Your Com also find that the same [illegible] fell into it on the

Feb 13. 1866

28th day of October 1865. while Paul + Co contract was in full force, and that the Engineer did not hire Mr Kaune and his men until the seventh day of November 1865. That your Committee consider Paul + Co to be the sole Contractors for the building of said Cisterns as mentioned in said contract. And that the Engineer hired the men to completes the work as Mr Paul would not fullfil his contract according to the terms thereof.

Your Com would therefore beg to recommend that the bills of Messrs Kaune + Co be allowed for the building of the cisterns on Lafayette and Montgomery Street. Pritchard and West Street and Bass and Prince Streets Also the bill of Messrs Foley and others for cleaning out the Montgomery and Lafayette Street cistern, after it caved in. Also the bills of Messrs Brown and Poston for work as Carpenters in covering the three cisterns aforesaid Also the bill of M.P. Swift + Brown Monroeville for oak lumber for the covers for said three cisterns, and the bill of Wm Wadington for pine + cant ling for platform of said three cisterns.

Your Com beg leave to report that the three cisterns built by Kaune + Co are now covered and completed with the exception of the cement.

Your Com also beg leave to report that they have made a thorough examination of all the cisterns under Wm Paul + Co's contract and find the three last named cisterns to be the only ones covered according to contract. Those covered by Paul + Co, the entrance trap covers are utterly useless and will be of no service to the City until new trap covers are put on.

Your Com would therefore suggest that the bills above mentioned when being properly certified by the Engineer be allowed, and the amount thereof be deducted from Paul + Co's Estimate, and the expense of putting on the new trap covers be deducted by the Engineer from Paul + Co's Estimate until the same be put on according to contract. And that the Engineer give Wm Paul + Co an Estimate on the work done on said cisterns, deducting the bills of Doyle, Kaune + Co, Foley et al, Brown + Poston, Mes Swift + Brown and Wm Wadington, for work done and materials furnished on the three cisterns to wit at the intersection of Pritchard and West, Prince and Bass and Montgomery + Lafayette Streets

Your Com have come to the above conclusions on the ground that Wm Paul + Co are, always have been, and now are the sole Contractors for the construction of these cisterns named in his contract of July 12/65.

All of which is respectfully submitted.

W. Wadington.

Mr. Probasco City Assessor appointed Willis D. Maier as his Deputy, and asks the Council to confirm said appointment. which the Council now do unanimously.

Finance Com submitted following report

The Finance Com to which was referred the demand of Mr Nicholson for patent fees for use of Nicholson Pavement so called recently laid in this city report. That as the Committee is advised the whole question of the right of Mr Nicholson to a patent fee as claimed by him is now pending before the District Court of the United States for the District of Illinois in a case between Mr Nicholson and the City of Chicago.
Until that case is decided the Committee request further time for the consideration of Mr Nicholsons claim against the City of Fort Wayne.
The Committee take this occasion to say that if Mr Nicholson ever had a just and legal claim against the City he waived it in his negotiation with the Contractors for the pavement and agreed to look to the Contractors as the parties actually using his patent, and as bound by their contract with the City to pay patent fees. The Committee however reserve a final report until such time as they can be satisfied that Mr Nicholson has any legal claim against any one.

Com on Sts + Alleys submitted the following report

The St Com. to which was referred the claim of Fox + Knight for plank curbing put down by them in East Akron &c Report- That the claimants state that they put down, and took up again a certain quantity of Oak curbing by the direction of the City Engineer + want 1¢ per foot therefor from the City

The City does not make side walks or put down curbing and pay therefor from the City Treasury. In all cases the property owners are required to pay for such work. The city has power to compel property owner to pay the cost of such work when done by virtue of the Ordinances of the City and in pursuance of a legal contract. No Ordinances of the City required the work to be done - neither did Fox + Knight have any contract to do it. If the Engineer directs work to be done not authorized and not within the scope of his authority under the Ordinances, the City is under no sort of obligation to pay for it, and Contractors + all others must ascertain for themselves what is work for the City and what is not. This is no just or legal claim against the City.

Your Com to whom was referred the matter of Fox and Knight would respectfully report that the work done by these parties should collect their pay from the party ordering it done.

Your Committee on Streets +c

Com on Streets + Alleys reported the following Agreement and Bond

No. 5. Vol. 1866

This Agreement made and concluded this Twenty First day of March A.D. 1866. Between W. Waldau of the City of Fort Wayne and State of Indiana party of the first part and the Common Council of the City of Fort Wayne of the second part. Witnesseth: That the said party of the first part, for and in consideration of the payments to be to him made by the said party of the second part as hereinafter set forth hereby covenant and agree to construct, completed and put in readiness for use and keep in perfect repair for one year after the same shall have been faithfully completed a timber swing bridge, across the Wabash and Erie Canal, where Barr Street in said City crosses the same; said bridge to be built after the design and plan of the Swing bridge now constructed and in use across said Canal on Calhoun St. in said City, with turntable, foundations, platforms, and the appurtenances to the same; the said party of the first part hereby agreeing to furnish all the materials of every kind required in the construction and completion of the work covered by this contract, the compensation for the said materials being included in the sum herein specified as the contract price; and also to furnish at his own proper cost and charges all machinery, fixtures, structures, and tools of every kind needed or used in the same and without charge to the City. Said bridge to be built in accordance with the plan of the said bridge across the Canal on Calhoun Street with good solid foundations for the pier of the same to rest on, said work to be finished and fully completed on or before the first day of May A.D. 1866 but said time may be extended if necessary. All the work shall be executed in the best and most workmanlike manner and strictly in conformity with the plan of said Calhoun Street bridge, and under the superintendance of the City Civil Engineer and to his full satisfaction. Should the City Civil Engineer deem it proper or necessary in the execution of the work to make any alterations which shall increase the expense, such alterations shall not annul the contract or agreement hereby entered into, but the Engineer shall determine the value of the work so added, such value to be added to the contract price. It is hereby provided and agreed that in any event the said party of the first part shall be unable to proceed with the work in accordance with the requirements and conditions of this agreement that the said Common Council by its Civil Engineer shall have full right and authority to take the work out of the hands of the said party of the first part, and to employ other workmen to complete the unfinished work and to deduct the expense thereof from any money that may be due and owing to said party of the first part on account of the work.

And it is provided and agreed that the said party of the first part shall have the frame work, iron work and all appurtenances now in the bridge across the Canal at Barr St. to and for his own use and benefit and may use any of the iron work suitable in the new bridge.

And the said party of the first part covenants and agrees to perform all of said work under the immediate superintendance of the City Civil Engineer and to his entire satisfaction approval and acceptance; all material used and all labor performed shall be subject to the inspection and the approval or rejection

of said Engineer, and the said party of the second part hereby reserves to its Engineer the right finally to decide all questions arising as to the proper performance of said work. And it is understood and agreed that no claim whatever will be made by the said party of the first part for extra work or material or for a greater amount of compensations than is herein stipulated to be paid, unless some changes in or additions to said work, requiring additional outlay by said party of the first part shall first have been ordered in writing by said City Civil Engineer. The said party of the second part hereby covenants and agrees in consideration of the covenants and agreements in this contract specified, to be kept and performed by the said party of the first part when this contract shall be wholly carried out and completed, to pay to said party of the first part the sum of One Hundred and Eighty Seven dollars and ninety cents ($187.90/100) in corporation orders of said City with interest after the rate of six per cent per annum. It is further mutually agreed by the parties hereto that the said party of the first part will be held responsible for any damages the City may have to pay in consequence of the said party of the first part neglecting to use the necessary precautions to guard the public from liability to fall into said Canal, or from any accident happening to vehicles during the whole progress of the work or from any damage done to the Wabash and Erie Canal during the progress of said work.

In Testimony whereof the said party of the first part has hereto set his hand and seal and the City of Fort Wayne has caused the signatures of its Chairman of the Committee on Streets and Alleys and its City Civil Engineer to be hereto affixed the day and year first above written.

W. Waldan. (Seal)

H. Monning Chairman Com on Streets & Alleys.

W. S. Gilkison City Civil Engineer

Know All Men by these presents, That we W. Waldan Henry Monning & A. P. Edgerton of the County of Allen and State of Indiana are held and firmly bound to the Common Council of the City of Fort Wayne in the sum of Two Thousand Dollars the payment whereof well and truly to be made we bind ourselves, our heirs, Executors and Administrators firmly by these presents. The Conditions of the above obligation are such that if the above bound W. Waldan, Henry Monning & A. P. Edgerton shall faithfully comply with the foregoing contract made and entered into this Twenty First day of March 1866 with the Common Council of the City of Fort Wayne and fulfill all the conditions and stipulations therein contained according to the true intent and meaning thereof in all respects, then this obligation to be void otherwise to remain in full force and virtue in Law.

Minutes of last Council night as also of Special Call Sept 11. read approved and signed.

Councilman Edgerton from the Com on Rules Regulations and Ordinances in conjunction with the Mayor, City Attorney and City Engineer to which was referred an Ordinance for revising and consolidating the several Ordinances of the City of Fort Wayne reported that they have carefully considered the proposed Ordinances and have made sundry amendments thereto and now recommend it to the Council (for adoption as now arranged in Chapters and Sections, each subject matter in Alphabetical order, it will be found much more convenient for reference and use than in any other form. It is very desirable that immediate action be taken upon this subject, and the Committee hope that the Council will consider and pass the Ordinances with as little delay as possible.

A. P. Edgerton

Which report was concurred in unanimously.

Manning (1) + said Ordinance was ordered to be published once a week for two consecutive weeks in the Daily Democrat the official paper of the City.

Petition rec'd from Messrs Meyer Bro + Co for permission to build a wooden Warehouse or cellar for the Storage of Coal Oil, Benzine &c upon the piece of high and sandy ground lying on the East side of Calhoun St, opposite County Jail

Which petition was on motion granted.

Petition rec'd from the Trustees of the Eng Luth Church for a Gas Lamp Post in front of said Church. Which petition was granted and Com on Gas ordered to locate same.

Petition rec'd from Sol D. Bayless, Peter Kline and Dr Ayres representing 190 ft on North and South sides of Alley running from Clinton to Calhoun Sts between Wayne and Washington asking Council to [illegible] grade same and plank [illegible]

Nicol remonstrating the expenses proportionately on the property fronting said Alley on North and South sides of same.

Which Petition was referred to the Com on Streets and Alleys with instructions to report by Ordinance next Council night.

City Civil Engineer submitted following report.

To his Hon the Mayor and the Honorable the Common Council of the City of Fort Wayne.

By the last City Charter it is provided in Sec 24 "And such Engineer shall have exclusive jurisdiction to survey, determine, establish and perpetuate the lines and corners of all lots, blocks, parcels of land and subdivisions thereof within the limits of said City. He shall make a record of all such surveys as the County Surveyor is now required to do, and such records, or certified copies thereof shall be evidence in all the Courts of the State &c" This Section therefore requires the City Engineer to establish and perpetuate all corners &c and to make a record of the same as the County Surveyor is now required to do. This is a very difficult matter for the City Engineer to accomplish. The law by which County Surveyors are guided in their Surveys is an act of Congress, and the opinions of the Commissioner of the Department of the Interior, their rules are fixed, and numerous decisions have been made concerning the survey and boundaries of Sections and Townships. While the City Engineer is required to do all that the County Surveyors are obliged to do, yet he has no law, precedent or authority to guide him. For instance I have been called upon to survey a lot on Wayne St between Calhoun and Harrison Street. Upon actual measurement between the stone centres of these Streets, blocking them with the permanent buildings and improvements thereon I find the block between Calhoun and Harrison Street to be one foot and two inches too short. that is to say the recorded plats in Hannas Addition allows 6 lots 60 ft in width and an Alley 10 ft in width making in all 370 ft, while the actual measurement is only 368.95 In other blocks in the City I find from one to three feet surplus. Now what am I to do in these cases. The Streets and Alleys belonging to the City cannot be made narrower or wider the difference must be taken from or added to the lots, yet there is no law laid down to guide me, Some Attorneys that I have conversed with on the subject have one opinion and some another, but from no one can I get any definite answer, This being the case and as the stakes I set are permanent, unless the survey be appealed from I would respectfully suggest to your Hon body the propriety of referring the matter to some able Attorney and get his written opinion on the subject.

Numbers of the Aldermen and Citizens have called upon me for grades of Alleys the time being so short for people to grade their Alleys it is impossible for me to accomodate them without further help. I would respectfully ask permission to engage the County Surveyor to assist me for a month until the hurry is over.

All of which is respectfully submitted.

Common Council met pursuant to adjournment.

Present his Hon the Mayor in the Chair, and Councilmen Cody, Downey, Hagland, Kimball, Manning, Power, Underhill (7) Absent. Councilmen Edgerton, Reid Unger and Wadington (3)

On motion of Councilman Hagland the reading of the minutes was dispensed with.

Councilman Power offered the following Preamble and Resolutions

Whereas. By an afflicting dispensation of the Divine Ruler of the Universe our City has been called to mourn the loss of one of its noblest citizens in the sudden demise of the Hon Samuel Hanna who has resided here for more than forty years past. When he first located here he found Fort Wayne but an Indian trading post and by his own exertions contributed in an eminent degree to make this one of the first cities of the State, and it may be said that he was the main Architect of its present and prospective greatness, and it must and will feel his loss in the future. As years came steadily upon him his mind expanded, and his mental qualifications increased until he became one of the most eminent and effective business men in the West. He was a man of keen discrimination and of rare judgment which was biased by neither prejudice or passion.—To the public, to his family, to his friends, the loss is irreparable, yet leaves the melancholy consolation, that when so able, so good and so upright a man dies, the loss is not to him but those who survive him

Therefore be it

Resolved. That the Mayor and Common Council of the City of Fort Wayne have received with the deepest sensibility the announcement of the death of our great and good fellow citizen, the Hon Samuel Hanna.

Resolved. That as a mark of our respect and esteem to the memory of him we mourn that the Mayor, the Council and officers of the City attend in a body the funeral obsequies, and that the municipal offices be closed for business during the funeral.

Resolved. That to the Widow and family now borne down by the weight of this affliction, we tender our heartfelt sympathies and condolence together with the assurance that we share with them their sorrow and their tears.

Resolved. That these proceedings be spread upon the minutes of the Common Council, that a copy of same be furnished the daily papers of the City for publication, and the City Clerk be directed to transmit to the bereaved family a certified copy thereof and that the citizens in accordance with the proclamation of the Mayor be requested to close all places of business between the hours of two and four o'clock on to-morrow afternoon.

Resolved, That as a further mark of respect to the memory of the lamented dead the Council do now adjourn for one week.

Which Preamble and Resolutions on motion of Councilman Hoagland were adopted unanimously and on further motion

Council adjourned for one week.
